Director, 2012-12-19 HR managers are under intense pressure to become strategic business partners. Many, unfortunately, lack the technical skills in financial analysis to succeed in this role. Now, respected HR management educator Dr. Steven Director addresses this skill gap head-on. Writing from HR's viewpoint, Director covers everything mid-level and senior-level HR professionals need to know to formulate, model, and evaluate their HR initiatives from a financial and business perspective. Drawing on his unsurpassed expertise working with HR executives, he walks through each crucial financial issue associated with strategic talent management, including the quantifiable links between workforces and business value, the cost-benefit analysis of HR and strategic financial initiatives, and specific issues related to total rewards programs. Unlike finance books for non-financial managers, *Financial Analysis for HR Managers* focuses entirely on core HR issues, including: How do you model HR's financial role in corporate strategic initiatives such as the introduction of a new product line? How do you select bonus drivers to send the right signals to managers? How do you design compensation packages that are fully consistent with your goals? How do you identify and manage pension-finance costs and risks that can dramatically impact the long-term financial health of the business?

Escaping From Houdini Kerri Maniscalco, 2018-09-18 The #1 bestselling series that started with *Stalking Jack the Ripper* and *Hunting Prince Dracula* continues its streak in this third bloody installment . . . Audrey Rose and Thomas Cresswell find themselves aboard a luxurious ocean liner that becomes a floating prison of horror when passengers are murdered one by one, with nowhere to run from the killer. Embarking on a week-long voyage across the Atlantic on the opulent RMS *Etruria*, Audrey Rose Wadsworth and her partner-in-crime-investigation, Thomas

Cresswell, are delighted to discover a traveling troupe of circus performers, fortune tellers, and a certain charismatic young escape artist entertaining the first-class passengers nightly. But privileged young women begin to go missing without explanation, and a series of brutal slayings shocks the entire ship. The strange and disturbing influence of the Moonlight Carnival pervades the decks as the murders grow more and more bizarre. It's up to Audrey Rose and Thomas to piece together the gruesome investigation before more passengers die before reaching their destination. But with clues to the next victim pointing to someone she loves, can Audrey Rose unravel the mystery before the killer's horrifying finale?

Desperate to rescue her brother, Edna sets off across the kingdom to the hags' swamp, with Ike in tow. There, they learn Coglings are also replacing nobility so the hags can stage a rebellion and rule over humanity. Edna and Ike must stop the revolt, but the populace believes hags are helpful godmothers and healers. Brekky Central Adam Boland,2014-10-08 'I thought I knew a bit about breakfast TV. I was wrong. What we see is nothing compared to what goes on behind the scenes. I was fascinated to read this brutally honest account of so many stories that have become Australian media folklore. The characters, the drama, the egos. It is an unflinching account from the man who has arguably had a greater impact on the way we watch TV than anyone since Graham Kennedy.' MIA FREEDMAN Between Sunrise and The Morning Show, Adam Boland oversaw thirty hours of network television a week, turning a daggy finance nerd and a suburban mum into household names. He even helped propel Kevin Rudd into The Lodge. Now, for the first time, he takes us behind the camera, inside the Sunrise family. Brekky Central is the story of the most competitive timeslot on television; the stakes are high and so are the pressures on those who show up each morning to win the ratings. Along the way, celebrities do what celebrities do, television executives outmanoeuvre each other and presenters succeed or fail. This is a world of hellishly long hours, of silliness and seriousness, an extraordinary mix of egos, scandals and drama but also a celebration of the magic that is television.
