Methods of Strategic Trade Analysis Christopher Nelson, 2022-12-04 This book addresses ways that governments, international organizations, and other stakeholders can utilize data to uncover illicit trade in materials and equipment that could be used to support chemical, biological, nuclear, and advanced conventional weapons systems. Key concepts of strategic trade are introduced, including examples of strategic goods and their potential uses in weapons of mass destruction (WMDs) and weapons systems, the interplay between the Harmonized System and strategic trade control regimes, and the data available for analysis in the field. Innovative, yet practical methodologies to analyze strategic trade cover the use of crime scripts, risk assessment indicators, mirror statistics, market share analysis, and transshipment and re-export analysis. There are also chapters on leading-edge techniques involving machine learning and network analysis that have shown promise in other areas of crime and illicit trade investigations. Each chapter provides step-by-step instructions on applying the technique, numerous case studies and examples, and discussions of the strengths and weaknesses of each approach. This volume is designed to provide all types of analysts with practical pathways for understanding, detecting, and disrupting illicit procurement of materials and equipment needed to produce WMDs and advanced weapons.

The Great Power Competition Volume 4 Adib Farhadi, Anthony Masys, 2023-05-02 Lessons Learned from Afghanistan: America's Longest War examines the lessons of how America's "longest war" came to an ignominious end with staggering consequences for the United States and the Afghan nation. Afghanistan today faces an unprecedented humanitarian crisis, looming threat of a civil war and a resurgence of violent extremism organizations similar to pre-9/11. As the U.S. enters a new era in the strategic geopolitical Great Power Competition, an analysis of the original mission intent, shifting policy and strategic objectives, and ineffective implementation of security, political and economic programs reveal critical lessons and questions such as: What led to the "strategic failure" of the U.S. in Afghanistan? What decisions resulted in the present-day humanitarian, civil, and political crises in Afghanistan? Were these consequences in fact avoidable? Was there an alternative approach that could have maintained the hard-fought gains of the last two decades, and better demonstrated America's standing as a defender of global human rights? Lessons Learned from Afghanistan: America's Longest War further explores lessons of the past negotiations between the United States, Taliban, and former U.S. backed Afghan government to suggest alternative pathways that honor the original intent of the mission and meet present-day obligations to an Afghan nation in crisis.

Globalization, Urbanization, and Civil Society Bagoes Wiryomartono,2023-05-15 Globalization, Urbanization, and Civil Society is an interdisciplinary compilation of chapters concerning civil society in the global geopolitical context. The establishment of civil society is essential for urbanism and the global community because it is the sense and essence of development concerning what humankind is, as a collective entity on the globe. This thought-provoking book covers the multidimensional aspects, issues, challenges, and consequences of geopolitics and globalization on civil society, including freedom in the public sphere, alienation, neo-fascism, social cohesion, racial inequality, political narcissism, political-economic exceptionalism, Islamic radicalism, social justice, and resistance. The author brings a fresh and essentially non-Western critical perspective to bear on the fundamental challenges faced by civil society as a result of the globalization of corporate capitalism in the Digital Age, as well as providing a rich perspective on colonialism. This book will appeal to scholars and graduate students of geopolitics and globalization, global development, sociology, international relations, cultural studies, psychology, and philosophy, as well as practitioners and policymakers who are interested in interdisciplinary approaches in the field of global studies.

American Crusade Andrew L Seidel,2022-09-27 Is a fight against equality and for privilege a fight for religious supremacy? Andrew L. Seidel, a constitutional attorney and author of the critically acclaimed book The Founding Myth: Why Christian Nationalism Is Un-American, dives into the debate on religious liberty, the modern attempt to weaponize religious freedom, and the Supreme Court's role in that "crusade." Seidel examines some of the

key Supreme Court cases of the last thirty years—including *Masterpiece Cakeshop v. Colorado Civil Rights Commission* (a bakery that refused to make a wedding cake for a gay couple), *Trump v. Hawaii* (the anti-Muslim travel ban case), *American Legion v. American Humanist Association* (related to a group maintaining a 40-foot Christian cross on government-owned land), and *Tandon v. Newsom* (a Santa Clara Bible group exempted from Covid health restrictions), as well as the recent overturning of *Roe v. Wade*—and how a hallowed legal protection, freedom of religion, has been turned into a tool to advance privilege and impose religion on others. This is a meticulously researched and deeply insightful account of our political landscape with a foreword provided by noted constitutional scholar Erwin Chemerinsky, author of *The Case Against the Supreme Court*. The issue of church versus state is more relevant than ever in today’s political climate and with the conservative majority status of the current Supreme Court. This book is a standout on the shelf for fans of Richard Dawkins, Christopher Hitchens, and Sam Harris. Readers looking for critiques of the rise of Christian nationalism, like Jesus and John Wayne, and examinations like *How Democracies Die* will devour Seidel’s analysis. Hardcover with dust jacket; 320 pages; 9 in H by 6 in W.

Dividing Hispaniola Edward Paulino,2016-02-16 The island of Hispaniola is split by a border that divides the Dominican Republic and Haiti. This border has been historically contested and largely porous. *Dividing Hispaniola* is a study of Dominican dictator Rafael Trujillo’s scheme, during the mid-twentieth century, to create and reinforce a buffer zone on this border through the establishment of state institutions and an ideological campaign against what was considered an encroaching black, inferior, and bellicose Haitian state. The success of this program relied on convincing Dominicans that regardless of their actual color, whiteness was synonymous with Dominican cultural identity. Paulino examines the campaign against Haiti as the construct of a fractured urban intellectual minority, bolstered by international politics and U.S. imperialism. This minority included a diverse set of individuals and institutions that employed anti-Haitian rhetoric for their own benefit (i.e., sugar manufacturers and border officials.) Yet, in reality, these same actors had no interest in establishing an impermeable border. Paulino further demonstrates that Dominican attitudes of admiration and solidarity toward Haitians as well as extensive intermixture around the border region were commonplace. In sum his study argues against the notion that anti-Haitianism was part of a persistent and innate Dominican ethos.

Money Honey 2 Noël Powell,2014-11-10 *Money Honey 2* is an inspirational, entrepreneurial guide to finding the wealth inside of you! *Money Honey 2* is written based on the principles that a gift is the transfer of something without the expectation of receiving something in return. Each edition of *Money Honey* will include ten chapters of self-motivating stories and innovative ideas that can be manifested through the gifts that are already inside of you. Although gift-giving might involve an expectation of reciprocity, a gift is meant to be free. *Money Honey 2* defines the purpose of the term “gift” that refers to anything that makes another happier or more optimistic, especially as a favor. Our purpose is to contribute to social bonding between members of a community through the act of mutually exchanging money for goods by creating entrepreneurs. Life on Earth is considered one of God’s gifts, and it is a good thing to receive wealth from God and the good health to enjoy it. To enjoy your work and accept your lot in life—this is indeed a gift from God (Ecclesiastes 5:19 NLT).
