Rainbow Fish Domino Game ,2005-07

Rainbow Fish Go Fishing Card Game Marcus Pfister,1997

We Want Fish Sticks Nicholas Hirshon,2018-12-01 The NHL's New York Islanders were struggling. After winning four straight Stanley Cups in the early 1980s, the Islanders had suffered an embarrassing sweep by their geographic rivals, the New York Rangers, in the first round of the 1994 playoffs. Hoping for a new start, the Islanders swapped out their distinctive logo, which featured the letters NY and a map of Long Island, for a cartoon fisherman wearing a rain slicker and gripping a hockey stick. The new logo immediately drew comparisons to the mascot for Gorton's frozen seafood, and opposing fans taunted the team with chants of "We want fish sticks!" During a rebranding process that lasted three torturous seasons, the Islanders unveiled a new mascot, new uniforms, new players, a new coach, and a new owner that were supposed to signal a return to championship glory. Instead, the team and its fans endured a twenty-eight-month span more humiliating than what most franchises witness over twenty-eight years. The Islanders thought they had traded for a star player to inaugurate the fisherman era, but he initially refused to report and sulked until the general manager banished him. Fans beat up the new mascot in the stands. The new coach shoved and spit at players. The Islanders were sold to a supposed billionaire who promised to buy elite players; he turned out to be a con artist and was sent to prison. We Want Fish Sticks examines this era through period sources and interviews with the people who lived it.

Rainbow Fish Memory Game ,2012

Fish Sticks Peter Botte,Alan Hahn,2003-04 Once upon a time, the New York Islanders were the embodiment of greatness: four-time Stanley Cup champions and a model franchise in the National Hockey League during the early '80s. The dynasty quickly crumbled, however, and the team found itself in a seemingly

never-ending freefall. One embarrassing episode after another befell the once-mighty Islanders: Kirk Muller balked at being traded to the team; the team's classic logo was replaced with one that was vehemently ridiculed, earning the team the nickname Fish Sticks; a slick con artist managed to buy the team with nothing more than his charm; the team failed to make the playoffs seven seasons in a row as miserly owners purged players salaries; Hall of Fame great Bryan Trottier feuded with the team and blocked the retirement of his jersey; embattled general manager Mad Mike Milbury couldn't do anything to get himself fired. Yet, having finally hit bottom after enduring countless trials and near-unbelievable tribulations, the team has begun its climb to the top. New owner Charles Wang has brought not only a desire to return the Islanders to their place of pride, but also the money to do it. The team experienced a remarkable resurgence during the 2001-02 season. Ticket sales have skyrocketed since that breakthrough success, with the team expecting to fight its way back into the playoffs for a second straight season.

Fish Sticks, Sports Bras, and Aluminum Cans Paul R. Josephson, 2015-12 Historian Paul R. Josephson explores the surprising origins, political contexts, and social meanings of ordinary objects. Drawing on archival materials, technical journals, interviews, and field research, this engaging collection of essays reveals the forces that shape (and are shaped by) everyday objects.

Go Fish: a 3-In-1 Card Deck Oliver Jeffers, 1920-03-03 The absurdly adorable art from the New York Times bestselling picture book *Stuck* turns a game of Go Fish into irresistible fun for kids and parents alike Do you have any kites? Do you have any Floyds? Any curious whales? This deck of oversized, kid-friendly cards is a surefire way to induce family fun, especially for fans of award-winning children's book author and illustrator Oliver Jeffers. A hefty cardstock box holds this deck of 52 playing cards (plus two instruction cards)--each of which is sized perfectly for little hands

at 3-1/2 x 5 apiece. With a flip-top lid and Velcro closure, the package is easily portable and tear-openable for any and every game-playing moment. In addition to playing Go Fish, players will also get the instructions for two bonus games: Concentration (a memory game) and Snap (a kid-friendly card game that's similar to Slapjack).

Play with Rainbow Fish Marcus Pfister, 2009 The star of several picture books, Rainbow Fish is back in his first pop-up book, with the sparkling protagonist meeting some other aquatic creatures. The interactive elements add layering and a sense of movement as Rainbow navigates the underwater world: Who is hiding behind those leaves? Six small seahorses! On another spread, a blue whale tail flops up and down as the discombobulated fish go tumbling on the Big Whale Ride! The special effects enhance the familiar, gentle illustrations. Ages 3-up. AUTHOR: Marcus Pfister is the author of the phenomenally successful Rainbow Fish series, as well as many other books for children. He has worked as a graphic artist, a sculptor, a painter, and a photographer as well as a children's book creator.

Model I - The Star Fish Model - Single Set/Single Platform Games (S.S./S.P. 1.1 G(4-6), Book 1 Vol. 1 Games(4-6) Siafa Neal, 2020-04-14 This book entitled, Model I - The Star Fish Model - Single Set/Single Platform Games (S.S./S.P. 1.1 G (4-6), Book 1 Vol. 1 Games(4-6), is about the Single Set Games played on Model I, the Star Fish or Sting Ray Model. The Single Set mentioned in the title refers to the use of just one chess set in the game; this means that a chess player would have to Checkmate his/her opponent's King only once to win the game. The Single Platform mentioned in the title also refers to the use of just one Platform or one game board. This game board distinguishes the Star Fish model from other designed game boards. This book also describes three (3) unique chess games played on Model I. The games are Game # 4, Game # 5 and Game # 6. Model I, the Star Fish or Sting Ray Model resembles a flat

looking almost square fish that swims in the shallow waters of the Caribbean Islands. This fish floats and swims in a majestic manner with ripples like motions quivering and waving its flat body as it swims at the ocean floor. The publication of this book, Model I, is an attempt to get back to the bases of my Chess games. Model I was the original base of my Advance Chess games. It was from Model I that Model II, the Latitudinal Star Gate 14 Model and Model III, the Longitudinal Star Gate 14 Model were evolved.
