To Whom it May Concern Louise Bourgeois, Gary Indiana, 2011 To Whom It May Concern is one of the final projects Louise Bourgeois completed, and is an apt demonstration of the enduring power of her work. Rich pinks, purples, reds and blues describe bodies comprising swollen bellies, heavy breasts, engorged phalluses and stooped torsos are presented in a series of pairings on facing pages. Deceptively simple in design, the varying intensity and range of colour within each figure reveals a dynamism in each repeated coupling of these headless, limbless bodies: male and female at their essential, and the relationship between the two, changing but the same. Indiana's short, visceral but lyrical texts are interspersed throughout and form a conversation with these images, an unconventional non-narrative, part of a broader dialogue about the barrier of flesh, about desire and intimacy. This Violette Editions publication, developed in collaboration with The Easton Foundation, faithfully reproduces in reduced size the original large-format artists' book, made in fabric in an edition of seven.

A Distant Shore Karen Kingsbury, 2021-04-27 The #1 New York Times bestselling author and “inspirational fiction superstar” (Publishers Weekly) presents this high stakes love story of danger, passion, and faith. She was a child caught in a riptide in the Caribbean Sea. He was a teenager from the East Coast on vacation with his family. He dove in to save her, and that single terrifying moment changed both of their lives forever. Ten years later Jack Ryder is a daring undercover agent with the FBI and Eliza Lawrence still lives on that pristine island. She’s an untainted princess in a kingdom of darkness and evil, on the brink of a forced marriage with a dangerous neighboring drug lord, a marriage arranged by her father. This time when Jack and Eliza meet, there’s a connection neither of them can explain. Both of their lives are on the line, and once again, the stakes are deadly high. Can they join forces in a complicated and dangerous mission, pretending to have a breathtaking love...without really falling? Sometimes miracles happen not once, but twice...along a distant shore.

The Films of John G. Avildsen Larry Powell, Tom Garrett, 2013-12-19 The life and work of American director John G. Avildsen is thoroughly examined in this detailed filmography and critical study. Each of the most significant films made by the Oscar-winning Avildsen is given a separate chapter, including such critical successes as *Joe* and *Save the Tiger*, and box-office blockbusters *Rocky* and its sequels and the *Karate Kid* series. The authors' observations on these and other titles—some well known, others less familiar—are enhanced by extensive production notes, and by commentary from John G. Avildsen himself. Cinema historian Jean Bodon of Sam Houston State University provides a foreword.

Sydney Pollack Janet L. Meyer, 2015-08-13 Jeremiah Johnson, *The Way We Were*, *Absence of Malice*, *Out of Africa*, *Tootsie*, *The Firm*, *Searching for Bobby Fischer*--Sydney Pollack has produced, directed or appeared in some of the biggest and most influential films of the last quarter century. His emergence in Hollywood coincided with those of such other innovative directors as John Frankenheimer, George Roy Hill and Sidney Lumet, and with them he helped develop a contemplative style of filmmaking that was almost European in its approach but retained its commercial viability. Film-by-film, this work examines the directorial career of Sydney Pollack. One finds that his style is marked by deliberate pacing, ambiguous endings and metaphorical love stories. Topically, Pollack's films reflect social, culture and political dilemmas that hold some fascination for him, with multidimensional characters in place that generally break the stereotypical molds of the situations. Pollack's directing efforts on television are also detailed, as are his production and acting credits.

Encyclopedia of the Documentary Film 3-Volume Set Ian Aitken, 2013-10-18 The Encyclopedia of the Documentary Film is a fully international reference work on the history of the documentary film from the Lumière brothers' *Workers Leaving the Lumière Factory* (1885) to Michael Moore's *Fahrenheit 911* (2004). This Encyclopedia provides a resource that critically analyzes that history in all its aspects. Not only does this Encyclopedia examine individual films and the careers of individual film makers, it also provides overview articles of national and regional documentary film history. It explains concepts and themes in the study of documentary film, the techniques used in making films, and the institutions that support their production, appreciation, and preservation.

Philosophy and Politics at the Precipice Gary M. Kelly, 2017-09-01 Philosophy and Politics at the Precipice maintains that political philosopher Alexandre Kojève (1901–68) has been both famously misunderstood and famous for being misunderstood. Kojève was famously understood by interpreters for seeing an end of history (an end that would display universal free democracies and even freer markets) as critical to his thought. He became famously misunderstood when interpreters, at the end of the twentieth century, placed such an end at the center of his thought. This book reads Kojève again – as a thinker of time, not its end. It presents Kojève as a philosopher and precisely as a time phenomenologist, rather than as a New Age guru. The book shows how Kojève’s time is inherently political, and indeed tyrannical, for being about his understanding of human relation. However, Kojève’s views on time and tyranny prove his undoing for making rule impossible because of what the book terms the time-tyrant problem. Kojève’s entire political corpus is best understood as an attempt to rectify this problem. So understood, *Philosophy and Politics at the Precipice* provides fresh perspective on the true nature of Kojévian irony, Kojève’s aims in the Strauss-Kojève exchange, and how Kojève at his best captures a philosophical, phenomenological time, one that marks some of the most dynamic and unique events of the twentieth century. Headlines have largely erased the notion that history has ended. *Philosophy and Politics at the Precipice*, on the other hand, provides the philosophical justification for arguing that the end of the last millennium was not an end and that, for his view of time, Kojève remains a thinker for the times ahead.

