Global Health and the Future Role of the United States National Academies of Sciences, Engineering, and Medicine,Health and Medicine Division,Board on Global Health,Committee on Global Health and the Future of the United States,2017-09-05 While much progress has been made on achieving the Millenium Development Goals over the last decade, the number and complexity of global health challenges has persisted. Growing forces for globalization have increased the interconnectedness of the world and our interdependency on other countries, economies, and cultures. Monumental growth in international travel and trade have brought improved access to goods and services for many, but also carry ongoing and ever-present threats of zoonotic spillover and infectious disease outbreaks that threaten all. *Global Health and the Future Role of the United States* identifies global health priorities in light of current and emerging world threats. This report assesses the current global health landscape and how challenges, actions, and players have evolved over the last decade across a wide range of issues, and provides recommendations on how to increase responsiveness, coordination, and efficiency – both within the U.S. government and across the global health field.

Pragmatic Competence Naoko Taguchi,2009-09-04 In the disciplines of applied linguistics and second language acquisition (SLA), the study of pragmatic competence has been driven by several fundamental questions: What does it mean to become pragmatically competent in a second language (L2)? How can we examine pragmatic competence to make inference of its development among L2 learners? In what ways do research findings inform teaching and assessment of pragmatic competence? This book explores these key issues in Japanese as a second/foreign language. The book has three sections. The first section offers a general overview and historical sketch of the study of Japanese pragmatics and its influence on Japanese pedagogy and curriculum. The overview chapter is followed by eight empirical findings, each dealing with phenomena that are significant in Japanese pragmatics. They target selected features of Japanese pragmatics and investigate the learners' use of them as an indicator of their pragmatic competence. The target pragmatic features are wide-ranging, among them honorifics, speech style, sentence final particles, speech acts of various types, and indirect expressions. Each study explicitly prompts the connection between pragmalinguistics (linguistic forms available to perform language functions) and sociopragmatics (norms that determine appropriate use of the forms) in Japanese. By documenting the understanding and use of them among learners of Japanese spanning multiple levels and time durations, this book offers insight about the nature and development of pragmatic competence, as well as implications for the learning and teaching of Japanese pragmatics. The last section presents a critical reflection on the eight empirical papers and prompts a discussion of the practice of Japanese pragmatics research.

An Ecology of World Literature Alexander Beecroft,2015-01-06 What is a literature? How do literatures of different countries interact with each other? In this groundbreaking study, Alexander Beecroft develops a new way of thinking about world literature. Drawing on a series of examples and case studies, the book ranges from ancient epic to the contemporary fiction of Roberto Bolao and Amitav Ghosh. Beecroft identifies a series of literary ecologies, from small-scale societies to the planet as a whole, within which literary texts are produced and circulated. *An Ecology of World Literature* places in dialogue scholarship on ancient and modern, western and non-western texts, producing new and unexpected demands for literary study.

Study of Self-Organizing Maps Jeremy Rogerson,2015-01-16 This book presents analysis and applications of self-organizing maps in various domains. The self-organizing map, first explained by Finnish scientist Teuvo Kohonen, can be used for a broad spectrum of fields and this book

explains how the original self-organizing map along with its variants and extensions can be applied in diverse fields. These applications comprise of the examination of financial stability, the fault diagnosis of plants, the generation of well-composed heterogeneous teams and the application of the self-organizing map to atmospheric sciences.

Opening Spaces Yvonne Vera, 1999 In this anthology the award-winning author Yvonne Vera brings together the stories of many talented writers from different parts of Africa.

The Cry of Winnie Mandela Njabulo Simakahle Ndebele, 2004 A group of women at a specific period in the history of Southern Africa find their family life under the pressures of capitalist modernity and apartheid. These ordinary, intimate stories are anchored to the more powerful public stories of the Penelope of ancient Greek mythology (who waited 18 years while her husband Odysseus was away), and Winnie Mandela (who waited for 27 years). The life of Winnie Mandela remains one of the great unfolding dramas of our times; a tale of triumphs and tragedies that is only just beginning to be examined.

