Design at Home Grace Lees Maffei, 2013-12-17 Domestic advice literature is rich in information about design, ideals of domesticity, consumption and issues of identity, yet this literature remains a relatively neglected resource in comparison with magazines and film. Design at Home brings together etiquette, homemaking and home decoration advice as sources in the first systematic demonstration of the historical value of domestic advice literature as a genre of word and image, and a discourse of dominance. This book traces a transatlantic domestic dialogue between the UK and the US as the chapters explore issues of design, domesticity, consumption, social interaction and identity markers including class, gender and age. Areas covered include: • the use of domestic advice by historians • relationships between advice, housing and the middle class • links between advice and gender • advice and the teenage consumer Design at Home is essential reading for students and scholars of cultural and social history, design history, and cultural studies.

Color Harmony for Interior Design , The newest addition to the best selling Color Harmony series presents 18 color styles & more than 500 color combinations for interior design. This essential color tool offers palettes for every mood, design tips, & oversized color swatches.

Business Information Handbook 2003 David Mort, 2003-01-01 Business Information Handbook is a new sourcebook that not only describes the major sources of business information, but also considers the role of business information in the business process and considers the recent changes brought about in sources and delivery by the new Web-based technologies. In addition, there are case studies from business information specialists that provide practical insights into the use of business information.

New Directions in Copyright Law Fiona Macmillan, 2007-01-01 'Copyright is increasingly broad in scope and the range of perspectives that can be applied to study it is equally wide not just IP law but legal philosophy, economics, cultural studies, ethnography, legal history and political science are all potentially relevant approaches to dissecting the copyright octopus. This book includes examples of all these approaches. It makes

fascinating reading. It is also a valuable contribution to the current debate about the future development of copyright law.'

Reading Graphic Design in Cultural Context Grace Lees-Maffei,Nicolas P. Maffei,2019-02-07 Reading Graphic Design in Cultural Context explains key ways of understanding and interpreting the graphic designs we see all around us, in advertising, branding, packaging and fashion. It situates these designs in their cultural and social contexts. Drawing examples from a range of design genres, leading design historians Grace Lees-Maffei and Nicolas P. Maffei explain theories of semiotics, postmodernism and globalisation, and consider issues and debates within visual communication theory such as legibility, the relationship of word and image, gender and identity, and the impact of digital forms on design. Their discussion takes in well-known brands like Alessi, Nike, Unilever and Tate, and everyday designed things including slogan t-shirts, car advertising, ebooks, corporate logos, posters and music packaging.

Internet Law Michael O'Doherty,2020-07-30 Shortlisted for DSBA Law Book of the Year Award 2020 The law in Ireland regarding causes of action involving the internet is a rapidly growing area of law and litigation. This book examines issues such as privacy, data protection, defamation, data protection, crime, intellectual property and employment, all through the prism of online behaviour. This book examines key pieces of legislation such as the E-Commerce Directive, GDPR, and Defamation Act 2009; forthcoming legislation such as the Digital Content Directive and proposed Irish legislation to combat harmful online content. With Ireland being the European base of many international IT and tech firms such as Google, Facebook, LinkedIn, Amazon and Twitter, it is anticipated that the Irish courts will be the forum for many important cases in the near future. Internet Law provides a comprehensive overview of the state of the law in Ireland, EU Member States, and other common law countries such

as Canada, Australia and New Zealand. And in such a fast-developing area of law, the book also anticipates many of the issues that will face courts in the near future. Key cases that this book considers include: Data protection: Google Spain [2014] – an in depth review of what exactly this case established, and the manner in which it has been interpreted in subsequent case law. Lloyd v Google [2019] – in which the English Court of Appeal made a significant finding about the availability of damages for non-pecuniary loss arising from the breach of a person's data protection rights. Defamation: Monroe v Hopkins [2017] - the first UK case to consider at length defamation on Twitter, with an in-depth analysis of meaning, identification and how to assess the degree of publication via that medium. Eva Glawischnig-Piesczek v Facebook [2019] – a significant recent decision of the CJEU on the liability of social media platforms for content posted by its users. Copyright: Sony Music v UPC [2018] - a Court of Appeal judgment on the duties of internet service providers to restrict the illegal downloading of copyright material by its customers. Land Nordrhein-Westfalen v Renckhoff [2018] - a recent decision of the CJEU on the nature of copyright protection attaching to photographs which are uploaded to the internet. Trade Marks: Interflora Inc v Marks and Spencer plc [2011] - a decision of the CJEU which analyses the rights of an advertiser to use the trade mark of a rival company when promoting its services on the Google Ads service. Employment: Barbulescu v Romania [2017] - a significant CJEU decision which sets out the restrictions to an employer's right to monitor the electronic communications of its employees. Privacy/ Harassment: CG v Facebook [2016], in which the Northern Ireland Court of Appeal considered the tort of harassment via social media, and the potential liability of Facebook for comments made by a user following notification of the alleged harassment. Evidence: Martin & Ors v Gabriele Giambrone P/A Giambrone & Law [2013]- one of several cases to consider the admissibility of evidence taken by a defendant from a plaintiff's social media account in order to question the latter's testimony.

The Routledge Handbook of EU Copyright Law Eleonora Rosati, 2021-04-21 The Routledge Handbook of EU Copyright Law provides a definitive survey of copyright harmonization in the European Union, capturing the essential and relevant issues of this relatively recent phenomenon. Over the past few years, two themes have emerged: on the one hand, copyright policy and legislative initiatives have intensified; on the other hand, the large number of references to the Court of Justice of the European Union has substantially shaped the EU copyright framework and, with it, the copyright framework of individual EU Member States. This handbook is a detailed reference source of

original contributions which analyze and critically evaluate the state of EU copyright law with a view to detecting the key trends and patterns in the evolution of EU copyright, weighing the benefits and disadvantages of such evolution. It covers a broad range of topics through clusters focused on: the history and approaches to EU copyright harmonization; harmonization in the areas of exclusive rights, exceptions and limitations, and enforcement; copyright policy and legacy of harmonization. With contributions from a selection of highly regarded and leading scholars in this field, the Routledge Handbook on European Copyright Law is an essential resource for students and scholars who are interested in the field of copyright law.

A User's Guide to Copyright Michael Flint, Clive Thorne, Jonathan Cornthwaite, 2017-12-21 A User's Guide to Copyright, Seventh Edition is long established as one of the key texts in the field. Renowned for its practical, user-friendly and authoritative approach and for its practical application to the main copyright using industries, the book is considered essential reading for legal practitioners, copyright law students and - crucially - for those working in the copyright using industries. Extensively cross-referenced to cases, legislation and leading texts and articles, this book clearly and effectively illustrates and explains the scope and relevance of copyright law in the new digital information era. Legislation and case law includes: WIPO Treaties; Number of EU Directives; Enterprise and Regulatory Reform Act 2013; Football Association Premier League case (CJEU (C-403/08)); Infopaq (C-302/10); Public Relations Consultants Association v The Newspaper Licensing Agency (C-360/13); ITV v TVCatchup (C-607/11); Da Vinci Code case – Baigent v Random House; Fisher v Brooker 2009 UKHL 41 – the Whiter Shade of Pale case.
