The Tutor Peter Abrahams,2002-06-25 Master of psychological suspense Peter Abrahams returns with an ingenious tale of an ordinary family that unknowingly invites the agent of their destruction into their own home. When Scott and Linda Gardner hire Julian Sawyer to tutor their troubled teenage son Brandon, he seems like the answer to a prayer. Capable and brilliant, Julian connects with Brandon in a way neither of his parents can. He also effortlessly helps Linda to salvage a troubled business deal and gives Scott expert advice on his tennis game. Only eleven-year old Ruby—funny, curious, devoted to Sherlock Holmes—has doubts about the stranger in their midst who has so quickly become like a member of the family. But even the observant Ruby is far from understanding Julian’s true designs on the Gardners. For Julian, the Gardners are like specimens in jars, creatures to be studied— and manipulated. Scott is a gambler with no notion of odds, festering in the shadow of his more successful brother. Linda is ambitious, hungry for the cultured stimulation Julian easily provides. Brandon is risking his future late at night in the town woods. And Ruby—well, she’s just a silly little girl. And in that miscalculation lies the Gardner family’s only possible salvation. In The Tutor, Peter Abrahams creates a living, breathing portrait of an American family, their town, their secrets, their dreams—and a portrait just as compelling of the menace they welcome into their home. It is his most chilling, suspenseful novel to date.

Making the Most of Tutor Time Helen Peter,2018-10-24 Most secondary school teachers and some support staff will be expected to take on the role of form tutor or mentor along side their other work. What is surprising is how little time, status or attention is given to training and preparation for this pastoral aspect of education, in comparison to subject teaching. This book helps to redress the balance by providing a look at the structure and organisation of pastoral support as well as being full of practical ideas for tutors to use in tutor time. The chapters include: Establishing Routines; The Self Managing Tutor Group; How to Help and Support Individuals; Engaging Parents and Carers; and, Tutoring Over a Whole Year. There is also a Resource Section and CD-ROM which includes a PowerPoint for staff training, proformas for gathering information for parent's evenings and examples of practical activities such as, Jigsaw, Diamond Nine and Hot Seating, as well as useful books and organisations. One secondary academy head wrote, 'I really like it! It is very fresh, practical and full of wisdom. I like the whole section on parental engagement and all the games suggestions, really clear and so simple to pick up and use. And the calendar of the year with tutorial themes is great! But of most use to me and my school is the opening section on routines, expectations and setting the scene, fantastically useful reminders. Thank you so much, this will be my tutorial bible.'
