The Pan-american Dream Lawrence E. Harrison,2018-02-02 The initiative of Presidents George Bush and Bill Clinton to forge a Western Hemisphere community has been staggered by Mexico's economic and political crisis. Is this latest grand design for the hemisphere destined to follow John Kennedy's Alliance for Progress and Franklin Roosevelt's Good Neighbor Policy into the cemetery of frustrated Pan-American dreams? The United States and Canada are prosperous first-world countries with centuries-old democratic institutions; Latin America's countries are poor and, in most cases, experimenting with democratic capitalism for the first time. Can a coherent, durable community like the European Union be constructed with building blocks so different?Why are the United States and Canada so much more prosperous, so much more democratic than is Latin America? Why has it taken so long for Latin America to conclude that democratic capitalism and good relations with the United States are in its best interest? And what might be done to enhance the prospects for a dynamic community in the Western Hemisphere?These are the questions Lawrence Harrison addresses in *The Pan-American Dream*. Central to the contrasts between Latin America and the United States and Canada are the fundamental differences between the Ibero-Catholic and Anglo-Protestant cultures, reflected in contrasting views of work, education, merit, community, ethics, and authority, among others. But, as he stresses, cultural values and attitudes change, and Pan-Americanism can be more than a dream.A Pan-American community depends on shared values and institutions, as the community now embracing the United States and Canada demonstrates. Experiments with democracy and the free market in Latin America will help strengthen the values that lie behind the success of the United States and Canada, Western Europe, and East Asia. But if Latin America's political and intellectual leaders do not confront the traditional values and attitudes largely responsible for the region's underdevelopment?with sweeping reforms in education and child-rearing practices, for example?realization of the Pan-American dream will be painfully slow and uncertain.

Tribal Development Report Mihir Shah,P.S. Vijayshankar,Bharat Rural Livelihoods Foundation,2022-09-30 This book sheds light on the status of tribal communities in Central India with respect to livelihoods, agriculture, natural resources, economy, and migration. Written by noted academics, thematic experts, and activists, this first-of-its-kind report by the Bharat Rural Livelihoods Foundation brings together case studies, archival research, and exhaustive data on key facets of the lives of Adivasis, the various programs meant for their development, and the policy and systems challenges, to build a better understanding of the Adivasi predicament. This volume, Provides a broad overview of the contemporary macro-economic situation of Adivasi communities, with a special focus on the challenges of agriculture, land, energy, and water use, especially groundwater; Highlights the need to move into a new paradigm of agro-ecology based, nature-positive farming, and sustainable water use, driven by local institutions; Examines the neglect faced by tribal areas in the development of infrastructure in various dimensions, from irrigation to energy; Shares insights on the invisibility of tribal voices in the policy processes, and how political empowerment will enable socio-economic changes for the Adivasis at grassroot levels; Discusses the Adivasi informal sector and the state of migrant workers, whose plight drew national attention during the recent Covid pandemic. Companion to *Tribal Development Report: Human Development and Governance*, this book will be of great interest to scholars and researchers of indigenous studies, development studies, and South Asian studies.

Combating Corruption in The Multilateral Development Banks [Part 3], S. Hrg. 108-734, September 28, 2004, 108-2 Hearing, * ,2006

The China Dream Joe Studwell,2003 Examines the many attempts to capitalize on the last big market in the world stretching back seven hundred years and includes an analysis of the present unprecedented expansion.

Dream Car Dimitry Anastakis,2024-03-26 *Dream Car* tells the story of entrepreneur Malcolm Bricklin's fantastical 1970s-era Safety Vehicle-1 (SV1), audaciously launched during a tumultuous breakpoint in postwar history. The tale of the sexy-yet-safe SV1 reveals the influence of automobiles on ideas about the future, technology, entrepreneurship, risk, safety, showmanship, politics, sex, gender, business, and the state, as well as the history of the auto industry's birth, decline, and rebirth. Written as an "open road," the book invites readers to travel a narrative arc that unfolds chronologically and thematically. *Dream Car's* seven chapters have been structured so that they can be read in any order, determined by whichever theme each reader finds most interesting. The book also includes a musical playlist of car songs from the era and songs about the SV1 itself.

