Encyclopedia of Great Popular Song Recordings Steve Sullivan,2017-05-17 This masterful survey covers all genres of popular music, from pop, rock, soul, and country to jazz, blues, classic vocals, hip-hop, folk, gospel, and ethnic/world music. Collectors will find detailed discographical data while music lovers will appreciate the detailed commentaries and deep research on the songs, their recording, and the artists.

Heaven and Hell Don Felder,2008-04-21 The Eagles are the bestselling, and arguably the tightest-lipped, American group ever. Now band member and guitarist Don Felder finally breaks the Eagles' years of public silence to take fans behind the scenes. He shares every part of the band's wild ride, from the pressure-packed recording studios and trashed hotel rooms to the tension-filled courtrooms, and from the joy of writing powerful new songs to the magic of performing in huge arenas packed with roaring fans.

To the Limit Marc Eliot,2004-12-29 The definitive, unauthorized biography of The Eagles by the New York Times bestselling biographer To the Limit is the unauthorized account of the group from its earliest years through the breakup, solo careers, and reunions. Blending the country and folk music of the late sixties with the melodic seductiveness of Detroit-style roots rock, the Eagles brought a new sound to a stagnant music scene. Under the brilliant management of David Geffen, the Eagles projected a public image of unshakable camaraderie--embodied by the cerebral, brooding Don Henley and the intuitive, self-destructive Glenn Frey--bolstered by the gorgeous harmonies of their songs. Behind the scenes, however, there was another story. At turns revealing, inspiring, funny, and shocking, To the Limit is the chronicle of a time, a place, and a group that succeeded in changing forever the world of popular music.

Hotel California Barney Hoskyns,2010-12-09 Hoskyns brings a genuine love as well as an outsider's keen eye to the rise and fall

of the California scene. . . . This is a riveting story, sensitively told. —Anthony DeCurtis, Contributing Editor, Rolling Stone From enduring musical achievements to drug-fueled chaos and bed-hopping antics, the L.A. pop music scene in the sixties and seventies was like no other, and journalist Barney Hoskyns recreates all the excitement and mayhem. Hotel California brings to life the genesis of Crosby, Stills, and Nash at Joni Mitchell's house; the Eagles' backstage fistfights after the success of Hotel California; the drama of David Geffen and the other money men who transformed the L.A. music scene; and more.

Front Desk Kelly Yang, 2018-08-01 An empowering story of empathy, courage, and hope, based on the author's real-life experience immigrating to the US as a child and working at the front desk of the motel where her parents work. Ten year-old Mia Tang moved to the US for a better life, a freer life, but so far, it's a life where she runs the front desk of a motel while her parents clean rooms. And she's not even allowed to use the swimming pool. Based on author Kelly Yang's real-life experience immigrating to America from China and running a motel with her parents, this novel explores how one little girl overcomes language barriers, discrimination, and her own lack of confidence to find her voice – and use it to make a difference. This is a sensitive story of tolerance and diversity that will resonate with readers of all cultures who have experienced the challenges of feeling like an outsider.

Free: A Child and a Country at the End of History Lea Ypi, 2022-01-18 Shortlisted for the 2021 Baillie Gifford Prize for Non-Fiction Shortlisted for the 2021 Costa Biography Award The Sunday Times Best Book of the Year in Biography and Memoir A Financial Times Best Book of 2021 (Critics' Picks) The New Yorker, Best Books We Read in 2021 Times Literary Supplement Book of the Year 2021 A Guardian Best Book of the Year A reflection on freedom in a dramatic, beautifully written memoir of the end of Communism in the Balkans. For precocious 11-year-old Lea Ypi,

Albania's Soviet-style socialism held the promise of a preordained future, a guarantee of security among enthusiastic comrades. That is, until she found herself clinging to a stone statue of Joseph Stalin, newly beheaded by student protests. Communism had failed to deliver the promised utopia. One's "biography"—class status and other associations long in the past—put strict boundaries around one's individual future. When Lea's parents spoke of relatives going to "university" or "graduating," they were speaking of grave secrets Lea struggled to unveil. And when the early '90s saw Albania and other Balkan countries exuberantly begin a transition to the "free market," Western ideals of freedom delivered chaos: a dystopia of pyramid schemes, organized crime, and sex trafficking. With her elegant, intellectual, French-speaking grandmother; her radical-chic father; and her staunchly anti-socialist, Thatcherite mother to guide her through these disorienting times, Lea had a political education of the most colorful sort—here recounted with outstanding literary talent. Now one of the world's most dynamic young political thinkers and a prominent leftist voice in the United Kingdom, Lea offers a fresh and invigorating perspective on the relation between the personal and the political, between values and identity, posing urgent questions about the cost of freedom.

