John F. Kerry Michael Kranish,Brian Mooney,Nina J. Easton,2004 On Jan. 27, 2004, Senator John F. Kerry of Massachusetts accomplished one of the most spectacular turnarounds in modern American politics when he capped a surprise win in the Iowa caucus with a victory in the New Hampshire primary. The 2004 Democratic presidential nomination is now (in the words of Robert Novak) John Kerry's to lose. Who is the man leading in the race to become the Democratic Party's nominee for president in 2004? And what kind of political leader is he? The outlines of John Kerry's life are familiar: A decorated Vietnam veteran who became an influential, if unlikely, anti-war protester. A lanky 60-year-old who quenches his thirst for danger with high-speed kiteboarding, windsurfing, piloting, motorcycling, and, in some cases, driving. A senator with a reputation as an investigator and foreign policy expert. A man married to one of the richest women in America. But beyond this broad picture, Kerry is something of a mystery to the public, largely because of a complex yet riveting personal and professional history outlined in this book. *John F. Kerry: The Complete Biography*, the first full and in-depth book about the candidate's life, is based on a highly regarded series on Kerry published in the *Boston Globe*, plus years of additional reporting. It will explore his background, his service in the military (including significant experiences omitted from Douglas Brinkley's bestselling *Tour of Duty*), his early legal and political career, his legislative record and the remarkable turnaround in his political fortunes during the 2004 election cycle. This incisive, frank look at Kerry's life, and at his strengths and liabilities, is important reading for anyone interested in the presidential campaign.

The Return of the Moguls Dan Kennedy,2018-03-06 The Return of the Moguls chronicles an important story in the making, one that will affect more than just the newspaper business—it has the power to change democracy as we know it. Over the course of a generation, the story of the daily newspaper has been an unchecked slide from record profitability and readership to plummeting profits, increasing irrelevance, and inevitable obsolescence. The forces killing major dailies, alternative weeklies, and small-town shoppers are well understood—or seem obvious in hindsight, at least—and the catalog of publications that have gone under reads like a who's who of American journalism. During the past half-century, old-style press barons gave way to a cabal of corporate interests unable or unwilling to invest in the future even as technological change was destroying their core business. The Taylor family sold the *Boston Globe* to the New York Times Company in 1993 for a cool \$1.1 billion. Twenty years later, the Times Company resold it for just \$70 million. The unexpected twist to the story, however, is not what they sold it for but who they sold it to: John Henry, the principal owner of the Boston Red Sox. A billionaire who made his money in the world of high finance, Henry inspired optimism in Boston because of his track record as a public-spirited business executive—and because his deep pockets seemed to ensure that the shrunken newspaper would not be subjected to further downsizing. In just a few days, the sale of the *Globe* was overtaken by much bigger news: Jeff Bezos, the founder of Amazon and one of the world's richest people, had reached a deal to buy the *Washington Post* for \$250 million. Henry's ascension at the *Globe* sparked hope. Bezos's purchase seemed to inspire nothing short of ecstasy, as numerous observers expressed the belief that his lofty status

as one of our leading digital visionaries could help him solve the daunting financial problems facing the newspaper business. Though Bezos and Henry are the two most prominent individuals to enter the newspaper business, a third preceded them. Aaron Kushner, a greeting-card executive, acquired California's Orange County Register in July 2012 and then pursued an audacious agenda, expanding coverage and hiring journalists in an era when nearly all other newspaper owners were trying to avoid cutting both. The newspaper business is at a perilous crossroads. This essential book explains why, and how today's new crop of media moguls might help it to survive.

The Topeka School Ben Lerner, 2019-10-01 A NEW YORK TIMES, TIME, GQ, Vulture, and WASHINGTON POST TOP 10 BOOK of the YEAR ONE OF BARACK OBAMA'S FAVOURITE BOOKS OF THE YEAR Finalist for the Los Angeles Times Book Prize, and the National Book Critics Circle Award Shortlisted for the Rathbones Folio Prize Winner of the Hefner Heitz Kansas Book Award From the award-winning author of 10:04 and Leaving the Atocha Station, a tender and expansive family drama set in the American Midwest at the turn of the century, hailed by Maggie Nelson as Ben Lerner's most discerning, ambitious, innovative, and timely novel to date. Adam Gordon is a senior at Topeka High School, class of '97. His mother, Jane, is a famous feminist author; his father, Jonathan, is an expert at getting lost boys to open up. They both work at a psychiatric clinic that has attracted staff and patients from around the world. Adam is a renowned debater, expected to win a national championship before he heads to college. He is one of the cool kids, ready to fight or, better, freestyle about fighting if it keeps his peers from thinking of him as weak. Adam is also one of the seniors who bring the loner Darren Eberheart--who is, unbeknownst to Adam, his father's patient--into the social scene, to disastrous effect. Deftly shifting perspectives and time periods, *The Topeka School* is the story of a family, its struggles and its strengths: Jane's reckoning with the legacy of an abusive father, Jonathan's marital transgressions, the challenge of raising a good son in a culture of toxic masculinity. It is also a riveting prehistory of the present: the collapse of public speech, the trolls and tyrants of the New Right, and the ongoing crisis of identity among white men.

Every Life a Story Natalie Jacobson, 2022-05-02 Throughout her forty-year career in broadcast television, including thirty-five as a reporter and anchor on Channel 5 in Boston, Natalie Jacobson told the stories of countless lives. Now she tells her own. *Every Life a Story* takes readers behind the scenes of the extraordinary career of a woman who rose from an immigrant childhood in Chicago to become the first woman to anchor the evening news in Boston. Natalie was among the most trusted people of greater Boston. Her viewers thought of her as family. Natalie brings readers on an uplifting journey possible only in America. When faced with no girls need apply, she saw a challenge, not an obstacle. Her father had set an example of fortitude, educating himself and rising from cab driver to president of Gillette North America. Generations of viewers recall Natalie and her husband Chet Curtis as Nat and Chet, beloved co-anchors of NewsCenter5 on WCVB-TV Boston. The New York Times referred to them as the de facto first couple of Boston, very likely the city's best-known conveyors of news since Paul Revere. Their lives

seemed an open book as trials of sickness, death, pregnancy, birth, parenting, working motherhood, and eventually divorce played out on a very public stage. Ultimately, this book offers a sharp contrast to today's divisive media landscape. Believing EVERY life is a story, Natalie feels, This book is as much your story as it is mine. We reporters were there to give you information that was accurate, information to help you make informed decisions. We invited you to be part of it and you were. I used to hope when you tuned in to our newscast, you took a deep breath and relaxed, feeling you were among friends. You were home. I hope this book brings you the same comfort.