Existentialism and Excess: The Life and Times of Jean-Paul Sartre Gary Cox, 2016-09-08 Jean-Paul Sartre is an undisputed giant of twentieth-century philosophy. His intellectual writings popularizing existentialism combined with his creative and artistic flair have made him a legend of French thought. His tumultuous personal life - so inextricably bound up with his philosophical thinking - is a fascinating tale of love and lust, drug abuse, high profile fallings-out and political and cultural rebellion. This substantial and meticulously researched biography is accessible, fast-paced, often amusing and at times deeply moving. *Existentialism and Excess* covers all the main events of Sartre's remarkable seventy-five-year life from his early years as a precocious brat devouring his grandfather's library, through his time as a brilliant student in Paris, his wilderness years as a provincial teacher-writer experimenting with mescaline, his World War II adventures as a POW and member of the resistance, his post-war politicization, his immense amphetamine fueled feats of writing productivity, his harem of women, his many travels and his final decline into blindness and old age. Along the way there are countless intriguing anecdotes, some amusing, some tragic, some controversial: his loathing of crustaceans and his belief that he was being pursued by a giant lobster, his escape from a POW camp, the bombing of his apartment, his influence on the May 1968 uprising and his many love affairs. Cox deftly moves from these episodes to discussing his intellectual development, his famous feuds with Aron, Camus, and Merleau-Ponty, his encounters with other giant figures of his day: Roosevelt, Hemingway, Heidegger, John Huston, Mao, Castro, Che Guevara, Khrushchev and Tito, and,

above all, his long, complex and creative relationship with Simone de Beauvoir. Existentialism and Excess also gives serious consideration to Sartre's ideas and many philosophical works, novels, stories, plays and biographies, revealing their intimate connection with his personal life. Cox has written an entertaining, thought-provoking and compulsive book, much like the man himself.

Visible Hand Matthew Hennessey,2022-04-12 To most people, the word economics sounds like homework. In Visible Hand, Wall Street Journal op-ed editor Matthew Hennessey brings basic economic principles vividly to life in plain English, without resort to numbers, graphs, or jargon. This isn't Fed policy or the stock market. This is the essential stuff: supply and demand, incentives and tradeoffs, scarcity and innovation, work and leisure. A teenager should be able to discuss these things intelligently. Sadly, too few of us can explain them even in adulthood. Visible Hand equips readers with the essential vocabulary necessary to understand and explain how we make the choices we do. In Hennessey's hands, economics is far from the dismal science. It's the sparkling art of decision making. No homework necessary.

Art House ,2016-10-31 Leading art collector Chara Schreyer's forty-year collaboration with interior designer Gary Hutton has produced five residences designed to house 600 works of art, including masterpieces by Marcel Duchamp, Andy Warhol, Donald Judd, Louise Nevelson, Diane Arbus, and Frank Stella. Art House takes readers on a breathtaking visual tour of these stunning spaces, which range from an architectural tour-de-force to a high-rise gallery as home. An exploration of a life devoted to living with art and to designing homes that honor it, this title is an inspiration for art and design lovers alike.

Concrete Utopianism Gary Wilder,2022-08-09 Finalist, 2022 Big Other Book Award for Nonfiction Never before has it been more important for Left thinking to champion expansive visions for societal transformation. Yet influential currents of critical theory have lost sight of this political imperative. Provincial notions of places, periods, and subjects obstruct our capacity to invent new alignments and envision a world we wish to see. Political imagination is misread as optimism. Utopianism is conflated with idealism. Revolutionary traditions of non-liberal universalism and non-bourgeois humanism are rendered illegible. Negative critique becomes an end in itself. Pessimism is mistaken for radicalism and political fatalism risks winning the day. In this book, Gary Wilder insists that we place solidarity and temporality at the center of our political thinking. He develops a critique of Left realism, Left culturalism, and Left pessimism from the standpoint of heterodox Marxism and Black radicalism. These traditions offer precious resources to relate cultural singularity and translocal solidarity, political autonomy and worldwide interdependence. They develop modes of immanent critique and forms of poetic knowledge to envision alternative futures that may already dwell within our world: traces of past ways of being, knowing, and relating that persist within an untimely present; or charged residues of unrealized possibilities that were the focus of an earlier generation's dreams and struggles; or opportunities for dialectical reversals embedded in the contradictory tendencies of the given order. Concrete Utopianism makes a bold case for embracing what Wilder calls a politics of the possible-impossible. Attentive to the non-identical character of places, periods, and subjects, insisting that axes of political alignment and contestation are neither self-evident nor unchanging, reworking Lenin's call to "transform the imperial war into a civil war," he invites Left thinkers see beyond inherited distinctions between here and there, now and then, us and them. Guided by the spirit of Marx's call for revolutionaries to draw their poetry from a future they cannot fathom yet must nevertheless invent, he calls for practices of anticipation that envision and enact, call for and call forth, seemingly impossible ways of being together. He elaborates a critical orientation that emphasizes the dialectical relations between aesthetics and politics, political imagination and transformative practice, concrete interventions and revolutionary restructuring, past dreams and possible worlds, means of struggle and its ultimate aims. This orientation requires nonrealist epistemologies that do not mistake immediate appearances with the really real. Such epistemologies would allow critics to recognize uncanny and untimely aspects of social life, whether oppressive or potentially emancipatory. They may help actors to render the world subversively uncanny and untimely. They may clear pathways for the kind of critical internationalism and concrete utopianism that Left politics cannot afford to ignore.

The Top Books of the Year Gary Bourgeois The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthraling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. Gary Bourgeois : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Gary Bourgeois : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
