On Elegance While Sleeping Emilio Lascano Tegui, 2010-11-30 The first English translation of the self-proclaimed Viscount Emilio Lascano Tegui—a friend of Picasso and Apollinaire, and a larger-than-life eccentric in his own right—*On Elegance While Sleeping* is the deliciously macabre novel, part *Maldoror* and part *Dorian Gray*, that established its author's reputation as a renegade hero of Argentine literature. It tells the story, in the form of a surreal diary, of a lonely, syphilitic French soldier, who—after too many brothels and disappointments—returns from Africa longing for a world with more elegance. He promptly falls in love with a goat, and recalls the time, after a childhood illness, when his hair fell out and grew back orange—a phenomenon his doctor attributed to the cultivation of carrots in a neighboring town. Disturbing, provocative, and mesmerizing, *On Elegance While Sleeping* charts the decline of a man unraveling due to his own oversensitivity—and drifting closer and closer to committing a murder. from *On Elegance While Sleeping*: I was born in Bougival. The Seine flowed through our village. Fleeing from Paris. Its dark green waters dragged in the grime from that happy city. As the river crossed our town, it jammed the millwheel with the shy bodies of drowning victims hidden beneath its surface. Their trip ended with a final shove. They didn't drain easily through the sluice gates as the water passed under the mill and so it happened, occasionally, that one of their arms would go through without them, reaching into the air in a gesture of help. I fished out a number of these bodies as a child. Like the mailman in town who was famous for bringing news of a death, I was known for discovering the most cadavers. It gave me a certain aura of fame among my comrades, and I prided myself on the distinction. I threatened the other children my age that I was going to find them too, the day they drowned.

Neon Eulogy Keith McKellar, 2001 In *Neon Eulogy* street artist Laughing Hand sketches a disappearing landscape of cafes, theatres and streets, documenting a neglected heritage of neon landmarks - most now lost. McKellar's detailed line drawings are accompanied by a wonderful anecdotal history of the rise and fall of each unique establishment.

Love Hates Betta Morgan, Kris Morgan, 2011-01-06 Reality is harsh. It's the fine line that makes up how the rules go for us in life. There are not always easy rules that you can slide with or fun rules that you can twist and make your own. There are however some ways that reality can be just too much for one human to handle and that's when a human gets lost in a world called FANTASY! Fantasy is not harsh. Fantasy is easy, it's simple, and it can make life

a game: it can turn almost anything into a playground. Its the place where I met a guy, the guy that makes a big change in my life and turns my life from real life into fantasy. He shows me how to make the the fine line clear enough so that I could walk the line without falling. But if I do fall I know that he will catch me. So what is my Fantasy? It all started with my family vacation one summer. The vacation I will not soon forget and the boy that will forever change my life. My name is Ellen Smith. My story is unlike anything I could have imagined. The ending seems to never come. The grave is only a dream. Is it a dream or a nightmare? Is it fantasy or reality? I am not really sure, so lets start at the beginning.
