**Carpe Data: CONNECT** Jim Ryan, 2017-12-12 Have you ever had the feeling you were being guided down a specific path in life? A real, deep in your guts, crap in your pants inclination? What if you came to believe you were placed on this earth to do something that would change everything? What would you do? What would you be willing to do? Everything is connected. This much Jim Ryan figured out at a young age. But he also foresaw the application of this physical property in the digital world—a calling to connect every person on the planet to each other and to the collective intelligence of human kind. Through the realization of this vision, each of us can now do more, get more, access more than ever before thanks to a device we hold in our hand. But like many great discoveries, this new connectivity has a dark side. In this fast-paced, introspective memoir, written by one of the world's defining players

in the mobile revolution, Ryan takes us along on his quest to deliver what he first imagined in 1987; something he called the Total Interactive Communications Device (the TIC)—something we have all come to know as the smartphone.

Brand Failures Matt Haig, 2003 Praise and Reviews `You learn more from failure than you can from success. Matt Haig's new book is a goldmine of helpful how-not-to advice which you ignore at your own peril.` LAURA RIES, President, Ries & Ries, marketing strategists, and bestselling co-author of The Fall of Advertising and the Rise of PR and The 22 Immutable Laws of Branding `I thought the book was terrific. Brings together the business lessons from all the infamous brand disasters from the Ford Edsel and New Coke to today's Andersen and Enron. A must-buy for marketers.` PETER DOYLE, Professor of Marketing & Strategic Management, Warwick Business School, University of Warwick `If you are responsible for your brand, read this book. It might just be the best investment that you will ever make!` SHAUN SMITH, Senior Vice President of Forum, a division of FT Knowledge, and author of Uncommon Practice `Every marketer will read this with both pleasure and profit. Some of the stories are really enjoyable but the lessons are deadly serious. Read it, enjoy it, learn from it.` PATRICK BARWISE, Professor of Management and Marketing, London Business School `I highly recommend his book to everyone responsible for brand creation, development and management.` DR PAUL TEMPORAL, Brand Strategy Consultant, Singapore ([www.brandingasia.com](http://www.brandingasia.com)) and author of Advanced Brand Management `makes entertaining reading, but its message is serious and provides a valuable checklist of lessons learned.` MARKETING, April 2003 `Splendid advice` THE DAILY FOCUS (Korea) `Read it` SPORTS TODAY (Korea) What do Coca-Cola, McDonalds, IBM, Microsoft and Virgin

have in common? Yes, they are all global giants striding successfully across the world, but what they are less recognized for are all those branded products they've launched that have bombed -spectacularly and at great cost. Brand Failures is a riveting look at how such disasters occur. For the first time we're given the inside story of 100 major brand blunders that make for jaw-dropping reading. Matt Haig approaches his subject in a truly entertaining style - yes, this is a business book that is actually fun to read! But his message is deadly serious. He describes those brands that have set sail with the help of multi-million dollar advertising campaigns only to sink without trace. He also looks at acknowledged brand mistakes made by successful blue-chip companies and some lesser-known but hilarious bombshells. He reveals what went wrong in every case and provides for each a valuable checklist of lessons learnt, categorized as: classic failures; idea failures; extension failures; PR failures; culture failures; people failures; rebranding failures; Internet and new technology failures; tired brands. Companies live or die on the strength of their brand, and failure can be fatal. Don't let yours be consigned to the brand graveyard. A tour of Matt Haig's fascinating hall of failure will alert you to potential dangers and show you how to ensure a long, healthy life for your brand.
