Marriages of Loudoun County, Virginia, 1757-1853 ,1985 Painstakingly compiled from marriage bonds, ministers' returns, marriage registers, court order books, fee books, deed books, and minute books, as well as parish registers and Quaker meeting records, this work is the comprehensive listing of the 12,000 persons who were married in Loudoun County from the date of its creation until the introduction of marriage licenses in 1853. And not only does the work provide us with a list of married couples but also with all the other information in the records likely to be of value to the researcher: date of marriage bond and ceremony, place of residence, age, names of parents or names of bondsmen, sureties, and witnesses.

The Mayor of Hornbach Stadtschultheiss Isaac Besse (1652-1725) Maria Besse,Thomas Besse,2005 Isaac Besse, son of Henri Besse (1624-1699) and Catherine Martin (1652-1725), was born in 1652 in Ste-Croix, Vaud, Switzerland. He married Anna Maria Scheel in about 1683 in Hornbach, Germany.

The Ordeal of Peace Adam R. Seipp,2016-03-03 Historians know a great deal about how wars begin, but far less about how they end. Whilst much has been written about the forces, passions, and institutions that mobilized societies for war and worked to sustain that mobilization through years of struggle, much less is known about the equally complex processes that demobilized societies in the wake of armed conflict. As such, this new book will be welcomed by scholars wishing to understand the effects of the Great War in its fullest context, including the reactions, behaviors, and attitudes of 'ordinary' Europeans during the tumultuous events of the years of demobilization. Taking a transnational perspective on demobilization this study demonstrates that the experience of mass industrial war generated remarkably similar pressures within both the defeated and victorious countries. Using as examples the important provincial centres of Munich and Manchester, this book examines the experiences of European urban-dwellers from the last year of the war until the early 1920s. Utilizing a wide variety of sources from more than twenty archives in Germany, Britain, and the United States, this book recovers voices from the period that are often lost in conventional narratives, capturing the richness and diversity of the ideas, visions, and conflicts engendered by those difficult and tumultuous years. The result is a book that paints a vivid picture of the difficulties that peace could bring to economies and societies that had rapidly and fully adapted to the demands of industrial world war.

Air Battle of Malta Anthony Rogers,2017-04-30 In the Second World War, Malta was besieged for nearly two and a half years, during which time a decisive air war was waged between Britain, Italy and Germany.This is part of that story, from the early days in June 1940, when only a few Gladiator biplanes were available to combat Italian bombers and fighters, to the intervention of the Luftwaffe and the tenuous defense by outclassed Hurricanes, culminating in the desperate months of fighting following the arrival on Malta of the Spitfire in March 1942.What became of the many aircraft destroyed over the Maltese Islands, and what was the fate of their pilots and crews?More than a thousand aircraft were lost. Many crashed into the Mediterranean; others came down on Malta and the neighboring island of Gozo. This book focuses on the latter some 200 British, Italian and German machines, and the fate of their pilots and crews. It reveals where those airplanes fell, thus providing a record that will continue to be valued by future generations.This comprehensive volume documents all known aircraft crash sites in and around the Maltese Islands and provides the circumstances of each loss are related in detail with accounts from both sides.In Germany especially there are many still unaware of the fate of family members who never returned after the Second World War. This book reveals what happened to some who even today are still officially listed as missing.

Clean Skins, Teeth and White Bones George Kiefer,2005-07-01

George Kiefer and the Necropolis of Ancon Linda Jeanne Jacobs,2012-10-09 In 1880, during the War of the Pacific between Peru, Bolivia, and Chile, the dictator of Peru hires Paul Boyton and George Kiefer to help break the Chilean blockade of the harbor at Callao, outside of Lima. Boyton plans to navigate out in a rubber life-saving suit and attach torpedoes to vessels in the blockading squadron. Boyton and Kiefer will attempt their task under the advance of the Chilean army, as it soundly and mercilessly destroys the remnants of the Peruvian defense and marches towards Lima. The United States tries to mediate the conflict, sends naval observers, and monitors Peru's leadership struggles, while the citizens of Lima fear for their families and possessions.

The red thread that became a blue Sigurd Saß,2024-01-15 Sigurd Saß spent the first two years of his life on the American continent, in faraway Brazil, but his parents soon moved with him to Germany. But this was only the beginning of a turbulent life full of exciting experiences and upheavals. After his Berlin apartment was bombed out, he moved to Hameln in Lower Saxony and later abroad to France and Spain. There he goes up and down - through theft, living in caves, surviving without money, to love, meeting Pablo Picasso and other art legends. But just as in Germany, a colorful trip follows through his involvement in the art scene. For the enthusiasm for painting burns from an early age in Sigurd and shows itself privately and professionally as a faithful companion in his development.