Report on the Development of Cruise Industry in China (2021) Hong Wang,Xinliang Ye,Jianyong Shi,Weihsang Zheng,Ling Qiu,Guojian Zhu,2023-05-29 This book is an annual research report on the cruise industry in China and throughout the world in 2021, contributed by Shanghai University of Engineering and Technology and Shanghai International Cruise Economic Research Center. This volume consists of four parts to discuss general and special topics on global and China's cruise industry covering respond to COVID-19, cruise tourism market, public health emergency mechanism. It offers an all-rounded perspective and a strong foresight, as well as systematic studies on China's cruise industry in the context of routine COVID-19 control and the new dual circulation development pattern. And as 2021 marks the beginning of the 14th FYP period when various plans for the cruise industry were rolled out to chart the course and strategic paths toward development for the cruise industry, it focuses also on developments in China's cruise industry.

Gary/Chicago International Airport, Master Plan Development Including Runway Safety Area Enhancement/extension of Runway 12-30, and Other Improvements ,2004

American Dream Dying Peter D. McClelland,Peter Tobin,2009-12-15 Using recent polling results, this book identifies the core economic components of the American Dream: standard of living, financial security, and upward mobility. The authors document the trend in each of these components over the last thirty years, using figures (trend lines and bar charts) based upon the best available data. Collectively, this evidence has alarming implications for the economic fate of those at the bottom of the nation's income distribution. For that group, as the authors show, the American Dream is dying.

ICICKM2010-Proceedings of the 7th International Conference on Intellectual Capital, knowledge Management and Organisational Learning Eric Tsui,

The Handbook of Development Communication and Social Change Karin Gwinn Wilkins,Thomas Tufte,Rafael Obregon,2014-01-22 This valuable resource offers a wealth of practical and conceptual guidance to all those engaged in struggles for social justice around the world. It explains in accessible language and painstaking detail how to deploy and to understand the tools of media and communication in advancing the goals of social, cultural, and political change. A stand-out reference on a vital topic of primary international concern, with a rising profile in communications and media research programs Multinational editorial team and global contributors Covers the history of the field as well as integrating and reconceptualising its diverse perspectives and approaches Provides a fully formed framework of understanding and identifies likely future developments Features a wealth of insights into the critical role of digital media in development communication and social change

Housing, Community Development, and Mass Transportation Authorizations--1986 United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on Housing and Urban Affairs,1985

Handbook of Neurochemistry and Molecular Neurobiology Katsuhiko Mikoshiba,Abel Lajtha,2009-05-18 This volume of the Handbook of Neurochemistry and Molecular Biology focuses on molecular events involved in synapse formation, synaptic plasticity and ongoing neural activity. The volume explores axonal growth cones, synapse development, and mechanisms of LTP and LTD, and calcium dynamics. Particular attention is given to function and trafficking of membrane proteins including various ion channels, aquaporins, gap junctions.

International Economic Development Tony Fu-Lai Yu,Yuen Wai-Kee,Diana S. Kwan,2014-03-14 Written by experts in their respective areas, this book is an excellent review of theories, policies and empirical evidences on important topics in global economic development. The book is both a superb teaching tool and a valuable handbook in development economics. The volume compiled 13 articles on contemporary issues influencing the world development. The book covers issues ranging from global financial crisis, the rise of China and the world economic order, multinational corporations, sweat factories and social responsibilities to Japan's nuclear meltdown and sustainable development. The book highlights the impacts of globalization on human well-being and examines the relationship between developed and developing economies in the global perspective. With cases and box illustration, this book is an essential reader for undergraduate students in economic development, international development and development economics. It is also a great reference for more advanced students, as well as a very useful guide to policymakers and practitioners interested in recent advances in global development.

Ubiquitous Technologies for Human Development and Knowledge Management Rahman, Hakikur,2021-04-23 In recent decades, digital technologies have permeated daily routines, whether at school, at work, or during personal engagements. Stakeholders in education are promoting innovative pedagogical practices, the business sector is utilizing updated processes. Even the public is improving their lifestyles by utilizing innovative technology. In a knowledge construction setting, technology becomes a tool to assist the user to access information, communicate information, and collaborate with others towards human development and knowledge management. In this context, ubiquitous computing has emerged to support humans in their daily life activities in a personal, unattended, and remote manner. Ubiquitous Technologies for Human Development and Knowledge Management serves as an authoritative reference source for the latest scholarly research on the widespread incorporation of technological innovations around the globe. It examines how the application of ubiquitous computing technologies affects various aspects of human lives, specifically in human development and knowledge management. The chapters demonstrate how these ubiquitous technologies, networks, and associated systems have proliferated and have woven themselves into the very framework of everyday life. It covers categorized investigations ranging from e-governance, knowledge management, ICTs, public services, innovation, and ethics. This book is essential for ICT specialists, technologists, teachers, instructional designers, practitioners, researchers, academicians, and students interested in the latest technologies and how they are impacting human development and knowledge management across different disciplines.
