**Gasp!** Michael Gelb, Howard Hindin, 2016-09-09 The Airway Centric(R) Model prevents Airway-Centered Disorders, Sleep-Disordered Breathing to maintain mental and physical health. Learn how to recognize and correct Airway-Centered Disorders, Sleep-Disordered Breathing. Gasp is about our airway, breathing and sleep. Problems can start at birth. Many premature babies are mouth breathers. A poorly structured and functioning airway leads to mouth breathing, snoring and sleep apnea; it can interfere with restorative sleep and ultimately damage the part of the brain called the prefrontal cortex, which controls executive function skills, attentiveness, anxiety and depression. Learn how to restore an ideal airway with early intervention, and where to go for help. Learn how once the airway is established with breastfeeding, allergy treatment, and other methods, neurocognitive and neurobehavioral problems are greatly improved-often without any medication. Anxiety and depression are alleviated, and the behavior and performance of children are remarkably transformed. Today there is a health movement toward Wellness. Wellness is about diet and nutrition, exercise, and mental attitude. The new paradigm is called Functional Medicine. It addresses the causes of chronic disease with an individualized approach and emphasizes early intervention. It restores the balance amongst functional systems and the networks that connect them. The missing link is airway, breathing, and sleep. If we don't breathe well when we sleep, 1/3 of our life is affected. Gasp describes the impact of a narrowed airway from cradle to grave. Every day, we encounter fatigued patients with chronic headaches and neck pain. They have difficulty concentrating; they suffer with GI problems from acid reflux to irritable bowel syndrome. They range from thin women to men who have put on a few pounds. And you do not have to be obese to have an airway problem. Many of our younger patients with ADHD and airway issues have little body fat. Time after time we see that once the airway is opened during the day and maintained during sleep, the transformation is quick and dramatic. Breathing is life.

**Gasp!** Tony Nolan, 2011-11 You need to know that there is a devil, who doesn't want you reading this book. He's that little voice in your head, telling you to put this book down. He's in your mind, telling you that I'm out of mine. (Being that I was born in a mental institution, I very well may be out of my mind.) But, I'm bright enough to ask why he would want to keep you from reading this book? I'm also wise enough to know that it's because he understands the content of this book can be used to change the destiny of your soul forever. What will you do? --Discard this book, and face the fall-out that comes from listening to satan; or read it, and experience the most astounding transformation you have ever imagined? -- from back cover.

**Gasp** Lisa McMann, 2014-06-03 Discovering how visions are shared between seers like herself and the people they save, Jules searches for a school shooting survivor who is experiencing visions of an imminent crisis. By the best-selling author of the Wake trilogy.

*Delusions of Brandeur* Ryan Wallman, 2019-12-23 I love this book. Anything I spend my time on, I either have to learn something or be entertained, with this book I get both - along with great art direction. The only problem is that the people it takes the piss out of won't know how funny it is. But that's okay, they'll buy it thinking it's a genuine 'How to' guide. Dave Trott, Author and Advertising Legend. If you're a fan of books by people like Gary V and Simon Sinek, you should probably stop reading now. This book is the opposite of those. And not just because it won't be anywhere near as popular. *Delusions of Brandeur* is an antidote to the insanity that now pervades the marketing industry. A collection of articles, satirical posts and assorted miscellany, it is a no-holds-barred commentary on modern marketing, advertising and business. Is it an invaluable guide that will guarantee your marketing success? No. But is it exhaustively researched and full of evidence? Also no. So what the hell is in it for you, then? A fair amount of good sense, some laughs, and plenty of handy snippets that you can use at your next meeting with fans of Gary V and Simon Sinek. Wallman slips into his Raging Bull costume and stampedes through the marketing industry smashing every bit of phony china in sight. What wonderful fun! Bob Hoffman, Author, Former Advertising CEO, and the original Ad Contrarian. Marketing leaders the world over, get your hands on this book. You may not have mine because I can't put it down (except when weeping with laughter). Maureen Blandford,

