The Evolution Trilogy Todd Borho,2019-12-18 What could a moral and spiritual evolution away from a coercion-based society and towards a voluntary society look like? The Evolution Trilogy creates a universe where just a few individuals taking right action to evade and erode the state can have profound effects. Part one of the trilogy is a near-future, sci-fi comedy spoof of the James Bond franchise, in which James Bong and his ragtag group of anarchists, armed with The Truth, techie tricks, and a full spread of crypto currencies, attempt to wake people up to the true meaning of anarchy. This part of the trilogy is written in t.v. script form for a quick, action-packed read. Part two is a high seas adventure called SeAgora. This takes place about 50 years after the James Bong conclusion. A thriving anarchist seasteading agora faces increasing aggression from government mafias. Can a young scientist unlock the secrets of faster-than-light propulsion to help the agorists escape to space? Throw in some shape-shifting artificial intellect characters, betrayal, and some power-mad A.I. dictators, and you've got a recipe for supreme adventure. Part three, Agora One, takes place 500 years after SeAgora. Anarchists from across multiple galaxies are active in a loose, voluntary agora, with jaw-dropping tech and physics-defying speeds. But what happens when the wrong tech reaches a group of statist, alien space pirates?

Battle Stars for the "Cactus Navy" David D. Bruhn,2014-09-04 Following the attack on Pearl Harbor, the Navy obtained approximately 700 vessels from private owners, armed them, designated them as patrol yachts (PY) or patrol craft (YP), and sent them to sea. The vessels spanned the spectrum from yacht to waterfront work horse-fishing vessel, whaler, tug, and freighter. San Diego tuna fishermen-including those that would be aboard their boats at the Battle of Midway, and at Guadalcanal supporting the 1st Marines-donned Navy uniforms without the benefit of boot camp training and went off to war. They were joined by fishermen and yachtsmen from ports and harbors all across America, as well as men straight from cities and rural towns. Officers and crewmen who took vessels into harm's way received the Navy Cross, and other awards for valor for acts of heroism performed under fire. Officers aboard the yachts Fisheries II and Maryanne were awarded Navy Crosses for their actions during the defense of the Philippines-three posthumously, as they died while prisoners of war. Three men aboard the YP-346-sunk by the Japanese light cruiser Sendai-also earned Navy Crosses, and the YP-346 and two other former tuna boats at Guadalcanal received the Presidential Unit Citation for heroism. YPs and PYs at Saipan, Okinawa, Iwo Jima, Leyte, and Balikpapan earned battle stars for combat; the ex-halibut boat YP-251 was credited with sinking a Japanese submarine in Alaskan waters, and the patrol yacht Siren earned a battle star during one of the most successful series of attacks on a convoy by a single German submarine. Others did not fare so well; the YP-389 and patrol yacht Cythera were lost to German U-boats in infamous Torpedo Junction off North Carolina. All of the unheralded vessels served when called, and like militiamen of old, they were mustered out when no longer needed. Battle Stars for the Cactus Navy is a companion book of MacArthur and Halsey's Pacific Island Hoppers.

You Gotta' Stand Up Chris Drake,2009-03-26 If it's true that we're known by the company we keep, then Texas humorist, First Amendment Advocate, "Hee Haw's homespun philosopher, and 1950s media blacklist buster, John Henry Faulk's character was first quality. His story intersects some of America's best and brightest: Eugene Victor Debs, the "Texas Triumvirate," Edward R. Murrow, Mark Goodson, Louis Nizer, Myrna Loy, Eleanor Roosevelt, Joe Papp, and host of others. Consciously risking a lucrative television career, he seized "the buzzards of repression" during the McCarthy era, and "rung their sorry necks." However, living up to his father's admonition to "do something for the people," he kissed his big time media career goodbye, and people still ask what made him do what he did. Perhaps this biography will help explain. John Henry Faulk's reputation runs an extraordinary gamut from blue collared everymen who wonder why a man throws away a future on television and millions of dollars, to intellectuals who couldn't imagine why a groundbreaking folklorist with his gifts, skills, and reputation would associate himself with such lowbrow entertainments as "Hee Haw." Permanently identified by his precedent breaking lawsuit as, "the man who broke the blacklist," John Henry spent a life baffling those who tried to pigeonhole him.

The Lure and Lore of Trout Fishing Alvin R. Grove Jr.,2017-09-15 Every trout fisherman will find The Lure and Lore of Trout Fishing a most valuable addition to his angling library. It is the first book on trout fishing which contributes here in America much that the works of Skues, Halford, Ronalds, and

Mosely have contributed to the famous fly-fishing literature of England. For the first time the similarity of American and English insects and their imitations is brought out in significant detail. This book is filled with information which will be a constant source of enjoyable reading and re-reading. It is not a book to be discarded, but rather one that the successful fly fisherman will refer to constantly, each time finding something of new value and interest.

The Encyclopedia of Old Fishing Lures Robert A. Slade,2010-03 Robert A. Slade, after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector magazine for several years started researching and writing books in the 1990's. He published the HISTORY & COLLECTIBLE FISHING TACKLE OF WISCONSIN in 1999 which sold 4,500 copies. Bob realized that even though there have been many books published on the subject of old fishing lures that few books covered any detailed history on the old lure makers. His latest book writing project was nine years in the making and covers over 100 years of lure making history starting in 1875 and covers over 2,500 lures makers throughout all of North America. THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers. The author traveled to 11 states and 3 Candian Providences visting collectors homes, newspaper archives, museums and other sources and has taken over 10,000 pictures in preparing the historical stories for these books. The set of books arranges for the individual and company lures makers to appear in alphabetical order. People purchasing these books can buy any one single book, a whole set, or even a book a month if they desire as the books will be printed and shipped on demand. Each book has over 400 pages of text, pictures and collector values with each book containing a table of contents and index as well as a master index for the complete set of books.

Pop Fleyes Ed Jaworowski,Bob Popovics,2000-11-20 The most innovative fly tier I have ever known. --Lefty Kreh on Bob Popovics Bob Popovics has brought more creative ideas to the table in the last two decades than any other tier out there. --Dan Blanton This is the first and only book available on the tier whose techniques with epoxy and silicone revolutionized saltwater fly tying. The family of flies Bob Popovics developed over the last three decades (dubbed Pop Fleyes, a spelling that incorporates part of his last name with the fact that eyes are a prominent feature in their design) have proven devastatingly effective for stripers, bluefish, false albacore, and many more species. This book goes beyond the basic recipe format to provide the thinking behind Popovics's pattern development, a guide to key tying techniques, and detailed notes on how to fish Pop Fleyes most effectively.
