📖 [APOLLO ROOT CAUSE ANALYSIS](#) Dean L. Gano,2008 The purpose of this book is to share what the author has learned about effective problem solving by exposing the ineffectiveness of conventional wisdom and presenting a principle-based alternative called Apollo Root Cause Analysis that is robust, yet familiar and easy to understand. This book will change the way readers understand the world without changing their minds. One of the most common responses the author has received from his students of Apollo Root Cause Analysis is they have always thought this way, but did not know how to express it. Other students have reported a phenomenon where this material fundamentally re-wires their thinking, leading to a deeply profound understanding of our world. At the heart of this book is a new way of communicating that is revolutionizing the way people all around the world think, communicate, and make decisions together. Imagine a next decision-making meeting where everyone is in agreement with the causes of the problem and the effectiveness of the proposed corrective actions with no conflicts, arguments, or power politics! This is the promise of Apollo Root Cause Analysis.

📖 [THE LOST CITY OF THE MONKEY GOD](#) Douglas Preston,2017-01-03 NAMED A NEW YORK TIMES NOTABLE BOOK OF 2017#1 New York Times and #1 Wall Street Journal BESTSELLER! A five-hundred-year-old legend. An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world’s densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God—but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn’t until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal—and incurable—disease. Suspenseful and shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, *The Lost City of the Monkey God* is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

📖 [THREE LINES IN A CIRCLE](#) Michael G. Long,2021-08-31 One line straight down. One line to the right. One line to the left, then a circle. That was all—just three lines in a circle. This bold picture book tells the story of the peace symbol—designed in 1958 by a London activist protesting nuclear weapons—and how it inspired people all over the world. Depicting the symbol’s travels from peace marches and liberation movements to the end of apartheid and the fall of the Berlin Wall, *Three Lines in a Circle* offers a message of inspiration to today’s children and adults who are working to create social change. An author’s note provides historical background and a time line of late twentieth-century peace movements.

📖 [HARMONIOUS HEALING AND THE IMMORTAL’S WAY](#) Jasmuheen,2006-05-08 Today, one in every four adults dies unnecessarily from one of the seven deadly diseases. Perhaps this is due to a lack of holistic education, or perhaps it is just that person’s time to die. But how do we know if what we are facing is our checkout time or just a life challenge? What about spontaneous healing? What about healers like the Brazilian miracle man, John of God? In late 2004, I was diagnosed with a deadly carcinoma. My choices were either to immediately have further surgery or to begin chemotherapy. I chose neither. Instead I began an adventure into the field of alternative healing, discovering radical new light ray and sound wave technologies, diagnostic tools and new therapies based on the aboriginal concept of the dreamtime. All of this I explored during the early part of 2005 while deciding if I wished to remain on Earth, knowing that the main part of my work was complete and that I could now choose to go. The first part of this book details my personal healing journey. The second part of this book reveals the magic of meditation plus pragmatic tools to reenergize and find the perfect program for healing. The final section offers research on alternative diagnostic and treatment systems. Discover the door to the immortal’s way!
