Guru Nanak Sahibs Life and Teachings Harjinder Singh Dilgeer,Gurjit Sahota,2019-03-25 When in 1469 Guru Nanak was brought to the world by the grace of the almighty, he revolutionised religious thinking through his poetry and life style. This poetry was by no means poetry in the conventional sense of literature that uses aesthetic and rhythmic qualities of language. It was however divinely inspired poetry, written at metre to evoke prosaic meaning. Guru Nanak chose the methodology of using poetry to convey his divine message rather than the use of mythical stories, statements etc so that the words would penetrate the minds, souls and hearts of the listener, and then become ingrained in the individual so much so that the devotee would then become the mirror image of the poems in his thoughts, speech and actions and thus live the Sikh way of life. Guru Nanak knew that those most in need of spiritual guidance were also those who were down trodden, illiterate and at the mercy of the priestly class who held the privilege of reading and reciting the holy texts of the time. Thorough poetry that could be sung, spoken, read, listened to and crucially meditated upon, Guru Sahib would be able to reach the masses with his loving and all-encompassing teachings of God. Though Guru Ji's writings have remained the same since they were penned by him some 500 years ago, their deep inner meaning has unfortunately remained in the domain of the Sikh priestly class. Translations of Guru Nanak's hymns in to English have to date, failed to provide adequate meaning to the verses which are rich and truly deep in their connotation. It was with this in mind that I began researching Guru Nanak's life and his various compositions to provide the English reader an accurate biography of Guru Nanak and to uncover the inner meanings of his poetry which is a divine gift for the religiously thirsty and to humanity itself. It is with immense thanks to the following people that I have been able to produce this small book that I hope will be revealing and enjoyable to those with an interest in Guru Nanak Sahib and Sikhi.Dr. Harjinder Singh Dilgeer who has been kind enough to permit me to use his many books in the writing of this book. The ardent reader and researcher of Sikhism is strongly advised to read books written by Dr. Harjinder Singh Dilgeer especially his 'Sikh History' in 10 volumes. I would also like to thank the GurSikhs 'Harjinder Singh' (aka Man in Blue of the Netherlands), Saroop Singh and Kamalroop Singh (both of the UK) for helping me to translate and explain the Shabads. I would also like to thank my good friend 'Philip Scott' of London for going through the manuscript of this book and correcting the mistakes.Lastly I would like to thank 'VaheGuru Ji' for giving me the strength to write this book about the great and magnificent Guru Nanak Sahib who gave the world the great religion of Sikhi.

SENTIMENT ANALYSIS OF ENGLISH TWEETS USING DATA MINING Dr. Gaurav Gupta,Dr. Gurjit Singh Bhathal,2018-03-26 Due to the popularity of internet it becomes very easy for people to share their views over social networking websites. Most popular website among them is twitter. Twitter is a widely used social networking website that is used by the numerous people to give their opinion regarding a particular topic or product. So, today it becomes necessary to analyze the tweet of the people. The process to analyze and interpret the tweets is known as sentiment analysis. The main motive of this project is to identify how the tweets on the social networking website are used to identify the opinion of people regarding the particular product or policy. Twitter is a online website that allows the user to post the status of maximum 140 characters. Twitter has over 200 million registered users and 100 million active users [34]. So it comes to be a great source of valuable information. This project aims to develop a better way for sentiment analysis which is nothing a simple way to classify the tweets into positive, negative or neutral. The result of the sentiment analysis can be used by various organizations. Sentiment analysis can be used for forecasting the stock exchange, used to predict the popularity of any product in market, or used to predict the result of elections based on the public views on the social sites. The main motive of project is to develop a better way to accurately classify the unknown tweets according to their content.

Justice Through Public Interest Litigations Navkiran Singh,2022-03-19 The state of Punjab witnessed a great deal of Political turmoil between the years 1984 and 1994 on account of political uprisings demanding more power to the state. Human rights violations were rampant and were used as a means to quell anti-State rhetoric. To combat this, a group of lawyers came together and fought against State repression while forming a non-profit organization in the 1990's titled "LAWYERS FOR HUMAN RIGHTS INTERNATIONAL". Their motto was to uphold Human rights using Public Interest Litigation as a tool. This book is a compilation of the Public Interest litigations (PILs) filed in The High Court of Chandigarh by the author Advocate Navkiran Singh written with the hope of inspiring young Lawyers, Social activists and Human Rights enthusiasts. Its aim is to pass down knowledge and experience to young, pro-democracy citizens of India. It throws light on how Public Interest Litigations can be used as a tool not only to uphold justice and Human Rights but to also strengthen India as a democracy.

