ISO HOME-MAKERS - KEEPING FAMI-LIVES WIRED Surjit Singh, 2021-06-15 I want to humbly invite you to read this concise and captivating book with vital pointers on significant LIFE CHANGING and MODERN SUSTAINABLE DIFFERENCE. HOMEMAKERS and HOUSEWIVES have been relentlessly making to their families and their IMMEDIATE SURROUNDINGS. These select women securely nurtured their mental wiring. Most of them believed in No Complaints and No Excuses. They fire-forged Core Skill of turning negative into positive. HI ALL, This is a slightly different odyssey, formulated to recognize the women who contribute huge into our lives daily but get less in return. They are typical unsung legends who focus on classy deliverables and care none for rooftop tune belting routines. It speaks of the core-values, original and indescribable contributions they unknowingly continue to add to the Universe. Before missing out to add, not constraining it to housewives, these women were/are either a mother, a sister, a guardian, respected gems alias grandparents, or a guest who came over for short stay, delivered goods proportionate to be remembered through innumerable periods and ages to be carried on. THEIR UMNATCHABLE BEING CALLS FOR HABITUAL CELEBRATION.

Min Fami Ghaida Moussa, Ghadeer Malek, 2014 Literary Nonfiction. Women's Studies. Middle Eastern Studies. MIN FAMI: ARAB FEMINIST REFLECTIONS ON IDENTITY, SPACE, AND RESISTANCE is an anthology that cradles the thoughts of Arab feminists, articulated through personal critical narratives, academic essays, poetry, short stories, and visual art. It is a meeting space where discussions on home(land), exile, feminism, borders, gender and sexual identity, solidarity, language, creative resistance, and (de) colonization are shared, confronted, and subverted. In a world that has increasingly found monolithic and one-dimensional ways of representing Arab womyn, this anthology comes as an alternate space in which we connect on the basis of our shared identities, despite physical, theoretical, and metaphorical distances, to celebrate our multiple voices, honour our ancestry, and build community on our own terms, and in our own voices.

Step Into the Light: Transforming the Transgenerational Trauma of Your Fami Patricia Kathleen Robertson, 2019-03-15 Step Into The Light is the third in a series of books called Transforming the Transgenerational Trauma of Your Family Tree. Step Into The Light reflects on ways to recognize transgenerational trauma and body focused systemic ways to transform and heal it, so that it doesn't have to pass down to your children and grandchildren. This book provides hope for anyone frustrated with a lack of answers for their symptoms, conditions and repetitive life challenges. Do you experience unexplainable fears; ungrounded feelings of grief, anger or shame; addictions; relationship challenges; anxiety or depression; burnout or chronic health conditions? These are some of the ways that descendants carry transgenerational trauma for their parents, grandparents and ancestors. If you repeatedly explore different medical treatments, therapies or alternative healing techniques, yet remain stuck in life in some way; there is a strong likelihood that you are entangled with someone or something in your family system that is emotionally unresolved. My family system had plenty of transgenerational trauma to address and yours might too. War, immigration, displacement, family tragedy, birth trauma, adoption, exclusion or religious persecution are transgenerational trauma experiences that may transmit from generation to generation. If you know little about your ancestors, then the transgenerational trauma has been silenced. Silence is a profound carrier of transgenerational trauma, with family secrets or traumatizing experiences taking on lives of their own. This trauma lives on in the unconscious body of family members waiting to be addressed, becoming more powerful with each generation of silence. This book covers an array of transgenerational trauma topics, including many that are often rendered taboo by families and societies. It engages with the insight that is found through systemic and family constellations, emphasizing the need for energetic body focused systemic healing approaches.

A World With You And Me Louise May L. Fami, 2013-07-16 To describe life's wonderful imperfection, I wrote this book as if I'm just writing a simple and ordinary letter using a pen and paper. I imagine writing without any spell check or grammar check on. I wrote the book A World With You And Me because my dream is to be a part of a ministry. My goal is to write letters most especially for those people who didn't know how to express their thoughts in a hope that I will be able to help them say what they need to say like how some people encourage me to express myself. I wrote the letters using my simple writing style. Just imagine that my book is a huge mailbox with a lot of letters in it. I used the concept of writing letters because I believe that simple words of encouragement is a way to touch everyone's hearts. Writing this book is like a long journey. I shared everything that I've learned from this life since I was young until I became an adult. I wrote everything that I learned from the news, on tv, on the radio, in school, while traveling and everything that I've learn from my family, friends, from my influences, from different artist and even from strangers. In my letters to God, I talked to him about what happened to the world, when the problems of the world started, and the reasons why the world is always giving him the blame whenever bad things happen in their lives. In my letters to the world, I wrote letters for all of you and believe it or not?? Even for myself. I propose a happy change. It is composed of my little suggestion or solution to the problems of the world and my ideas to create change. I wrote a letter to parents, fishermen, illegal loggers, abled and disabled people, drivers, doctors, lawyers, young adults, broken and happy families, lovers, friends, and all people who are seeking an inspiration and reason for living. In the conclusion of the book, I wrote an advance thank-you letter to God and imagined that the world heard me out and granted my proposed happy change. I also wrote this book for people who are a part of a ministry, teachers, writers, artist and all those people who might grant my request to reach out to many people and start a project like what is written in the book. I wrote simple suggestions like for writers, writing a beautiful story on how to solve a math problem for those students who are having a hard time in school. For musicians, asking them to write more songs to make

relationships work instead of breaking up. I also wrote a letter asking people to make a car for visually impaired people like me and a lot more! The book is a piece of enlightenment so the reader is not only drawn into the purpose why it was written but to the idea of considering making a happy change to their own lives.

Spending of Middle-Income Families Emily H. Huntington,2022-04-29 Most previous investigations of family expenditures have dealt either with families of wage earners or with all families without differentiation. This Heller Committee study centers on white-collar families in which the chief breadwinners were employed in salaried occupations with earnings between \$4800 and \$7500--a group about whose spending habits little has previously been known. The author analyzes the expenditures of 159 San Francisco Bay Area families. The reader will find not only the sums spent for each general category of expenditure but also the kinds of goods purchased; for example, information is included on ownership and rental of homes, purchase of new and second-hand automobiles, and types of household equipment purchased. Similar details will be found for each category of expenditure, and for the use of installment purchasing. In addition, non-consumption expenditures, mainly provisions for insurance and retirement, are set forth in considerable detail. The study also includes a comparison of the economic behavior of these middle-income families with that revealed in a 1950 Bureau of Labor Statistics Bay Area survey of families with lower incomes. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact.
