The Mighty Franks Michael Frank, 2017-05-16 WINNER OF THE 2018 JG-WINGATE PRIZE A psychologically acute memoir about an unusual Hollywood family by Michael Frank, who brings Proustian acuity and razor-sharp prose to family dramas as primal, and eccentrically insular, as they come (The Atlantic) "My feeling for Mike is something out of the ordinary," Michael Frank overhears his aunt telling his mother when he is a boy of eight. "It's stronger than I am. I cannot explain it . . . I love him beyond life itself." With this indelible bit of eavesdropping, we fall into the spellbinding world of The Mighty Franks. The family is uncommonly close: Michael's childless Auntie Hankie and Uncle Irving, glamorous Hollywood screenwriters, are doubly related—Hankie is his father's sister, and Irving is his mother's brother. The two families live near each other in Laurel Canyon. In this strangely intertwined world, even the author's grandmothers—who dislike each other—share a nearby apartment. Strangest of all is the way Auntie Hankie, with her extravagant personality, comes to bend the wider family to her will. Talented, mercurial, and lavish with her love, she divides Michael from his parents and his two younger brothers as she takes charge of his education, guiding him to the right books to read (Proust, not Zola), the right painters to admire (Matisse, not Pollock), the right architectural styles to embrace (period, not modern—or mo-derne, as she pronounces the word, with palpable disdain). She trains his mind and his eye—until that eye begins to see on its own. When this "son" Hankie grows up and begins to turn away from her, her moods darken, and a series of shattering scenes compel Michael to reconstruct both himself and his family narrative as he tries to reconcile the woman he once adored with the troubled figure he discovers her to be. In its portrayal of this fascinating, singularly polarizing figure, the boy in her thrall, and the man that boy becomes, The Mighty Franks will speak to any reader who has ever struggled to find an independent voice amid the turbulence of family life.

The Pit Frank Norris, 1903 The story of Frank Norris's The Pit could be taken from today's headlines: a businessman begins speculating in the commodities market on a small scale until, overcome by greed, addicted to the art of the deal, and harboring an ever-increasing appetite for power, he gambles recklessly in the market while the fortunes of farmers and small investors hang in the balance. At the same time, his independent-minded young wife, bored with domesticity and feeling abused by his neglect of her, risks her marriage by contemplating an affair with a former suitor. By interweaving the conventions of the business plot and the romance plot in this manner, Frank Norris broke with the traditions of his time and brought a fresh perspective to the American novel.--Goodreads

The Third Circle Frank Norris, 2022-06-02 The Third Circle by Frank Norris is a collection of short stories by Frank Norris with an introduction by William Henry Irwin. The author depicts life in San Francisco, California prior to the 1906 earthquake, especially the terrible conditions in Chinatown in the sixteen recitals. Excerpt: There are more things in San Francisco's Chinatown than are dreamed of in Heaven and earth. In reality, there are three parts of Chinatown—the part the guides show you, the part the guides don't show you, and the part that no one ever hears of. It is with the latter part that this story has to do. There are a good many stories that might be written about this third circle of Chinatown, but believe me, they never will be written—at any rate not until the town has been, as it were, drained off from the city, as one might drain a noisome swamp, and we shall be able to see the strange, dreadful life that wallows down there in the lowest ooze of the place—wallows and grovels there in the mud and in the dark.
