Live Your Passion Aletta Stas,Peter Stas,2014 In 1988, Aletta and Peter Stas founded FrÃ©dÃ©rique Constant, a manufacturer based in Plan-les-Ouates, Geneva, that develops exceptional and affordable wristwatches. This book, presented in intimate interview form, reflects the passion and vision of the company's founders. Read about this family-run business, quite young compared to most Genevan brands, and peruse the timepieces that have contributed to its rapid rate of success. Their philosophy, from the very beginning, has been to reach out to a broader class of enthusiasts who want exquisite, timeless, and yet classical watches at sensible prices. Also browse gorgeous images and personal analyses of the high-end complications in the Ateliers deMonaco line, including Minute-Repeater, Perpetual Calendar, and various tourbillons, which Peter co-founded in 2009. In 2002 he and Aletta acquired Alpina, the 130-year-old, trusted sports watch manufacturer, also featured and thoroughly examined by model in this volume.

Marketing Management, 3rd Edition Kumar Arun & Meenakshi N., In today's socially networked and highly competitive world, it is imperative that marketers are always truthful because customers eventually find out if they have been misled. This can lead to their angst with the company going viral, thereby destroying the company's reputation. Marketing Management advocates 'marketing based on absolute truth'. Also brand image is sensitive to market sentiments. Brands can be in danger: one wrong product or one shoddy campaign can destroy a brand built over years. Companies must align everything that they do with the core spirit of their brands. Further, when everything seems to go digital, it is important that marketers keep in mind that customers are primarily interested in their products/services. The book advocates that superior products and services will always be central to marketing. Key Features Best Practices • Researched, implemented, and result-driven practices taken from leading companies across diverse industries throughout the world • Marketers can adopt these practices to elevate individual and organizational performance Corporate Insights • Examples of marketing concepts being implemented by well-known Indian companies and brands • Latest moves of companies and brands as they cope with competition and environment Case Studies • A brief case study after each chapter, focusing on specific issues dealt within the chapter Specialized Questions • Questions meant to make students ponder upon various aspects of marketing and challenge the existing paradigms

The New Luxury Experience Wided Batat, 2019-04-29 This professional book introduces marketing and luxury brand professionals to a new definition of luxury and the art of designing the ultimate luxury experience in both the physical space (e.g., in-store, hotel, restaurant) and the digital space (e.g., social media, website, e-commerce). Specifically, it offers an overview of customer experience issues and explores big five experiential strategies that can be applied by luxury houses in order to provide the best luxury experience to their customers. Themes such as quality of customer luxury experience, immersion and co-production/co-creation in luxury, creation and management, digital and immersive marketing, and innovative market research are also examined. How do consumers define luxury? Is there one luxury or several "luxuries"? What kind of luxury experiences consumers want to live? How can luxury houses design the ultimate luxury experience? More than in any other sector, luxury consumption is a response to a search for emotions, pleasure, uniqueness, consideration and greatest services. The luxury consumer wants to live luxury experiences – not just buy luxury products or services. In this way, this book presents the luxury consumption experience as a combination of symbolic meaning, subconscious processes and nonverbal cues and characterized by fantasies, feelings and fun. Featuring case studies and interviews from international luxury sectors and brand managers such as Burberry, Dior, Porsche, Breitling, St. Regis Hotels & Resorts, and Louis Vuitton, among others, this book offers both a research and management perspective on luxury experience to professionals in the luxury sector (e.g., CEOs, brand managers, marketing and communication professionals), as well as marketing professors, students, and people eager to learn more about how to design the ultimate luxury experience. Praise for The New Luxury Experience "This book provides a holistic perspective on marketing of luxury brands, offering both useful practical advice as well as illustrating important cases." -- Ravi Dhar, Director, Yale

Center for Customer Insights, Yale University “Wided Batat’s book offers a fresh, insightful and comprehensive analysis of the concept of the consumer’s experience with luxury whatever that may be. The Five experiential luxury strategies proposed by Wided highlight that luxury management should go above and beyond the design and branding of luxury goods and services. I also commend the consideration given to the younger generations’ approach to luxury and to corporate social responsibility aspects. Luxury marketers should find this book very useful indeed.” -- Francesca Dall’Olmo Riley, Professor of Brand Management, Kingston Business School, UK