The Negro Motorist Green Book Victor H. Green, The idea of The Green Book is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new

business places are started giving added employment to members of our race.

Peak Chip Conley, 2007-09-21 After fifteen years of rising to the pinnacle of the hospitality industry, Chip Conley's company was suddenly undercapitalized and overexposed in the post-dot.com, post-9/11 economy. For relief and inspiration, Conley, the CEO and founder of Joie de Vivre Hospitality, turned to psychologist Abraham Maslow's iconic Hierarchy of Needs. This book explores how Conley's company the second largest boutique hotelier in the world overcame the storm that hit the travel industry by applying Maslow's theory to what Conley identifies as the key Relationship Truths in business with Employees, Customers and Investors. Part memoir, part theory, and part application, the book tells of Joie de Vivre's remarkable transformation while providing real world examples from other companies and showing how readers can bring about similar changes in their work and personal lives. Conley explains how to understand the motivations of employees, customers, bosses, and investors, and use that understanding to foster better relationships and build an enduring and profitable corporate culture.

I Wear the Black Hat Chuck Klosterman, 2013-07-09 One-of-a-kind cultural critic and New York Times bestselling author Chuck Klosterman “offers up great facts, interesting cultural insights, and thought-provoking moral calculations in this look at our love affair with the anti-hero” (New York magazine). Chuck Klosterman, “The Ethicist” for The New York Times Magazine, has walked into the darkness. In *I Wear the Black Hat*, he questions the modern understanding of villainy. When we classify someone as a bad person, what are we really saying, and why are we so obsessed with saying it? How does the culture of malevolence operate? What was so Machiavellian about Machiavelli? Why don't we see Bernhard Goetz the same way we see Batman? Who is more worthy of our vitriol—Bill Clinton or Don Henley? What was O.J. Simpson's second-worst decision? And why is Klosterman still

haunted by some kid he knew for one week in 1985? Masterfully blending cultural analysis with self-interrogation and imaginative hypotheticals, *I Wear the Black Hat* delivers perceptive observations on the complexity of the antihero (seemingly the only kind of hero America still creates). As the *Los Angeles Times* notes: “By underscoring the contradictory, often knee-jerk ways we encounter the heroes and villains of our culture, Klosterman illustrates the passionate but incomplete computations that have come to define American culture—and maybe even American morality.” *I Wear the Black Hat* is a rare example of serious criticism that’s instantly accessible and really, really funny.

You'll Never Eat Lunch in This Town Again Julia

Phillips, 2017-02-14 “The Hollywood memoir that tells all . . . Sex. Drugs. Greed. Why, it sounds just like a movie.”—The New York Times Every memoir claims to bare it all, but Julia Phillips’s actually does. This is an addictive, gloves-off exposé from the producer of the classic films *The Sting*, *Taxi Driver*, and *Close Encounters of the Third Kind*—and the first woman ever to win an Academy Award for Best Picture—who made her name in Hollywood during the halcyon seventies and the yuppie-infested eighties and lived to tell the tale. Wickedly funny and surprisingly moving, *You’ll Never Eat Lunch in This Town Again* takes you on a trip through the dream-manufacturing capital of the world and into the vortex of drug addiction and rehab on the arm of one who saw it all, did it all, and took her leave. Praise for *You'll Never Eat Lunch in This Town Again* “One of the most honest books ever written about one of the most dishonest towns ever created.”—The Boston Globe “Gossip too hot for even the *National Enquirer* . . . Julia Phillips is not so much Hollywood’s Boswell as its Dante.”—*Los Angeles Magazine* “A blistering look at La La Land.”—*USA Today* “One of the nastiest, tastiest tell-alls in showbiz history.”—*People*

Unsettling the City Nicholas Blomley, 2004-06-01 Short and accessible, this book interweaves a discussion of the geography of

property in one global city, Vancouver, with a more general analysis of property, politics, and the city.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the

traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

God's Hotel Victoria Sweet, 2013-04-02 Victoria Sweet's new book, *SLOW MEDICINE*, is on sale now! For readers of Paul Kalanithi's *When Breath Becomes Air*, a medical “page-turner” that traces one doctor's “remarkable journey to the essence of medicine” (*The San Francisco Chronicle*). San Francisco's Laguna Honda Hospital is the last almshouse in the country, a descendant of the Hôtel-Dieu (God's hotel) that cared for the sick in the Middle Ages. Ballet dancers and rock musicians, professors and thieves—“anyone who had fallen, or, often, leapt, onto hard times” and needed extended medical care—ended up here. So did Victoria Sweet, who came for two months and stayed for twenty years. Laguna Honda, relatively low-tech but human-paced, gave Sweet the opportunity to practice a kind of attentive medicine that has almost vanished. Gradually, the place transformed the way she understood her work. Alongside the modern view of the body as a machine to be fixed, her extraordinary patients evoked an older idea, of the body as a garden to be tended. *God's Hotel* tells their story and the story of the hospital itself, which, as efficiency experts, politicians, and architects descended, determined to turn it into a modern “health care facility,” revealed its own surprising truths about the essence, cost, and value of caring for the body and the soul.

