The Gentlemen's Club Steve Garagiola, 2015-12-03 She is a graduate student at the University of Michigan, a gifted athlete with a generous outgoing nature and fashion model looks-- the kind of perfection easy to hate. But no one does. On a chilled spring night when she might otherwise labor over her thesis or polish an impressive resume, she grips a gun in her hand, and wonders how it came to this. When the sun rises on a new day, a man is dead, and she is gone. Eighteen months later, she surfaces in Detroit with a new name, new look, and a new life. No longer the All-American girl, we meet Annie Tremaine in a hotel bar where her practiced skills target philandering men looking for love in all the wrong places. Mike Springer has his own troubles. A disenchanted TV news reporter, he is challenged to deliver a blockbuster story or lose his job. When he happens to see the seductive con artist at work, he plots to use her to save his faltering career. Like the sexy drink-spiker in the clingy blue dress, his emotional distance is a practiced skill born in the wreckage of a single night long ago. The past confronts Annie Tremaine in the form of Frank Panetta, cool and unemotional, determined to exact revenge for his brother's murder. For him, violence serves as merely a mechanism by which he balances the books. Mike comes between this stalker and his prey making a dangerous enemy. But who is more dangerous, Frank Panetta or Annie Tremaine? When the woman vanishes, Mike is targeted by police as a suspect, and by Frank Panetta as an expendable link to the object of his revenge. As he untangles a web of secrets, Mike discovers the Gentlemen's Club, a sordid patchwork of arrogance, lust, and murder that binds all of their lives together. The truth lies on a

path of loss and betrayal, desperation and addiction, but ultimately redemption for two people seeking to satisfy their most basic human need-- to love and be loved.

A Lady's Finder Edie Cay,2022-03-01 Lady Agnes is a scandal thanks to her sister's marriage to a prizefighter. Or rather, she should be, but as a charitable spinster-to-be, she remains firmly invisible, even to those she loves. Always dutiful, Lady Agnes should be the toast of her family, but only if she marries well. Finding the prospect of wedding a man unpalatable, Lady Agnes cannot be the social savior of her sister. Suddenly, receiving attentions from the unpredictable and surprisingly resourceful Mr. Jack Townsend, Lady Agnes finds herself believing he might love her and not her dowry. After being overlooked for so long, can she believe he cares for her, or is she a means to an end as her family insists? Jack About Town is London's best Finder of Lost Things. What few realize is that Jack transcends the spheres of men and women, existing as both, or perhaps neither, sex. True, his most lucrative finds are pornographic artifacts for rich toffs. But now he has found Lady Agnes, a meticulous, generous, knock-down incredible lady who wears men's boots. Best of all, Lady Agnes accepts him in his entirety—a jewel so rare that even Jack is surprised he could find it. When Jack is commissioned to steal from Lady Agnes's cousin, can Jack find a way to prove his love and still earn the money he needs to protect himself and his home?

The Men's Club Leonard Michaels,1982

Annals of the Hobby Club of New York City, 1912-1920 Hobby Club New York,2019-10-04 In 1908, the Hobby Club was established as a gentlemen's club. Planned to be a space for people to showcase their special interests, the object of the Club shall be to encourage the collection of literary, artistic and scientific works; to aid in the development of literary, artistic and scientific matters; to promote social and literary intercourse among its members, and the discussion and consideration of various literary and economic subjects. Only a maximum of fifty

men were allowed to be members, and in order to gain admission to the club, one had to prove they had an interesting, well defined hobby. Members gathered around extravagant dinners while each regaled one another with collections, tales and other displays of their findings. This work offers some insight on the club, especially membership, topics of talks, and details on the dinners they shared.

A Gentleman's Club Richard Gordon,1988-01 A few traditional institutions remain in the modern world to nurture an exclusive male chauvinism and resistance to change. The members of the old Albany Club, however, find themselves obliged to respond to the demands of modern society when they must accept a woman as the new club secretary.

Hell Is Full of Strippers Isaac Ho,2012-08-22 I'll never forget the look of horror on her face when I told her I loved her. After failing to upgrade his friendship status into a romantic relationship, a young man finds himself served with a temporary restraining order. What ensues is his lurid search through the modern day hell of seedy strip bars and top shelf gentlemen's clubs to find the exotic dancer that can alibi his whereabouts on the night he's accused of being a violent stalker. Hell is Full of Strippers is a raw, uncompromising tale of sex and loss with contemporary stakes and consequences.

Minority Relations Greg Robinson,Robert S. Chang,2016-12-26 The question of how relations between marginalized groups are impacted by their common and sometimes competing search for equal rights has become acutely important. Demographic projections make it easy now to imagine a future majority population of color in the United States. *Minority Relations* sets forth some of the issues involved in the interplay among members of various racial, ethnic, and sexual minorities. Robert S. Chang initiated the Intergroup Conflict and Cooperation Project and invited historian Greg Robinson to collaborate. The two brought together scholars from different backgrounds and disciplines to engage a set of interrelated questions confronting groups generally considered minorities. This collection strives to stimulate further thinking and writing by social scientists, legal scholars, and policymakers on inter-minority connections. Particularly, scholars test the limits of intergroup cooperation and coalition building. For marginalized groups, coalition building seems to offer a pathway

to addressing economic discrimination and reaching some measure of justice with regard to opportunities. The need for coalitions also acknowledges a democratic process in which racialized groups face significant difficulty gaining real political power, despite such legislation as the Voting Rights Act.
