Across the Beatles' Universe Fabio RICCI, 2014-12 Non è l'ennesima biografia e neanche una paludata analisi tecnico-musicale: è piuttosto l'omaggio di un fan, a metà tra l'affettuosa recensione, sull'onda dei ricordi e senza troppa nostalgia. Quella è destinata alle cose che non ci sono più, mentre le canzoni dei Beatles dureranno in eterno. L'autore: Fabio Ricci, romano, è un consulente in Direzione del Personale con le passioni della scrittura, dei cani e della musica. In questo suo quinto libro, i cani non c'entrano per niente.

Asia-Pacific roadmap for primary forest conservation Laumonier, Y., Azzu, N., Azdan, G., Narulita, S., Khikmah, F., Meybeck, A., Pingault, N., Gitz, V., 2022-08-12 The purpose of the roadmap is to delineate and inform the process by which decision makers and actors can evaluate the status, diversity and trends of primary forests in the region, identify priority areas for primary forest conservation, assess the threats they face, and explore possible ways to address them. This report suggests a practical process in four steps, through which the recommendations can be articulated at different scales (from regional to local) and adapted to the specific context, priorities and needs of various forest types, countries and categories of actors.

Slab City Blues Anthony Ryan, 2019-01-29 Gangs, killers, and vampires. One war-torn detective is the only hope of survival for a crime-ridden orbiting city... Blade Runner meets Se7en in this gritty five-story collection from New York Times and USA Today Bestselling author Anthony Ryan. Alex McLeod paid dearly during the war for independence from Earth. It left the detective disfigured, jaded, and alone. In the aftermath of victory, Alex seethes as criminal factions and cold-blooded killers clash over control of the newly-liberated confederation. In his crusade for justice in the free states, he's willing to break more than a few rules along the way... The only home Alex knows is the slums of Slab, an orbiting city teeming with lowlifes, back-stabbers, and gene-spliced monstrosities. From the grimy streets of his city to the lawless Asteroid Belt, Alex goes toe-to-toe with a sharp-clawed vigilante, a mythical serial killer, and a gorgeous vampire with an ominous message. His quest won't end until his homeland earns the freedom it was promised... But even Alex may not be able to stop the impending Reckoning and a voyage to the one place he swore he'd never return: Earth... Slab City Blues: The Collected Stories contains four exciting novellas and one sensational novel set in a world of hard-boiled sci-fi and cyberpunk. If you like hard-nosed detectives, futuristic planets, and pulse-pounding action, then you'll love Anthony Ryan's world of vampires, werewolves, and space.

Business services in support of farm enterprise development: a review of relevant experiences Kahan, D.G.,2007 This Occasional Paper presents the study findings of approaches to the design and delivery of business services to farmers and rural entrepreneurs. Interventions aimed at business service provision and designed and developed by donors have commonly been termed Business Development Services (BDS). BDS has largely focused on reducing poverty by raising the incomes of farmers and rural entrepreneurs. The term business services, refers to the range of non financial services provided to micro and small enterprises (MSEs) at various stages in their development. They embody a market development approach to the provision of support services¹. This Occasional Paper presents findings from a study conducted on approaches to the design and delivery of business services to farmers and rural entrepreneurs. The paper is based upon an extensive literature review of BDS and other business-related service interventions, supported by selected case studies in Asia and Africa. Business services are aimed at assisting farmers and rural entrepreneurs to overcome internal and external constraints to their farm business start-up, development and performance. Contained within the broad concept are such activities as group training, individual counselling, advice, the development of new commercial entities, technology development and transfer, information provision, business links and policy advocacy.

The Vivaldi Compendium Michael Talbot,2011 The Vivaldi Compendium will serve as the most reliable and up-to-date source of quick reference on the composer Antonio Vivaldi and his music. This takes the form of a dictionary listing persons, places, musical works and many other topics connected with Vivaldi; its alphabetically arranged entries are copiously cross-referenced so as to guide the reader towards related topics. The

Vivaldi Compendium also provides a gateway to further reading. This is achieved via an extensive bibliography, to which reference is made in most of the dictionary entries. These two sections are complemented by an article-length biography of the composer and a carefully organized list of his works. Knowledge about Vivaldi and his music is still advancing at an incredible rate - many discoveries occurred while the book was in preparation - and every effort has been made to ensure that The Vivaldi Compendium represents the latest in Vivaldi research, drawing on the author's close involvement with Vivaldi and Venetian music over four decades. MICHAEL TALBOT is Emeritus Professor of Music at the University of Liverpool and a Fellow of the British Academy. He is known internationally for his studies of late-baroque Italian music, which include recent books on Vivaldi's chamber cantatas (2003) and the same composer's fugal writing (2007).