Finding Meaning David Kessler, 2019-11-05 In this groundbreaking new work, David Kessler—an expert on grief and the coauthor with Elisabeth Kübler-Ross of the iconic *On Grief and Grieving*—journeys beyond the classic five stages to discover a sixth stage: meaning. In 1969, Elisabeth Kübler-Ross first identified the stages of dying in her transformative book *On Death and Dying*. Decades later, she and David Kessler wrote the classic *On Grief and Grieving*, introducing the stages of grief with the same transformative pragmatism and compassion. Now, based on hard-

earned personal experiences, as well as knowledge and wisdom earned through decades of work with the grieving, Kessler introduces a critical sixth stage. Many people look for “closure” after a loss. Kessler argues that it’s finding meaning beyond the stages of grief most of us are familiar with—denial, anger, bargaining, depression, and acceptance—that can transform grief into a more peaceful and hopeful experience. In this book, Kessler gives readers a roadmap to remembering those who have died with more love than pain; he shows us how to move forward in a way that honors our loved ones. Kessler’s insight is both professional and intensely personal. His journey with grief began when, as a child, he witnessed a mass shooting at the same time his mother was dying. For most of his life, Kessler taught physicians, nurses, counselors, police, and first responders about end of life, trauma, and grief, as well as leading talks and retreats for those experiencing grief. Despite his knowledge, his life was upended by the sudden death of his twenty-one-year-old son. How does the grief expert handle such a tragic loss? He knew he had to find a way through this unexpected, devastating loss, a way that would honor his son. That, ultimately, was the sixth state of grief—meaning. In *Finding Meaning*, Kessler shares the insights, collective wisdom, and powerful tools that will help those experiencing loss. *Finding Meaning* is a necessary addition to grief literature and a vital guide to healing from tremendous loss. This is an inspiring, deeply intelligent must-read for anyone looking to journey away from suffering, through loss, and towards meaning.

I Know Why the Caged Bird Sings Maya

Angelou, 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou’s debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and

her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. “*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

Grand Hotel Abyss Stuart Jeffries, 2017-09-26 “Marvelously entertaining, exciting and informative.” —Guardian “An engaging and accessible history.” —New York Review of Books This group biography is “an exhilarating page-turner” and “outstanding critical introduction” to the work and legacy of the Frankfurt School, and the great 20th-century thinkers who created it (Washington Post). In 1923, a group of young radical German thinkers and intellectuals came together to at Victoria Alle 7, Frankfurt, determined to explain the workings of the modern world. Among the most prominent members of what became the Frankfurt School were the philosophers Walter Benjamin, Theodor Adorno, Max Horkheimer, and Herbert Marcuse. Not only would they change the way we think, but also the subjects we deem worthy of intellectual investigation. Their lives, like their ideas, profoundly, sometimes tragically, reflected and shaped the shattering events of the twentieth century. *Grand Hotel Abyss* combines biography, philosophy, and storytelling to reveal how the Frankfurt thinkers gathered in hopes of understanding the politics of culture during the rise of fascism. Some of them, forced to escape the horrors of Nazi Germany, later found exile in the United States. Benjamin, with his last great work—the incomplete

Arcades Project—in his suitcase, was arrested in Spain and committed suicide when threatened with deportation to Nazi-occupied France. On the other side of the Atlantic, Adorno failed in his bid to become a Hollywood screenwriter, denounced jazz, and even met Charlie Chaplin in Malibu. After the war, there was a resurgence of interest in the School. From the relative comfort of sun-drenched California, Herbert Marcuse wrote the classic *One Dimensional Man*, which influenced the 1960s counterculture and thinkers such as Angela Davis; while in a tragic coda, Adorno died from a heart attack following confrontations with student radicals in Berlin. By taking popular culture seriously as an object of study—whether it was film, music, ideas, or consumerism—the Frankfurt School elaborated upon the nature and crisis of our mass-produced, mechanized society. *Grand Hotel Abyss* shows how much these ideas still tell us about our age of social media and runaway consumption.