B2B Tech CMO, Author. Marketing has been walking around in the emperor's new clothes, with a big pair of shiny new AI/VR bollocks on public display, but Ryan has thankfully come along and lopped them off with his sharp satirical scythe of perceptive brilliance. Giles Edwards, Co-Founder and Creative Director at Gasp. As with all really good satire, smuggled inside every one of Wallman's lovingly-crafted jokes is a serious message: that too many marketers reject proven principles for unproven pseudo-science, plain English for pretentious marketing jargon, the tried and tested for the shiny and new. Tom Roach, Head of Effectiveness at adam&eveDDB. A former doctor takes a scalpel to the advertising industry. Not only is this a marvellous book - but no one but Dr. Wallman could have written it. Rory Sutherland, Vice Chairman at Ogilvy UK, TED Global speaker, Author. Is it a guide book for our industry? Or is it a good laugh at our industry? It's both. It's Ryan at his most erudite and entertaining. And it's Gasp at their most gorgeous. Get it to get ahead - or to get the hell out of the mess we've made of marketing, branding and advertising. Vikki Ross, Copy Chief. Thoroughly digestible, very insightful, loads of great tips (for people who are trapped in places where the bullshit is inescapable) and funny as fuck - cutting through the nonsense in the way that only Ryan knows how. Top work. Dave Harland, Copywriter. The good Doctor slides his satirical blade between the Marketing body's ribs using humour as laughing gas. Just wait 'til they all come round. And it's not as funny as they thought. Mark Sareff, Director at Prophecy Consulting & former Chief Strategy Officer at Ogilvy Australia. Marketing as we know it is dead. It's just been completely annihilated by Ryan Wallman. Somewhere between a comedy roast and a how-not-to guide, this book is an utter goldmine for the beginners, side-splitting for the seasoned, and utterly baffling for the 'experts'. Satire so sharp it will slice you - and you'll say thank you. Clare Barry, Copywriter and Queen of Sass. A Gasp Book (published by Gasp 2019)

**The Last Gasp** Scott Christianson, 2010-07-12 The Last Gasp takes us to the dark side of human history in the first full chronicle of the gas chamber in the United States. In page-turning detail, award-winning writer Scott Christianson tells a dreadful story that is full of surprising and provocative new findings. First constructed in Nevada in 1924, the gas chamber, a method of killing sealed off and removed from the sight and hearing of witnesses, was originally touted as a humane method of execution. Delving into science, war, industry, medicine, law, and politics, Christianson overturns this mythology for good. He exposes the sinister links between corporations looking for profit, the military, and the first uses of the gas chamber after World War I. He explores little-known connections between the gas chamber and the eugenics movement. Perhaps most controversially, he has unearthed new evidence about American and German collaboration in the production and lethal use of hydrogen cyanide and about Hitler's adoption of gas chamber technology developed in the United States. More than a book about the death penalty, this compelling history ultimately reveals much about America's values and power structures in the twentieth century.

**The Last Gasp** Trevor Hoyle, 2016-04-07 No oxygen, no life: when the air thins in this near-future thriller, a race against time to find the solution begins: a landmark in the field of eco-fiction (Washington Post) MANKIND IS KILLING THE AIR WE BREATHE. Selected as one of Goodread's Best Ecological Horror novels Scientists have been warning for decades that we are poisoning the Earth. Now their prophecy is coming true. The oceans have become polluted, destroying a crucial link in the planet's life-support system. Instead of joining in friendship to meet this deadly future, corrupt superpowers are plotting to secure the last remaining clean air for the privileged few. This is the terrifying 21st-century prophecy of what we are doing to our home in space. Once it was just a scary bedtime story. Now it has become horrifyingly real. TIME IS SHORT. THE AIR IS RUNNING OUT.

**One Last Gasp** Andrew C. Piazza, 2013-08-20 My first thought was, That house is insane. Not just a house for the insane, but that the building itself was insane, as if the layout of the walls themselves belied a shattered psyche dwelling within the stone.... (page 177) Near the end of World War II, during the Battle of The Bulge, a US Army unit pursues a renegade SS panzer battalion into the secluded Ardennes forest. There, hidden deep in the snow-covered pines, they find an ancient

manor house containing an inhuman evil that defies any sense of reality. Confronted with a supernatural evil inside the manor, and surrounded by enemy troops outside, the soldiers will have to unravel the mysteries of the creature called The Geist and face a nightmarish battle for body and soul if they are to survive. Part war story, part Lovecraftian horror story, *One Last Gasp* will hold you in its haunting grip from its explosive beginning to its mindbending conclusion.

