Their first assignment is to find and retrieve two aging Soviet nuclear weapons that were smuggled into China to destroy its major cities and are on a countdown to detonation. They soon learn that the face behind this act of terror is Awalmir Afridi, the former leader of the Protectors of Islam, who the world believed to be dead following a US and China cruise missile attack that decimated his strongholds. Helping Afridi is a wealthy Saudi businessman and member of the royal family. When the Saudi government discovers what's happening, they fear the retribution that would follow. Lacking the resources to retrieve the weapons on their own, they inform the Russian and Chinese governments separately that they've uncovered a terrorist plot to smuggle former Soviet nuclear devices into China. Because China is economically critical to Russia, Putin is determined to retrieve the weapons and deny that former Soviet nuclear devices were ever held by terrorists. To accomplish this, he sends a war-hardened colonel, Vasily Kvachkov, to do whatever it takes to get them back from fanatics who'd rather die than surrender them. The problem is, he no idea where they are. When an internet video is released that shows the heads of state kneeling before the flag of the Protectors of Islam, the question of who abducted them and what they want is answered. With each countrys intelligence agencies paralyzed by a lack of clues, Matt Moretti and his Chinese agent counterpart, Han Li, work outside their organizations bureaucracies to find the leaders. After they uncover a conspiracy focused on attaining a singular objective at any cost, Moretti and Li are arrested for interfering with the investigation. Now they must outrun the army, make sense of complex clues, and race to find the presidents before their abductors carry out their evil plan. The Cabal Alan Refkin,2022-09-13 The Cabal has secretly expanded its grip on world economies, governments, corporations, and other centers of influence for decades. Founded by a mysterious person known as the thin man, its goal is to create a new world order—an authoritarian and borderless world under one government. With its members in strategic positions within global technology and social media companies, senior government positions, and enormous investment funds, they've pushed its narrative to billions of users until their beliefs have become mainstream. Those within the Cabal don't want to change the world for altruistic or egalitarian reasons. Instead, they want to establish perpetual global monopolies that would ensure extreme generational wealth while advocating that centralized government control creates greater economic stability, ratchets down global tensions, and establishes a society of equals. Standing in the way of this seemingly unstoppable juggernaut is Nemesis, an ultra-secret off-the-books organization that doesn't follow a rulebook. In this latest Matt Moretti-Han Li thriller, when the Cabal discovers Nemesis is after them, it uses its considerable global influence and piles of cash to frame them as terrorists. Hunted by several governments, including their own, and with time running out, they must stop the Cabal before it initiates a world-unifying event that will forge its global consolidation of power and create a new world order.

The Chase Alan Refkin,2022-10-12 Lieutenant Colonel Doug Cray, the leader of a presidential special ops team, hasn't been on vacation in years. Recovering from an assassin's bullet, he decides that taking a cruise down the Amazon River would fulfill his childhood dream of seeing the rainforest and provide a much-needed rest. However, the thin man, who hired the assassin, isn't going to give up on killing him. After learning that Cray is taking an Amazon cruise, he bribes a corrupt Brazilian Army colonel to shoot down the floatplane taking him to the ship. Although that succeeds, and he's presumed dead, the thin man wants a photo of the body as proof. However, the only way to get that is for the Brazilian colonel to send his military death squad into the jungle to get a picture of the corpse or put a bullet into the ex-Army Ranger if he somehow miraculously survived. There's one problem: the coordinates of where the plane went down show it's in the Javari Valley—the most unexplored area on the planet for which no map exists, headhunters roam with abandon, and the dense jungle canopy blocks all communications and navigational data. Unable to contact his special ops team in Washington, who have vowed to leave him alone, believing he's having a great time sucking down drinks and eating gourmet meals on the luxury ship, Cray knows he's living on borrowed time after seeing his badly infected wound and unable to find his way out of the unmapped valley. As if things couldn't get worse, the military squad finally finds him, and the chase ensues. In this latest Matt Moretti-Han Li thriller, Cray must get out of the most hostile jungle on the planet while being chased by an experienced military death squad and battling an infection rapidly spreading through his body.

The Water Lily Pond Han Z. Li,2006-01-01 This evocative narrative draws us into the inner life of a young Chinese peasant girl, May-ping, and her first glimmerings of youthful love and idealism under the Maoist regime in China. As she grows into a mature woman, she becomes increasingly aware of the strife around her. An intelligent girl born into a Poor-Class family in a small village in rural China, she is, because of the Maoist policy towards such families, able to pursue her dream of going to university. To her surprise, urban snobbery and "student thought-spying" at university make it essential for her to hide her real thoughts. Such self-protection becomes especially necessary once her idealistic boyfriend Dan — a secret boyfriend because young people were forbidden to be romantically involved — is sent to a labour camp for his outspoken ways. In her village, she learns that everything has value except the lives of girls and women. One of her childhood friends, a landowner's daughter who because of her family's Landlord Class, is not allowed to go to university drowns herself when forced to face an arranged marriage. Hua-Hua, a shy and gentle neighbour, hangs herself after her husband beats her brutally for not bearing him a son. May-ping manages to survive the Cultural Revolution as a member of the Communist party who feels outside the system and keeps her inner self intact. Her story reveals how political change during the Maoist regime left its mark on ordinary people. Employing stories within stories, the narrator carries the reader to a mythological realm to images of the resilient water lilies and the nurturing lily pond.

The Father of Non-Han Chinese Linguistics Li Fang-Kuei Peter Li,2017-01-17 What is linguistics? What does a linguist do? . . . He studies the way people speak. . . . What! Thats ridiculous? Who does not know how to speak except a deaf-mute? What is there to study? Li Fang-Kuei, one of the foremost Chinese linguists in the world, encountered the skepticism of his prospective mother-in-law in the 1920s when he returned to China and wished to ask her daughters hand in marriage. Li studied general linguistics at the University of Chicago with Edward Sapir. His research in American Indian languages took him into the wilds of northern Canada; his study of non-Han ethnic minority languages in China took him to the borders of Tibet, Thailand and Vietnam. Lis career as a scholar, linguist, and adventurer from his idyllic years of study in America, through the war-torn years in China, and peaceful retirement in Hawaii, is tantalizingly sketched in this chronological biography.