How Realist Is India's National Security Policy? Kanti Bajpai,2023-03-30 In managing national security, how Realist is India in terms of cultivating and using power and especially military power? A conventional view of India is that it has been uncomfortable with realism or 'power politics' as a guide to policy. This volume shows that it has been more realist than is generally recognized and that it has increasingly become comfortable with power in the service of its interests. The essays in this volume Examine the different aspects and types of realism in India's national security policy Include a range of perspectives from academics as well as former military officers and diplomats Focus on India's military and foreign policy in dealing with China, Pakistan, the United States, Southeast Asia, and West Asia. This key volume will be indispensable to scholars and researchers of politics and international relations, defence and strategic studies, and South Asian studies and to government officials, journalists, and general readers interested in the external dimensions of India's national security.

Dragon Fire Humphrey Hawksley,2011-12-12 At 0500 on Tuesday 3 May 2005, a lone Antonov-32 transport flies through the dawn light over the Himalayas and approaches the Tibetan capital, Lhasa. Its destination is the notorious Drapchi Prison, where some of the most revered Tibetan leaders are being held. The aircraft's loading bay is lowered. The sky is filled with mushroom grey parachutes. In a few minutes, troops of the People's Republic of China are fighting invaders. Far to the West, Paskistani FCI multi-role combat aircraft roar across the Line of Control and pound the strategic outpost of Kargil. Heliborne troops follow to raise the national green crescent flag on Indian territory.Suddenly the three-sided war so dreaded in Asia - India versus China and Pakistan - is happening. Nuclear arsenals are being readied in all three countries. Dragon Fire is a totally gripping thriller with a horrifying and wholly believable conclusion. Humphrey Hawksley's tense prose bristles with knowledge and insight into the most explosive political area in the world. But what makes it all the more terrifying is that it's all based on fact. ' . . . takes the thriller in an important new direction' Craig Thomas

Lost Generations Manjit Sachdeva,2013-07 Lost Generations is a tragicomic, at times hilarious, saga of a well-off Sikh family forced out of Rawalpindi during the partition of Punjab in 1947. The story follows the family's struggles and partial rehabilitation as they settle in Delhi, attempting to keep up the appearances of their affluent past and preserve their old mores. Around them, however, the world is disintegrating, and eventually, they face death, destitution and an uncertain future once again in 1984. Lost Generations is a story of misogyny, sexism, racism, intolerance, corruption, exploitation, and materialism all innate to Indian society.

Identity and Survival Kirpal Dhillon,2006-12-22 Drawing on his experiences in Punjab as director general of police from 3 July 1984—within weeks of Operation Blue Star—to 22 August 1985, Kirpal Dhillon writes about the phase of militancy in the state as not just a law and order problem but a question of Sikh nationalism, of a minority under threat. This is an insider’s view of the factors that bedeviled Punjab for close to two decades. Coming from a man who witnessed the drama first-hand and analyzed its historical causes, this book is a valuable addition to literature on the Sikh community’s darkest years—a phase that is not necessarily over.

By Land and Sea V. R. Raghavan,1986 This Book Chronicles The Annals Of The Punjab Regiment Over The Last Two Decades In A Simple And Redable Manner. This Period Has Been The Regiment Winning Many More Laurels And Attaining Greater Heights. The Fronts Where `Galley-men` Have Earned Accolades Have Been In The Fields Of Border Guarding; In Dealing With The Sensitive Punjab Problem; At The Kargil Theatre; In Winning The Hearts And Minds Of Our Brethren Of Jammu And Kashmir And Those Of The Eastern States; In Providing Frequent Aid To Civil Authorities; In Sports And Adventure Activities, Et Al.

The Sikhs of the Punjab Joyce Pettigrew,1995-04-27 Village people in the Punjab have lived with the terror of the conflict between Sikh militants and Indian security forces since the attack on the Sikh Golden Temple in 1984. In this remarkable book, a courageous anthropologist who knows the region intimately presents a very human portrait of the struggle. She argues that, despite its apparent defeat, it can only be in abeyance while the root causes, which have prompted so many young Sikhs to take up arms and fight for an independent Khalistan, remain unaddressed. Through the skilful use of interviews, Dr Pettigrew takes us into the worlds of Punjabi farmers, Sikh militants, and the police commanders responsible for containing a vicious conflict whose ramifications have spilled beyond the Punjab into wider Indian politics.
