Finger Painting Weekend Workshop Iris Scott,2016-01-27 Finger painting isn't just for kids! Learn to create an impressionist artwork with Finger Painting Weekend Workshop: A Beginner's Guide to Creating Brush-Free Works of Art.

The Finger Angus Trumble,2010-05-11 FROM THE AUTHOR OF A BRIEF HISTORY OF THE SMILE, A COMPLETE INDEX OF THE DIGIT In this collision between art and science, history and pop culture, the acclaimed art historian Angus Trumble examines the finger from every possible angle. His inquiries into its representation in art take us from Buddhist statues in Kyoto to the ceiling of the Sistine Chapel, from cave art to Picasso's Guernica, from Van Dyck's and Rubens's winning ways with gloves to the longstanding French taste for tapering digits. But Trumble also asks intriguing questions about the finger in general: How do fingers work, and why do most of us have five on each hand? Why do we bite our nails? This witty, odd, and fascinating book is filled with diverse anecdotes about the silent language of gesture, the game of love, the spinning of balls, superstitions relating to the severed fingers of thieves, and systems of computation that were used on wharves and in shops, markets, granaries, and warehouses throughout the ancient Roman world. Side by side with historical discussions of rings and gloves and nail polish are meditations on the finger's essential role in writing, speech, sports, crime, law, sex, worship, memory, scratching politely at eighteenth-century French doors (instead of crudely knocking), or merely satisfying an itch—and, of course, in the eponymous show of contempt.

Let's Make Some Great Fingerprint Art Marion Deuchars,2012-10-10 Discover different and surprising ways of creating pictures with finger- and handprints. Create handprint birds, lions and reindeer; invent strange creatures by combining fingerprints and blowpainting; make fingerprint stencil art or create your own gallery of aliens and monsters. From flowers and bees to dinosaurs and skeletons - let the inky fingers begin! Marion Deuchars is an internationally acclaimed, award-winning illustrator with an instantly recognizable and much loved style. From her covers for Penguin Books to her stamps celebrating the Royal Shakespeare Company, her illustration and lettering is unparalleled and highly influential.

The Art of Finger Dexterity, Op. 740 (Complete) Carl Czerny,Willard A. Palmer,2005-05-03 These 50 excellent and systematic exercises Czerny devised for developing finger dexterity are as useful today as when they were first written. Each exercise is preceded by a statement of specific goals. Exercises range from achieving even finger action with a quiet hand to virtuoso studies that emphasize affectations such as the bravura touch.

Art of Finger Waving Paul Compan,2007

The Lively Arts of the London Stage, 1675–1725 Professor Kathryn Lowerre,2014-03-28 Reflecting the myriad options available to London audiences at the turn of the eighteenth century, this volume offers readers a portrait of the interrelated music, drama and dance productions that characterized this rich period. By bringing together work by scholars in different fields, this cross-disciplinary collection illuminates the interconnecting strands that shaped a vibrant theatrical world.

Explorer's Guide Finger Lakes (5th Edition) (Explorer's Complete) Katharine Delavan Dyson,2016-07-05 The only comprehensive guidebook dedicated to the Finger Lakes region of upstate New York, this updated, revised edition is packed with all the information you need to know Upstate New York's Finger Lakes region is one of the most serene and beautiful vacation spots in America. From the region's breathtaking glacial lakes and spectacular gorges to its quaint villages and world-class wineries, this area has charms aplenty, and this trusted guide will help you explore all it has to offer. Katharine Delavan Dyson spent more than a year driving around each lake, stopping for countless interviews with residents and businesspeople. This full-color guide contains more than 100 photos, detailed maps, and info on attractions, events, shopping, history, recreation, and more. Take a cruise on the Erie Canal, bring the family to local farms and farmers' markets, play a few holes on the area's many golf courses, or hike the miles and miles of majestic trails. Broken down lake by lake and featuring sections on gateway cities, transportation, important phone numbers, and services, Explorer's Guide Finger Lakes will help you get the most out of your trip.

Sticky Fingers Janice Longenecker Holsinger,2012-09 Contains more than 100 child tested sensory recipes that your child will enjoy at home or at school.

Handbook of Rock Art Research David S. Whitley,2001 While there has always been a large public interest in ancient pictures painted or carved on stone, the archaeological study of rock art is in its infancy. But intensive amounts of research has revolutionized this field in the past decade. New methods of dating and analysis help to pinpoint the makers of these beautiful images, new interpretive models help us understand this art in relation to culture. Identification, conservation and management of rock art sites have become major issues in historical preservation worldwide. And the number of archaeologically attested sites has mushroomed. In this handbook, the leading researchers in the rock art area provide cogent, state-of-the-art summaries of the technical, interpretive, and regional advances in rock art research. The book offers a comprehensive, basic reference of current information on key topics over six continents for archaeologists, anthropologists, art historians, and rock art enthusiasts.

A Finger of Land on an Old Man's Hand Earl Vincent de Berge,2022-09-21 Chronicles in words and photographs the 1962-64 adventures of young men inspired by naturalist Joseph Wood Krutch's book, "The Forgotten Peninsula," about Baja California (1961). Then a sparsely populated raw wilderness, Baja proved a formidable challenge to men and equipment within its mountainous, sometimes lush, sometimes barren, desert environments, spectacular geology and complex ecologies bracketed by oceans. They enjoyed encounters with wild animals; found bountiful places to hunt and fish; met frontier families of the kindest sort; experienced Pacific storms, and love in a frontier village; met gold prospectors, hermits and one-of-a-kind characters. They encountered brigands and fools; had life-threatening events; found gold nuggets and rescued lost team members. Plant photography was among the author's interests, only partially foiled by wind-blown sand fouling his camera lens. Most important, they learned about themselves and their relations with nature and God -- finding their own answers or clarifying what they hoped to better understand. Major contributions to this book were provided by Earl's life-long friend Mark Winheld.

The Art of Finger Dexterity; Fifty Studies for the Piano Volume Book 6 Carl Czerny,2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
