Fan T C

The Fanfiction Reader Francesca Coppa,2017-03-02 Written originally as a fanfiction for the series Twilight, the popularity of Fifty Shades of Grey has made obvious what was always clear to fans and literary scholars alike: that it is an essential human activity to read and retell epic stories of famous heroic characters. The Fanfiction Reader showcases the extent to which the archetypal storytelling exemplified by fanfiction has continuities with older forms: the communal tale-telling cultures of the past and the remix cultures of the present have much in common. Short stories that draw on franchises such as Star Trek, Star Wars, Doctor Who, James Bond, and others are accompanied by short contextual and analytical essays wherein Coppa treats fanfiction—a genre primarily written by women and minorities—as a rich literary tradition in which non-mainstream themes and values can thrive.

Sir Ivan's Train Fan T C,2020-03-07 Sir Ivan's Train is the story of two orphaned sisters. After taking a trip aboard a magical train and getting dropped off in a strange world far different from Earth, Katrina and Charlotte find themselves wielding incredible new powers—they have become shape-changers. But with this power comes a fearful future prospect: war is bearing down upon the known lands, and they may be the only ones strong enough to stop it. You and your sister have the power to change your fate. Go east. Slay the dragon. The witch's prophecy reveals an evil tyrant is the dragon. As Katrina and Charlotte fight alongside their new friends, one man stands in their path to freedom. He is no ordinary mortal, but a wizard, and his power far exceeds anything either of them could imagine. Facing him in battle may very well cost them their lives, but running away would mean certain destruction to a world they have come to call home.
