Compelling advice illustrated with memorable case examples.--Ann S. Masten, PhD, Irving B. Harris Professor of Child Development, University of Minnesota In a lifesaving guide for parents, Dr. Abigail Gewirtz shows how to use the most basic tool at your disposal--conversation--to give children real help in dealing with the worries, stress, and other negative emotions caused by problems in the world, from active shooter drills to climate change. Need for the Bike Paul Fournel,2021-01-04 A book like no other, Paul Fournel's Need for the Bike conducts readers into a very personal world of communication and connection whose center is the bicycle, and where all people and things pass by way of the bike. In compact and suggestive prose, Fournel conveys the experience of cycling--from the initial charm of early outings to the dramas of the devoted cyclist. An extended meditation on cycling as a practice of life, the book recalls a country doctor who will not anesthetize the young Fournel after he impales himself on a downtube shifter, speculates about the difference between animals that would like to ride bikes (dogs, for instance) and those that would prefer to watch (cows, marmots), and reflects on the fundamental absurdity of turning over the pedals mile after excruciating mile. At the same time, Fournel captures the sound, smell, feel, and language of the reality and history of cycling, in the mountains, in the city, escaping the city, in groups, alone, suffering, exhausted, exhilarated. In his attention to the pleasures of cycling, to the specific grain of different cycling experiences, and to the inscription of these experiences in the body's cycling memory, Fournel portrays cycling as a descriptive universe, colorful, lyrical, inclusive, exclusive, complete.

A People's Church Jeremy Morris,2022-04-07 'A masterly, vivid and original sketch, not just of the history but of the culture (or cultures) of the Church of England across nearly five centuries.' Rowan Williams, poet and former Archbishop of Canterbury It is hard to comprehend the last 500 years of England's history without understanding the Church of England. From its roots in Catholicism through to the present day, this is the extraordinary history of a familiar but much-misunderstood institution. The Church has frequently been divided between high and low, Evangelical and Anglo-Catholic. For its first 150 years people sacrificed their lives to defend it; the Anglican Church is and has always been defined by its complicated relationship to the state and power. As Jeremy Morris shows, the story of the Church - central to British life - has never been straightforward. Weaving social, political and religious context together with the significance of its music and architecture, A People's Church skilfully illuminates a complex and pre-eminent institution.

The Art of Logic in an Illogical World Eugenia Cheng,2018-09-11 How both logical and emotional reasoning can help us live better in our post-truth world In a world where fake news stories change election outcomes, has rationality become futile? In The Art of Logic in an Illogical World, Eugenia Cheng throws a lifeline to readers drowning in the illogic of contemporary life. Cheng is a mathematician, so she knows how to make an airtight argument. But even for her, logic sometimes falls prey to emotion, which is why she still fears flying and eats more cookies than she should. If a mathematician can't be logical, what are we to do? In this book, Cheng reveals the inner workings and limitations of logic, and explains why alogic -- for example, emotion -- is vital to how we think and communicate. Cheng shows us how to use logic and alogic together to navigate a world awash in bigotry, mansplaining, and manipulative memes. Insightful, useful, and funny, this essential book is for anyone who wants to think more clearly.

Being Mortal Atul Gawande,2014-10-07 #1 New York Times Bestseller In Being Mortal, bestselling author Atul Gawande tackles the hardest challenge of his profession: how medicine can not only improve life but also the process of its ending Medicine has triumphed in modern times, transforming birth, injury, and infectious disease from harrowing to manageable. But in the inevitable condition of aging and death, the goals of medicine seem too frequently to run counter to the interest of the human spirit. Nursing homes, preoccupied with safety, pin patients into railed beds and wheelchairs. Hospitals isolate the dying, checking for vital signs long after the goals of cure have become moot. Doctors, committed to extending life, continue to carry out devastating procedures that in the end extend suffering. Gawande, a practicing surgeon, addresses his profession's ultimate limitation, arguing that quality of life is the desired goal for patients and families. Gawande offers examples of freer, more socially fulfilling models for assisting the infirm and dependent elderly, and he explores the varieties of hospice care to demonstrate that a person's last weeks or months may be rich and dignified. Full of eye-opening research and riveting storytelling, Being Mortal asserts that medicine can comfort and enhance our experience even to the end, providing not only a good life but also a good end.

The Diaries of Nella Last Patricia Malcolmson,Robert Malcolmson,2012-09-27 The complete collection of the diaries of Nella Last 'I can never understand how the scribbles of such an ordinary person ... can possibly have value...' So wrote Nella Last in her diary on 2 September 1949. More than sixty years on, tens of thousands of people have read and enjoyed three volumes of her vivid and moving diaries, written during the Second World War and its aftermath as part of the Mass Observation project - and the basis for BAFTA-winning drama Housewife 49 starring Victoria Wood. The Diaries of Nella Last, brings together into a single volume the best of Nella's prolific outpourings, including a great deal of new, unpublished material from the war years. Capturing the everyday trials and horrors of wartime Britain and the nation's transition into peacetime and beyond, Nella's touching and often humorous narrative provides an invaluable historical portrait of what daily life was like for ordinary people in the 1940s and 1950s. Outwardly Nella's life was commonplace; but behind this mask were a penetrating mind and a lively pen.