Bookless in Baghdad Shashi Tharoor, 2012-04 This amalgam of essay, literary criticism, and memoir blends into a tribute to the world of books. Chicago...

The Veiled Kingdom Carmen Bin Ladin, 2019-02-14 On September 11th 2001, Carmen Bin Ladin heard the news on the radio that the Twin Towers had been struck. She instinctively knew that her brother-in-law's name would be linked to these horrifying acts of terrorism, and her heart went out to the victims in America. She also knew that her life and the lives of her family would never be the same again. In 1974 Carmen, half Swiss and half Persian, married Yeslam Bin Ladin and found herself inside the complex and vast clan of Bin Laden, part of a society that at that point she neither knew nor understood. Carmen Bin Ladin's story takes us inside one of the most powerful, secretive and repressive kingdoms in the world.

Burning Books and Leveling Libraries Rebecca Knuth, 2006-05-30 In her previous book *Libricide*, Knuth focused on book destruction by authoritarian regimes: Nazis, Serbs in Bosnia, Iraqis in Kuwait, Maoists during the Cultural Revolution in China, and the Chinese Communists in Tibet. But authoritarian governments are not the only perpetrators. Extremists of all stripes--through terrorism, war, ethnic cleansing, genocide, and other forms of mass violence--are also responsible for widespread cultural destruction, as she demonstrates in this new book. Whether the product of passion or of a cool-headed decision to use ideas to rationalize excess, the decimation of the world's libraries has occurred throughout the 20th century, and there is no end in sight. Cultural destruction is, therefore, of increasing concern to the library community, educators, human rights and civil rights activists, and caring citizens.

We Won't Budge Manthia Diawara, 2003-05-22 A bittersweet memoir of growing up in Mali West Africa, being drawn to the promise of equality in Paris and the U.S., and looking at current problems of immigration and racism in the world.

Cosmetic and Toiletry Formulations Ernest W. Flick, 2014-06-28 This book contains hundreds of cosmetic and toiletry formulations based on information received from numerous industrial companies and other organizations. Each formulation is identified by a description of end use. The formulations contain a listing of each raw material, processing procedure, and source of the formula.

A Change of Tongue Antjie Krog, 2012-04-13 Identity, belonging and voyages of personal discovery are but some of the themes inventively explored in Antjie Krog's first full-length work to appear in English since the publication of *Country of My Skull*. In times of fundamental change, people tend to find a space, lose it and then find another space as life and the world transform around them. What does this metamorphosis entail and in what ways are we affected by it? How do we live through it and what may we become on our journey towards each other, particularly when the space and places from which we depart are - at least on the surface - vastly different? Ranging freely and often wittily across many terrains, this

brave book by one of South Africa's foremost writers and poets provides a unique and compelling discourse on living creatively in South Africa.

The Cockroach Dance Meja Mwangi, 2013-08-02 Dusman Gonzaga lives in a squalid apartment block overrun by poverty and cockroaches. The crumbling building is owned by Tumbo Kubwa, a mindless slum lord with a heart of stone, and occupied by a strange mix of characters; from garbage collectors to hawkers, from conmen to witch doctors, from wise men to mad men. In this crazy world of wild adventures and appalling poverty, Dusman tries to organize the tenants to boycott paying rent in a desperate move to force the landlord to heed their cries. Dusman, however, finds himself alone against the landlord. Afraid that the landlord will summon the police to evict them as promised, his neighbours beg out of the confrontation, pleading special, personal circumstances. But Dusman hatches a plot so diabolical they cannot chicken out of the fight. *The Cockroach Dance* is the story of one man's resistance to intimidation and exploitation by the 'haves' in a world of 'have-nots' and 'faceless ones'. 'Meja Mwangi spins a fascinating tale of one man's revolt against exploitation'. *The Daily Nation*

