North Carolina Reports North Carolina. Supreme Court,1886 Cases argued and determined in the Supreme Court of North Carolina.

Memoirs of the principal events in the campaigns of north Holland and Egypt [&c.]. Francis Maule,1816

Fools of Fortune; or, Gambling and Gamblers John Philip Quinn,2019-12-06 This book is about a history of the vice in ancient and modern times all over the world and makes an exposition of its alarming prevalence and destructive effects. This work discusses with an unreserved and exhaustive disclosure of such frauds, tricks and devices as are practiced by Professional gamblers, Confidence Men and Bunko Steerers, in order to alert readers not to fall into a trap.

The Out-of-Home Immersive Entertainment Frontier Mr Kevin Williams,Mr Michael Mascioni,2014-06-28 Digital Out of Home Entertainment is transforming the customer experience in shops, cinemas, museums; almost any environment where consumers are congregating. This book provides a 'state of play' exploration of the successes, the emerging new applications and the strategies that inform them--and is an essential guide for entertainment executives as well as those involved in retailing, the hotel industry, mobile communications, museums and heritage.

The North Carolina Criminal Code and Digest North Carolina,Moses Neal Amis,1886

The Greenwood Encyclopedia of Daily Life in America [4 volumes] Randall M. Miller,2008-12-30 The course of daily life in the United States has been a product of tradition, environment, and circumstance. How did the Civil War alter the lives of women, both white and black, left alone on southern farms? How did the Great Depression change the lives of working class families in eastern cities? How did the discovery of gold in California transform the lives of native American, Hispanic, and white communities in western territories? Organized by time period as spelled out in the National Standards for U.S. History, these four volumes effectively analyze the diverse whole of American experience, examining the domestic, economic, intellectual, material, political, recreational, and religious life of the American people between 1763 and 2005. Working under the editorial direction of general editor Randall M. Miller, professor of history at St. Joseph's University, a group of expert volume editors carefully integrate material drawn from volumes in Greenwood's highly successful Daily Life Through History series with new material researched and

written by themselves and other scholars. The four volumes cover the following periods: The War of Independence and Antebellum Expansion and Reform, 1763-1861, The Civil War, Reconstruction, and the Industrialization of America, 1861-1900, The Emergence of Modern America, World War I, and the Great Depression, 1900-1940 and Wartime, Postwar, and Contemporary America, 1940-Present. Each volume includes a selection of primary documents, a timeline of important events during the period, images illustrating the text, and extensive bibliography of further information resources—both print and electronic—and a detailed subject index.

Encyclopedia of Play in Today's Society Rodney P. Carlisle, 2009-04-02 CHOICE Outstanding Academic Title for 2009 This ground-breaking resource is strongly recommended for all libraries and health and welfare institutional depots; essential for university collections, especially those catering to social studies programs. —Library Journal, STARRED Review Children and adults spend a great deal of time in activities we think of as play, including games, sports, and hobbies. Without thinking about it very deeply, almost everyone would agree that such activities are fun, relaxing, and entertaining. However, play has many purposes that run much deeper than simple entertainment. For children, play has various functions such as competition, following rules, accepting defeat, choosing leaders, exercising leadership, practicing adult roles, and taking risks in order to reap rewards. For adults, many games and sports serve as harmless releases of feelings of aggression, competition, and intergroup hostility. The *Encyclopedia of Play in Today's Society* explores the concept of play in history and modern society in the United States and internationally. Its scope encompasses leisure and recreational activities of children and adults throughout the ages, from dice games in the Roman Empire to video games today. With more than 450 entries, these two volumes do not include coverage of professional sports and sport teams but, instead, cover the hundreds of games played not to earn a living but as informal activity. All aspects of play—from learning to competition, mastery of nature, socialization, and cooperation—are included. Simply enough, this *Encyclopedia* explores play played for the fun of it! Key Features Available in both print and electronic formats Provides access to the fascinating literature that has explored questions of psychology, learning theory, game theory, and history in depth Considers the affects of play on child and adult development, particularly on health, creativity, and imagination Contains entries that describe both adult and childhood play and games in dozens of cultures around the world and throughout history Explores the sophisticated analyses of social thinkers such as Huizinga, Vygotsky, and Sutton-Smith, as well as the wide variety of games, toys, sports, and entertainments found around the world Presents cultures as diverse as the ancient Middle East, modern Russia, and China and in nations as far flung as India, Argentina, and France Key Themes Adult Games Board and Card Games Children's Games History of Play Outdoor Games and Amateur Sports Play and Education Play Around the World Psychology of Play Sociology of Play Toys and Business Video and Online Games For a subject we mostly consider light-hearted, play as a research topic has generated an extensive and sophisticated literature, exploring a range of penetrating questions. This two-volume set serves as a general, nontechnical resource for academics, researchers, and students alike. It is an essential addition to any academic library.

Storied & Scandalous Portland, Oregon Joe Streckert, 2020-02-24 When vice and scandal are all fun and games. Portland, Oregon began as a town of itinerant young men who had no shortage of diversions at the end of the workday. This city grew up with lots of revelry and little regulation. After the last tree fell in logging season and after the workday ended on the docks, those young men broke out the cards. Saloon culture quickly took hold in Portland, offering alcohol, sex, gambling, and other diversions. This book traces the storied and scandalous history of Portland, from the underground and elite saloons and gambling rings to the vice, scandal, and fun they brought. Readers will meet the impresarios, gangsters, and racketeers who colored Portland's history.
