What Jeff Walker teaches in LAUNCH is vital for modern marketing success. You don't need more tactics or tools; you need smart strategy, and that's exactly what this book delivers. -- Marie Forleo, #1 New York Times best-selling author of Everything Is Figureoutable The revised and updated edition of the #1 New York Times bestseller Launch will build your business--fast. Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

Secrets of Seduction: The Powerful Influence of Behavioral Psychology Applied to Seduction and Persuasion Paulo Roberto de Sá Araújo,2021-10-02 Recent surveys reveal that about 84% of men feel insecure in flirting situations: whether due to lack of courage, fear of judgment, feeling intimidated by the beauty of women, not knowing what to say or even because of an ingrained shyness. This is because these men do not understand the psychological aspects and mental triggers that are behind any human interaction. In my teens, I was very shy and embarrassed to talk to women who piqued my interest, until I discovered that seduction and conquest skills could be learned and I could really become a skilled seducer if I learned the right techniques. After studying human behavior a lot and even graduating from courses on influence and persuasion, I became an expert in communication and finally understood how some men conquer women so easily, as if they were true magnets and attracted them to themselves with very little effort. Thinking about helping other men to overcome these difficulties I wrote the book “Secrets of Seduction”, where I teach all the powerful techniques of influence, persuasion, NLP and seduction that really changed my life. I literally reveal all the secrets you've never been told about relating to women. In it, I teach practical strategies from basic to advanced to overcome any mental block, gain self-confidence, interpret signals of interest and, just by looking, know exactly who are the women who are interested in you. I also approach the best communication techniques with an almost hypnotic power to create connections, which helped me not only in the seduction aspect but also in several areas of my life. I hope this book adds the same value to you as it did to me.

Overdeliver Brian Kurtz,2019-04-09 Brian Kurtz is the bridge connecting the bedrock fundamentals of direct response marketing to the state-of-the-art strategies, tactics, and channels of today. Overdeliver distills his expertise from working in the trenches over almost four decades to help readers build a business that maximizes both revenue and relationships. Marketing isn't everything, according to Brian Kurtz. It's the only thing. If you have a vision or a mission in life, why not share it with millions instead of dozens? And while you are sharing it with as many people as possible and creating maximum impact, why not measure everything and make all of your marketing accountable? That's what this book is all about. In the world of direct marketing, Brian Kurtz has seen it all and done it all over almost four decades. And he lives by the philosophy, Those who did it have a responsibility to teach it. Here's a small sample of what you'll learn: • The 4 Pillars of Being Extraordinary • The 5 Principles of why Original Source matters • The 7 Characteristics that are present in every world class copywriter • Multiple ways to track the metrics that matter in every campaign and every medium, online and offline • Why customer service and fulfillment are marketing functions • That the most important capital you own has nothing to do with money • And much more Whether you're new to marketing or a seasoned pro, this book gives you a crystal-clear road map to grow your business, make more money, maximize your impact in your market, and love what you're doing while you're doing it. Kurtz takes you inside the craft to help you use all the tools at your disposal--from the intricate relationship between lists, offers, and copy, to continuity and creating lifetime value, to the critical importance of multichannel marketing and more--so you can succeed wildly, exceed all your expectations, and overdeliver every time.

The People Part Annie Hyman Pratt,2023-11-28 In the spirit of The One Thing and Start with Why, this guide provides the missing link for entrepreneurs to generate fast, sustainable growth, get out of the weeds, and build their A-teams from the inside out. “The People Part . . . starts with the first principles that most every other leadership book glosses over. This is a nutrient-dense book that will show you how to build a responsive and productive team.” — Jeff Walker, #1 New York Times best-selling author of Launch Success in business today means responding to change at an ever-increasing pace—due to factors such as competition, evolving technology, and increasing client expectations. Delivering more value with fewer resources is the name of the game. But even when a business is winning, the leaders and teams playing the game often feel like they are losing—plagued by overwhelm and burnout. Most business books try to address this problem with systems, structures, and values. What’s missing? The “People Part”—the often-misunderstood area of a business where leaders and team members do the actual thinking, interacting, and performing together. Drawing on Annie’s 30 years of working with humans in business, this dynamic and engaging book—available in paperback for the first time—outlines seven easy-to-implement agreements to build a high-performance team. You’ll learn how to: Lead in a way that supports others to perform at their best, by strengthening your own Self-Leadership Generate a leadership reputation where the best A Players seek to work with you, and stay for the long term Create psychological safety—the environment that empowers team members to collaborate at the highest levels Develop leaders and team members to take on responsibilities with the same commitment level as the owners Supercharge your team productivity If you’re an entrepreneur just starting out . . . a CEO trying to get out of the weeds to work “on” rather than “in” your business . . . a leader needing a breakthrough for yourself and your team . . . or a team member wanting to make your best contribution yet . . . then The People Part is for you.

La Guerra de La Productividad Davi Arbelo, 2022-11-21 Conviértase en un escritor más productivo y escriba más de un libro al mes Ser un escritor altamente productivo es posible para cualquiera. Lo digo, porque cerré el año 2021, con 30 títulos escritos, casi no lo podía creer. Esto no es un truco de productividad, es una experiencia de productividad elevada. Hablando honestamente, si fueran cinco años, tres años, dos años, ¡no lo creería! Abre tu mente, ojos y oídos a la siguiente declaración. Si estás de pie, siéntate, si estás sentado, levántate. Puedes ser más productivo, hasta el punto de escribir más de un libro al mes. Lo sé, y te entiendo, porque he visto muchos videos sobre productividad, técnicas sofisticadas para formar nuevos hábitos, el truco de la productividad infinita y ningún resultado. Bueno, entiendo que la mayoría de las técnicas no generaron resultados por mi culpa, cada una tiene su valor, sin embargo, están incompletas. Debes estar preguntándote, ¿a qué te refieres con David incompleto? Hay un dicho africano que me gusta mucho, menciona que: “Si no tienes enemigos internos, los enemigos externos no pueden vencerte”. Su problema, la mayoría de las veces, no son los malos hábitos, por lo que muchas de estas técnicas no pueden ayudar a todos. Recuerdo una vez que abrí Google para buscar productividad para escritores, busqué algunos temas, como: ¿Cómo ser más productivo en los estudios? ¿Cómo ser más productivo en el trabajo? ¿Cómo ser más productivo en la vida cotidiana? ¿Cómo ser más productivo? ¿Cómo ser productivo y efectivo? ¿Cómo ser más productivo y tener tiempo? ¿Cuáles son los mejores trucos de productividad? Incluso tomé un curso llamado: productividad personal en la era digital de la fundación María la Real del Patrimonio Histórico en 2018. Además de haber leído ya libros como: el poder del hábito y los hábitos atómicos, es decir, información que tenía, entonces, ¿qué faltaba para desempeñarme en una actividad específica como escribir? Estimados lectores, ¡sorprendas! Bueno, cuando entendí lo que faltaba, comencé a escribir un libro al mes, inclusive, terminé el año 2021, con exactamente treinta títulos escritos. Sí, eso es exactamente lo que escuchaste, terminé el año con treinta títulos escritos. Y todo ello en régimen de media jornada, ya que sigo teniendo una actividad principal. Desafortunadamente, hay mucho trabajo por hacer, pero por suerte tengo una base de títulos para publicar cuando quiera. Así que si quieres ser más productivo, como yo, este libro es para ti.