Kalakuta Republic Chris Abani, 2015-05-05 This powerful collection of poems details the harrowing experiences endured by Abani and other political prisoners at the hands of Nigeria's military regime in the late 1980s. Abani vividly describes the characters that peopled this dark world, from prison inmates such as John James, tortured to death at the age of fourteen, to the general overseers. First published after his release from jail in 1991, *Kalakuta Republic* remains a paean to those who suffered and to the indomitable human spirit. 'Reading Abani's poems is like being singed by a red hot iron.' Harold Pinter 'Abani's poetry resonates with a devastating beauty which cuts to the heart of human strength, survival and tyranny.' *Pride Magazine* 'Stunning poems ... Abani conveys the experience in words shaped into art and made unforgettable by their quietness.' *New Humanist* 'A beautiful work of art ... elevates art and humanity above meanness and inhumanity.' *World Literature Today* 'A brave and challenging book ... I was moved as much by what the poems have achieved as by what they have rescued from that nightmare world. Reading, I found myself in tears.' *Sunday Tribune* 'An unheralded chunk of authentic literature' *New Statesman* 'Abani's ... poems contain moments of grace, humanity and humor.' Susannah Tarbush, Diwaniya 'Chris has emerged with poems that are graceful pieces of art, almost ready to be hung in a gallery for others to come and enter them and rest in them and weep in them and admire them.' Kwame Dawes, professor of English literature, University of Columbia, South Carolina, USA

The Road to Oxiana Robert Byron, 2021-08-31 Begin a voyage through Persia and Afghanistan with renowned explorer Robert Byron in 'The Road to Oxiana'. This travelogue recounts Byron's ten-month adventure, immersing readers in the rich tapestry of the Middle East, from Venice to Peshawar. As Byron travels through vibrant landscapes and encounters diverse cultures, he showcases his extensive knowledge of the region's architectural wonders. From the awe-inspiring Mosque of Sheikh Lutfullah to the majestic ruins of Persepolis, his vivid descriptions transport readers to these timeless sites.

Migritude Shailja Patel, 2010 The U.S. debut of internationally acclaimed poet and performance artist Shailja Patel, *Migritude* is a tour-de-force hybrid text that confounds categories and conventions. Part poetic memoir, part political history, *Migritude* weaves together family history, reportage and monologues to create an achingly beautiful portrait of women's lives and migrant journeys undertaken under the boot print of Empire. Patel, who was born in Kenya and educated in England and the U.S., honed her poetic skills in performances of this work that have received standing ovations throughout Europe, Africa and North America. She has been described by the *Gulf Times* as the poetic equivalent of Arundhati Roy and by CNN as the face of globalization as a people-centered phenomenon of migration and exchange. *Migritude* includes interviews with the author, as well as performance notes and essays.

Butterfly Burning Yvonne Vera, 2000-09-12 *Butterfly Burning* brings the brilliantly poetic voice of Zimbabwean writer Yvonne Vera to American

readers for the first time. Set in Makokoba, a black township, in the late 1940s, the novel is an intensely bittersweet love story. When Fumbatha, a construction worker, meets the much younger Phephelaphi, he wants her like the land beneath his feet from which birth had severed him. He in turn fills her with hope larger than memory. But Phephelaphi is not satisfied with their one-room love alone. The qualities that drew Fumbatha to her, her sense of independence and freedom, end up separating them. And the closely woven fabric of township life, where everyone knows everyone else, has a mesh too tight and too intricate to allow her to escape her circumstances on her own. Vera exploits language to peel away the skin of public and private lives. In *Butterfly Burning* she captures the ebullience and the bitterness of township life, as well as the strength and courage of her unforgettable heroine.

Power, Politics, and Culture Edward Said, 2014-07-08 No single book has encompassed the vast scope of Edward Said's erudition quite like *Power, Politics and Culture* - a collection of his interviews from the last three decades. In these twenty-nine interviews, Said addresses everything from Palestine to Pavarotti, from his nomadic upbringing under colonial rule to his politically active and often controversial life in America, and reflects on Austen, Beckett, Conrad, Naipaul, Mahfouz and Rushdie as well as fellow critics Bloom, Derrida and Foucault. Said speaks here with his usual candour, acuity and eloquence - confirming that he was in his lifetime among the truly most important intellects of our century.