***Copywriting Is...*** Andrew Boulton ,Giles Edwards,2021-03-29 Copywriting is easy. Copywriting is hard. It's frustrating, rewarding, draining, thrilling and, in almost every way, a lot of fun. It's also the job Andrew Boulton has been doing, writing about, and teaching others to do, for more than 10 years. Now, he's gathered up all the experiences, observations, lessons, fleeting successes and crushing failures he's accumulated in that time to help copywriters, new and old, come to terms with the baffling life of an alphabet wrangler.

***LAST GASP*** Robert F Barker,2015-11-23 The last time DCI Jamie Carver let a would be victim act as bait for a serial-killer, it ended badly - very badly. Now they want him to do it again, and this time the 'victim' is a Dominatrix... As if he hasn't got enough on his plate... - A brutal killer, poised to strike again any time - Shadows of the past that still haunt his dreams - An investigation under mounting pressure to succeed - A beautiful woman whose bizarre lifestyle may be key to finding the killer No wonder Carver feels exposed - and that's not counting the young girl whose life he's trying to save from ruin, or the ambitious colleague scheming to bring him down. As the kill-count mounts, signs emerge that seem to link the 'Worshiper Killings', with Carver's last, 'big case'. And when the killer strikes at the heart of the investigation, Carver knows that to protect those close to him, he must confront what he most fears - his own shortcomings. Written by someone who knows all about the pressures that come with running murder investigations, LAST GASP is a suspense-filled novel of intrigue, danger - and human weakness. It is a story about one man's struggle to put the past behind him, and save those he loves.

**Gasp** Lisa McMann,2014-06-03 The visions aren't stopping, and neither is the danger in this series conclusion from the New York Times bestselling author of the Wake trilogy. After narrowly surviving two harrowing tragedies, Jules now fully understands the importance of the visions that she and those around her are experiencing. She's convinced that if the vision curse passed from her to Sawyer after she saved him, then it must now have passed from Sawyer to one of the people he saved. That means it's up to Jules to figure out which of the school shooting survivors is now suffering from visions of another crisis. And once she realizes who it is, she has to convince that survivor that this isn't all crazy—that the images are of something real. Something imminent. As the danger escalates in this conclusion to the Visions series, Jules wonders if she'll finally find out why and how this is happening—before it's too late to prevent disaster.

Jolene's Last Gasp Roberto De Haro,2007 Gorgeous, young, adult-film star Jolene Alexis is dead, her limp and naked body discovered in her upscale beachfront condominium. Sergeant Dale Lipinski, a detective with the Los Angeles Sheriff's Department, is assigned to the case. Though all obvious signs point to suicide, Lipinski investigates contradictory details and very quickly opens a Pandora's box of disturbing proportions. In the world of pornography, nothing is as it appears. Alexis's presumed suicide points to the seedy-and oftentimes dangerous-underworld of the pornography industry. Is Jolene's death truly a suicide, or is she the victim of the elusive Hollywood dream, seduced into behavior she would never have undertaken if she had a choice? Lipinski, methodical and determined, emerges as a fascinating character. Haunted by Jolene's story, he is determined to discover the truth surrounding her death. His hunt moves from professional assignment to personal mission-and soon the detective is caught up in deception and intrigue beyond the line of duty, Blood for blood. -Michael A. Olivas William B. Bates Distinguished Chair in Law University of Houston Law Center Jolene's Last Gasp is a thrilling, fast-paced mystery that will keep the reader guessing until the very last pages. -Colleen Rae, author of Nearly Naked, and Correspondent, Local Observer, Saugatuck, MI

**Russia's Last Gasp** Prit Buttar,2016-09-22 Despite the increasingly futile, bloody struggles for territory that had characterised the Eastern Front the previous year, the German and Austro-Hungarian commands held high hopes for 1916. After the success of the 1915 Gorlice-Tarnów Offensive, which had driven Russia out of Galicia and Poland, Germany was free to renew its efforts in the west. Austria-Hungary, meanwhile, turned its attention to defeating Italy. In an attempt to relieve pressure on their British and French allies at the Somme and Verdun, Russia launched one of the bloodiest campaigns in the history of warfare. General Brusilov's June advance was quickly characterised by innovative tactics, including the use of shock troops – a tactic that German armies would later adapt to great effect. The momentum continued with Romania's entry into the war and the declaration by the Central Powers of a Kingdom of Poland – two events which would radically transform the borders of post-war Europe.Drawing on first-hand accounts and archival research, internationally renowned historian Prit Buttar presents a dramatic account of an explosive year on the Eastern Front, one that gave Russia its greatest success on the battlefield but plunged the nation into revolution at home.
