**The Manager's Guide to Web Application Security** Ron Lepofsky, 2014-12-26 The Manager's Guide to Web Application Security is a concise, information-packed guide to application security risks every organization faces, written in plain language, with guidance on how to deal with those issues quickly and effectively. Often, security vulnerabilities are difficult to understand and quantify because they are the result of intricate programming deficiencies and highly technical issues. Author and noted industry expert Ron Lepofsky breaks down the technical barrier and identifies many real-world examples of security vulnerabilities commonly found by IT security auditors, translates them into business risks with identifiable consequences, and provides practical guidance about mitigating them. The Manager's Guide to Web Application Security describes how to fix and prevent these vulnerabilities in easy-to-understand discussions of vulnerability classes and their remediation. For easy reference, the

information is also presented schematically in Excel spreadsheets available to readers for free download from the publisher's digital annex. The book is current, concise, and to the point—which is to help managers cut through the technical jargon and make the business decisions required to find, fix, and prevent serious vulnerabilities.

*Purple Cow* Seth Godin, 2005-01-27 You're either a Purple Cow or you're not. You're either remarkable or invisible. Make your choice. What do Apple, Starbucks, Dyson and Pret a Manger have in common? How do they achieve spectacular growth, leaving behind former tried-and-true brands to gasp their last? The old checklist of P's used by marketers - Pricing, Promotion, Publicity - aren't working anymore. The golden age of advertising is over. It's time to add a new P - the Purple Cow. Purple Cow describes something phenomenal, something counterintuitive and exciting and flat-out unbelievable. In his new bestseller, Seth Godin urges you to put a Purple Cow into everything you build, and everything you do, to create something truly noticeable. It's a manifesto for anyone who wants to help create products and services that are worth marketing in the first place.

*Twelve Years a Slave* Solomon Northup, 2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an

American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Tribes** Seth Godin, 2008-10-16 The New York Times, BusinessWeek, and Wall Street Journal Bestseller that redefined what it means to be a leader. Since it was first published almost a decade ago, Seth Godin's visionary book has helped tens of thousands of leaders turn a scattering of followers into a loyal tribe. If you need to rally fellow employees, customers, investors, believers, hobbyists, or readers around an idea, this book will demystify the process. It's human nature to seek out tribes, be they religious, ethnic, economic, political, or even musical (think of the Deadheads). Now the Internet has eliminated the barriers of geography, cost, and time. Social media gives anyone who wants to make a difference the tools to do so. With his signature wit and storytelling flair, Godin presents the three steps to building a tribe: the desire to change things, the ability to connect a tribe, and the willingness to lead. If you think leadership is for other people, think again—leaders come in surprising packages. Consider Joel Spolsky and his international tribe of scary-smart software engineers. Or Gary Vaynerhuck, a wine expert with a devoted following of enthusiasts. Chris Sharma led a tribe of rock climbers up impossible cliff faces, while Mich Mathews, a VP at Microsoft, ran her internal tribe of marketers from her cube in Seattle. Tribes will make you think—really think—about the opportunities to mobilize

an audience that are already at your fingertips. It's not easy, but it's easier than you think.

**The Dip** Seth Godin, 2007-05-10 A New York Times, USA Today, and Wall Street Journal bestseller In this iconic bestseller, popular business blogger and bestselling author Seth Godin proves that winners are really just the best quitters. Godin shows that winners quit fast, quit often, and quit without guilt—until they commit to beating the right Dip. Every new project (or job, or hobby, or company) starts out fun...then gets really hard, and not much fun at all. You might be in a Dip—a temporary setback that will get better if you keep pushing. But maybe it's really a Cul-de-Sac—a total dead end. What really sets superstars apart is the ability to tell the two apart. Winners seek out the Dip. They realize

that the bigger the barrier, the bigger the reward for getting past it. If you can beat the Dip to be the best, you'll earn profits, glory, and long-term security. Whether you're an intern or a CEO, this fun little book will help you figure out if you're in a Dip that's worthy of your time, effort, and talents. The old saying is wrong—winners do quit, and quitters do win.

Shadow Planet William Shatner, 2003-11-25 The scum of the galaxy are the last hope of humankind . . . Aboard the stolen, renamed starship Endeavor, the Stone Cowboys rocket across the heavens toward a confrontation they cannot avoid . . . and, most likely, will not survive. But first, Jim Endicott must mold the street-hardened gang of thugs and hoodlums into a disciplined commando unit. Once harboring dreams of joining the Space Academy, Endicott has already altered one past using the astonishing powers of Omega. And now the untried captain and his misfit crew must take on a powerful alien race devoted to the obliteration of the human cancer. With tension, unrest, and mutiny brewing dangerously all around him, Endicott faces the deadliest challenge he has ever known. Because the cutthroats riding the Endeavor into the enemy's turf for a war to the death are the only champions courageous -- and foolhardy -- enough for the mission. And they have nothing in the universe left to lose . . .
