3D Graphics with XNA Game Studio 4.0 Sean James, 2010 This book is designed as a step-by-step tutorial that can be read through from beginning to end, with each chapter building on the last. Each section, however, can also be used as a reference for implementing various camera models, special effects, etc. The chapters are filled with illustrations, screenshots, and example code, and each chapter is based around the creation of one or more example projects. By the end of the first chapter you will have created the framework that is used and improved upon for the rest of the book, and by the end of the book you will have implemented dozens of special effects, camera types, lighting models and more using that framework. This book is mainly written for those who are familiar with object oriented programming and C# and who are interested in taking 3D graphics of their XNA games to the next level. This book will be useful as learning material for those who are new to graphics and for those who are looking to expand their toolset. Also, it can be used by game developers looking for an implementation guide or reference for effects or techniques they are already familiar with.

A Soprano on Her Head Eloise Ristad, 1982 Eloise Ristad deals here with complex problems which torment and cripple so many of our most creative and talented people, and she does so with compassion, wisdom, and wit. The problem of stage fright, for instance, is a suffering of epidemic proportions in our society, and involves modalities of thought and projections that rob spontaneity and enthusiasm in artistic performance. Those interested in creative education have long felt that an entirely new, holistic and nurturing process of allowing individuals to discover and express themselves is needed if our educational system is to avoid the neuroses and creative blocks of the past generation. This book illuminates through its conversational style the destructive inhibitions, fears, and guilt experienced by all of us as we fail to break through to creativity. This story is told to me day after day in conservatories and college campuses around the world. Indeed I felt at times that she was telling of my own most petty and debilitating fears. But what is important, *A Soprano on Her Head* supplies answers and methods for overcoming these universal psychological blocks-- methods that have not only been proven in her own studio, but which trace back through history to the oldest and wisest systems of understanding the integration of mind and body. The work bears scrutiny both scientifically and holistically. - Foreword.

One Night in a Dungeon Samantha Cayto, 2012-05-07 It takes a strong man to submit to another's control, and a good Dom wields his power with care. Captain Drew Atkins, a battle-hardened warrior, is ready for the ultimate test of his strength and courage - submitting himself to another man's control. Luc DuBois is the consummate Dom, the perfect man to initiate Drew in the twin delights of pleasure and pain. One night in a dungeon taxes them both. Drew isn't sure he can yield up control or take the pain his body craves. The allure of this new submissive drives Luc to the edge of his control. Luc introduces Drew to the awesome effects of pain and the bliss of leaving the decisions up to someone else. The tension of Drew's career washes away with each stroke of the flogger. He is more than willing to give Luc whatever he demands. Luc admires Drew's strength, is humbled by his trust and takes only what he knows the other man can give. As he plays with the soldier's body, Luc also knows one night will not be enough.

**The Sharpe End of Things** Deborah Cassidy,Charles Hyland,2010 The Sharpe End of Things is a 'must read' for anyone who has ever attempted to research their family history or find missing relatives. The powerfully emotional story of siblings separated at birth and reunited decades later is portrayed in this unforgettable true account, spanning seventy years and sixteen-thousand miles. Born in England and Wales during the turbulence of WW2, Chas and Christine Hyland are deserted by their mother Ada shortly after birth and raised separately, neither aware of the other's existence. Chas' colourfully Catholic upbringing amidst the bombed-out ruins of Liverpool is beautifully depicted with a typical Liverpoolian wit. The path of life is kind to Chas, blessing him with a happy marriage and eventual retirement in Cyprus. Life deals Christine a different hand. Poignantly recounted through the eyes of her daughter Deborah, Christine's childhood in Llandudno, North Wales is filled with loneliness and rejection. Her marriage to a hopeless alcoholic and migration to Australia only increases the emptiness within her. Through Deborah's dogged determination, Chas and Christine are united for the first time, almost seventy years after their births. But the story takes an unexpected turn; a genuine case of be careful what you wish for when the jigsaw pieces of Ada's life are gradually linked together, revealing a mesmerising and moving story that will touch the soul and tug at the heartstrings of every reader.

As the doorkeeper holds that doors key, He challenges her to go into her darkness and bring it to light. She takes the challenge, and plunges into the unknown to reach the cruel test of paradise. Yearning for her Golden fields, she realizes, that first, she must face the soul of death. In her own womb, she nests, thinking that she is in her Coffin. Surrendering now to her fate, finally, hears that stillness sound. In peace, she awakens and in humble grace, knowing now, that no true victory is without a noble destination. She finally understands that in her perfect faith, and in believing in the incredible, she was able to reach what is called the impossible. As she breathes life, and lets the blood flood into her face, that sinner becomes a saint and walks through the gate of the enchanted new Beginning. Proving that when a man is willing and eager, God joins in.
