Korean Musical Drama: P'ansori and the Making of Tradition in Modernity Dr Haekyung Um, 2014-02-28

P'ansori is the quintessential traditional Korean musical drama, in which epic tales are sung and narrated by a solo singer accompanied by a drummer. Drawing on her extensive research in Korea and its diasporas, Haekyung Um describes and analyses the creative processes of p'ansori, weaving into her discussion musical, social and cultural aspects that include the evolution of p'ansori performance, origins and historical development, textual and musical materials, stylistic features of different p'ansori schools, transmission of knowledge, aesthetics, and changing interpretations of tradition. Also explored is the complexity of historical and contemporary influences that give shape to p'ansori as a 'living tradition' across the ages and into the present, and as a cultural icon with an enduring narrative and emotional impact. Social, economic and political dynamics are

created in the nexus of traditional feudal values, colonial modernity and nationalism. The impact of aspects of late modernity such as technology, mass media, migration and globalization, has transported p'ansori into digital and transnational domains. By bringing all these creative and contextual processes together, Haekyung Um explains how a tradition is created, maintained and redefined by the dynamic interactions of agents, values, meanings, strategies, identities and artistic hybridity.

Gold Rush Stories Gary Noy, 2017-05-01 From the author of *Hellacious California!*, deeply human stories of the California Gold Rush generation, full of brutality, tragedy, humor, and prosperity. In less than ten years, more than 300,000 people made the journey to California, some from as far away as Chile and China. Many of them were dreamers seeking a better life, like Mifflin Wistar Gibbs, who eventually became the first African American judge, and Eliza Farnham, an early feminist who founded California's first association to advocate for women's civil rights. Still others were eccentrics—perhaps none more so than San Francisco's self-styled king, Norton I, Emperor of the United States. As *Gold Rush Stories* relates the social tumult of the world rushing in, so too does it unearth the environmental consequences of the influx, including the destructive flood of yellow ooze (known as “slickens”) produced by the widespread and relentless practice of hydraulic mining. In the hands of a native son of the Sierra, these stories and dozens more reveal the surprising and untold complexities of the Gold Rush. “Seamlessly fuses academic rigor, original reporting and emotional

intensity into one meditation on an era.... If the task of the historian is to be faithful to lost truths, then Noy's latest exploration succeeds on every level, and does so in a way that will keep readers wanting to dig deeper into the past."—Scott Thomas Anderson, *Sierra Lodestar* "An original and lively look at all the usual suspects, plus bears, weather, women, Joaquín, disappointment and dissipation.... Exhaustively researched and highly entertaining."—JoAnn Levy, author of *They Saw the Elephant: Women in the California Gold Rush*

The Mouse Machine J P. Telotte,2010-10-01

Throughout Disney's phenomenally successful run in the entertainment industry, the company has negotiated the use of cutting-edge film and media technologies that, J. P. Telotte argues, have proven fundamental to the company's identity. Disney's technological developments include the use of stereophonic surround sound for *Fantasia*, experimentation with wide-screen technology, inaugural adoption of three-strip Technicolor film, and early efforts at fostering depth in the animated image. Telotte also chronicles Disney's partnership with television, development of the theme park, and depiction of technology in science fiction narratives. An in-depth discussion of Disney's shift into digital filmmaking with its Pixar partnership and an emphasis on digital special effects in live-action films, such as the

Pirates of the Caribbean series, also highlight the studio's historical investment in technology. By exploring the technological context for Disney creations throughout its history, The Mouse Machine illuminates Disney's extraordinary growth into one of the largest and most influential media and entertainment companies in the world. Hardback is unjacketed.

Amateur Musical Societies and Sports Clubs in Provincial France, 1848-1914 Alan R. H. Baker, 2017-09-14 This book explores leisure-related voluntary associations in France during the nineteenth century as practical expressions of the Revolutionary concept of fraternité. Using a mass of unpublished sources in provincial and national archives, it analyses the history, geography and cultural significance of amateur musical societies and sports clubs in eleven départements of France between 1848 and 1914. It demonstrates that, although these voluntary associations drew upon and extended the traditional concept of cooperation and community, and the Revolutionary concept of fraternity, they also incorporated the fundamental characteristics of competition and conflict. Although intended to produce social harmony, in practice they reflected the ideological hostilities and cultural tensions that permeated French society in the nineteenth century.

Heart of Gold, the Musical Laureen

Kuhl, 2011-11-01 Hope Rises From The Ashes... No one planned to stay in the Porcupine Camp. All anyone hoped for was to find gold fast and get on the next train home. But when the Great Fire of 1911 strikes, something strange happens, and the people of the Porcupine Camp discover that gold isn't only found in the ground... .. It is found in each other. Based on true events that occurred during the Porcupine Gold Rush of the early 20th century, Heart of Gold is a new musical theatre creation exploring the romance, adventure, and hope that is synonymous with Canadian History.

Reviews from the amateur premiere: Heart of Gold an 'amazing' production By Wayne Snider, The Daily Press (Timmins) ...The story of the community bouncing back from the Great Fire of 1911 needed to be told in a manner that carried the audience through a range of emotions - from sorrow and fear to laughter and joy... It did, allowing the performance to flow north as naturally as the Porcupine River. ... the final production is absolutely amazing. Right from the beginning - where after the initial gold discovery, wave after wave of various immigrant groups dance onto the stage in search of the same prize - to the end where formal rivals become a loving, caring community, the audience is hooked... The story, written by Laureen Kuhl, introduces us to characters that the audience cares about from the beginning. It provides a very human story - mixing romance and greed together - that not only succeeds in telling the story of the Great Fire, but is truly entertaining. There are great moments of laughter, such as when all the guys are teasing the would-be womanizing francophone Andre LeRoux (superbly portrayed by Thomas Vezina) to when Andre is poking fun at the best attempts to read French by leading lady Caroline Mayben-Flowers (an admirable performance by Catarina Ciccone). These are pioneer scenes that one could picture taking place today - making the historic tale relatable to a modern audience. The music... adds an entire new dimension to the story of Timmins. Individual tunes like Come On Come to the Porcupine and Gold Runs Down in Rivers could easily stand on their own. But as a key part of the story, it helps form

the cultural mosaic that is Heart of Gold.... The audience connects with Heart of Gold on all levels. There was a real sense of awe and fright when it was realized the Great Fire was bearing down on the pioneer community... As characters mourn the loss of life on stage, the audience shares the emotional experience. It was one of the most powerful theatrical moments ever seen on stage in Timmins. Overall, the cultural Avengers of Timmins have assembled one truly magical, creative and entertaining showpiece... Link: <http://www.timminspress.com/2012/06/10/heart-of-gold-an-amazing-production> It was a masterful piece... the show felt real. From Blogger Naomi: ... (It) made you feel as though you were peaking in through a window back in 1911... We had the opportunity to feel fear, hatred, love, hope, joy, mourning and relief over the course of the play and it was a masterful piece performed from the heart to celebrate this wonderful community. What a wonderful show- I only wish I was able to stay in town to enjoy it again Link: <http://windingdownwithnaomi.blogspot.ca> From Anthony Roberts at the Timmins Daily Press: ... What a treat. Well done. It deserves a TIMMINS OSCAR. A night to remember. Link: <http://www.timminspress.com/2012/06/11/heart-of-gold-musical>