Nut Country Edward H. Miller, 2015-09-22 If there was a city most likely to host the assassination of John F. Kennedy, Dallas was it. Kennedy himself recognized Dallas's special and extreme nature, saying to Jackie in Fort Worth on the morning of November 22, We're heading into nut country today. Edward H. Miller makes the persuasive case in this lucid and insightful book that the ultraconservative faction of today's Republican Party is a product specifically of the political climate of Dallas in the 1950s and early 1960s, which was marked by apocalyptic language, conspiracy theories, and absolutist thought and rhetoric. Miller shows not only that the influential ultraconservative figures in Dallas fomented religious and racial extremism but that the arc of politics bent ever rightward, as otherwise moderate local Republicans were pressured to move away from the center. This faction promoted the creation of the national Republican Party's Southern Strategy, which reversed the party's historical position on civil rights. This strategy, often credited to Richard Nixon and Barry Goldwater in the wake of the crises of the 1960s, has its origins instead in the

racial and religious beliefs of extremists in this volatile time and place. Dallas is the root of it all.

The Power of Moments Chip Heath, Dan Heath, 2017-10-03 The New York Times bestselling authors of *Switch* and *Made to Stick* explore why certain brief experiences can jolt us and elevate us and change us—and how we can learn to create such extraordinary moments in our life and work. While human lives are endlessly variable, our most memorable positive moments are dominated by four elements: elevation, insight, pride, and connection. If we embrace these elements, we can conjure more moments that matter. What if a teacher could design a lesson that he knew his students would remember twenty years later? What if a manager knew how to create an experience that would delight customers? What if you had a better sense of how to create memories that matter for your children? This book delves into some fascinating mysteries of experience: Why we tend to remember the best or worst moment of an experience, as well as the last moment, and forget the rest. Why “we feel most comfortable when things are certain, but we feel most alive when they’re not.” And why our most cherished memories are clustered into a brief period during our youth. Readers discover how brief experiences can change lives, such as the experiment in which two strangers meet in a room, and forty-five minutes later, they leave as best friends. (What happens in that time?) Or the tale of the world’s youngest female billionaire, who credits her resilience to something her father asked the family at the dinner table. (What was that simple question?) Many of the defining moments in our lives are the result of accident or luck—but why would we leave our most meaningful, memorable moments to chance when we can create them? *The Power of Moments* shows us how to be the author of richer experiences.

Insider Baseball Joan Didion, 2016-10-04 A Vintage Shorts Selection • Almost three decades ago, iconic and incomparable American essayist Joan Didion’s now-classic report from the

Dukakis campaign trail exposed, in no uncertain terms, the complete sham that is the modern American presidential run. Writing with bite and some humor too, Didion betrays “the process”—the way in which power is exchanged and the status quo is maintained. All insiders—politicians, journalists, spin doctors—participate in a political narrative that is “designed as it is to maintain the illusion of consensus by obscuring rather than addressing actual issues.” The optics of presidential campaigns have grown ever more farcical and remote from the needs and issues most relevant to Americans’ lives, and Didion’s elegant, shrewd, and prescient commentary has never been more urgent than it is right now. An ebook short.

Twilight of the Gods Steven Hyden, 2018-05-08 National Bestseller * Named one of Rolling Stone's Best Music Books of 2018 * One of Newsweek's 50 Best Books of 2018 * A Billboard Best of 2018 * A New York Times Book Review New and Noteworthy selection The author of the critically acclaimed *Your Favorite Band is Killing Me* offers an eye-opening exploration of the state of classic rock, its past and future, the impact it has had, and what its loss would mean to an industry, a culture, and a way of life. Since the late 1960s, a legendary cadre of artists—including the Rolling Stones, Bob Dylan, Neil Young, Bruce Springsteen, Fleetwood Mac, the Eagles, Black Sabbath, and the Who—has revolutionized popular culture and the sounds of our lives. While their songs still get airtime and some of these bands continue to tour, its idols are leaving the stage permanently. Can classic rock remain relevant as these legends die off, or will this major musical subculture fade away as many have before, Steven Hyden asks. In this mix of personal memoir, criticism, and journalism, Hyden stands witness as classic rock reaches the precipice. Traveling to the eclectic places where geriatric rockers are still making music, he talks to the artists and fans who have aged with them, explores the ways that classic rock has changed the culture, investigates the rise and fall of classic rock radio, and turns to live bootlegs,

tell-all rock biographies, and even the liner notes of rock's greatest masterpieces to tell the story of what this music meant, and how it will be remembered, for fans like himself. Twilight of the Gods is also Hyden's story. Celebrating his love of this incredible music that has taken him from adolescence to fatherhood, he ponders two essential questions: Is it time to give up on his childhood heroes, or can this music teach him about growing old with his hopes and dreams intact? And what can we all learn from rock gods and their music—are they ephemeral or eternal?
