Ponniyin Selvan in English - Ponni's Beloved Part II Whirlwind by Indra Neelameggham Indra Neelameggham,2022-09-01 Translation of the Tamil novel, Ponniyin Selvan by Kalki . This is volume 2 of 5. Adventures in Sri Lanka and the sea. Indra Neelameggham brings the beauty of Tamil style and cadence into English. There is intrigue, politics, murder, mystery, power of women, life of the nobility and ordinary folk, war and ambition. Tamil culture and and Chozla history from 1000 years ago comes to life. This English translation by Indra Neelameggham maintains Kalki's Nadai or cadence of the original Tamil. Indra was the first to translate this epic into English as early as the 1990s. This five part novel introduces the grandeur of the Chozla Dynasty of Tamil people, whose empire at one time spanned large areas of south east Asia. They were famous for art, architecture, irrigation works, administration, naval warfare and most importantly global trade because of their naval prowess. The Grand Anaicut one of the oldest, still in use dams across any major river, was built by the Chozlas. The huge complex known as 'Big Temple ' in Tanjavur was built more than a thousand years ago by Rajaraja, the main character in this novel. He is known as the Beloved of the River Ponni , the Tamil name for The Cauvery. The activities of common folk, nobility, ordinary soldiers, the power wielded by women, conniving statesmen, terrorists, treason, war, pirates, murder and turmoil for a throne are the core threads in this panoramic story. References to Tamil poetry and myth enrich the story. Kalki brought the meticulously researched history to the doorsteps of millions who were proud that they too had 'history' beyond what was shared by colonial books. It is soon to be released as a major multi language motion picture filmed with latest technology in locations in many countries. This book and its art work has thrilled generations of readers. This translation is sure to enthrall many more persons all over the world. Indra has brought this English version to help readers overcome the limitation of not knowing Tamil. May all go forth to enjoy the grand old world of the Chozlas of Tamil country

Epidemics Cohn Jr.,2018-03-09 By investigating thousands of descriptions of epidemics reaching back before the fifth-century-BCE Plague of Athens to the distrust and violence that erupted with Ebola in 2014, Epidemics challenges a dominant hypothesis in the study of epidemics, that invariably across time and space, epidemics provoked hatred, blaming of the 'other', and victimizing bearers of epidemic diseases, particularly when diseases were mysterious, without known cures or preventive measures, as with AIDS during the last two decades of the twentieth century. However, scholars and public intellectuals, especially post-AIDS, have missed a fundamental aspect of the history of epidemics. Instead of sparking hatred and blame, this study traces epidemics' socio-psychological consequences across time and discovers a radically different picture: that epidemic diseases have more often unified societies across class, race, ethnicity, and religion, spurring self-sacrifice and compassion.

The Boy in the Cellar Stephen Smith,2019-12-26 Stephen Smith is the boy who did not exist. Born out of wedlock in the early 1960s, Steve's parents hid him away from the world by locking him in the cellar...for thirteen years. Starved and beaten, the little boy's world was a darkened room that measured just eight feet by ten with a single makeshift bed, bare light bulb, and a solitary table. Steve would spend his days conjuring up an imaginary world full of monsters he would draw to try and block out the physical and mental torture inflicted on him by his brutal father. Apart from a few admissions to hospital as a result of his 'imprisonment', Steve remained in the coal cellar of the family home where he was deprived of daylight, his childhood, school, and human contact until he'd reached his teenage years. Eventually, he escaped only to fall prey to the instigators of two of the worst cases of institutional abuse in the UK at Aston Hall hospital and St. William's Catholic School. The Boy in the Cellar is a horrifying true story of torture and cruelty, that reveals a human's full capacity to fight for survival and search out happiness and hope.

If so, he has some lessons for the creators who made a comic book based on his life! The Protection of Children (Second Edition) Robert Dingwall,John Eekelaar,Topsy Murray,2014-04-05 This classic study of law and social work in action is based on the most extensive investigation of child abuse and neglect ever carried out in Great Britain. The authors followed the course of numerous cases from the first detection of ill-treatment to the resolution (or otherwise) of the problem. Famous for coining the much-used (and often misunderstood or misused) phrase the rule of optimism, this book is updated with an extensive Postscript from 1995 and a new, 2014 Preface that explains the uneven history of the optimism principle, in both the UK and US -- and in both social work practice and sociological scholarship.

On the outer rim of the Tantalus Eye, scores of human colony planets are now overrun by Dalek occupation forces. A weary, angry Doctor leads a flotilla of Battle TARDISEs against the Dalek stronghold but in the midst of the carnage, the Doctor's TARDIS crashes to a planet below: Moldox.
