The Evolving Structure of the East Asian Economic System since 1700 A.J.H. Latham,Heita Kawakatsu,2011-02-15 This book is the fifth volume of essays edited by A. J. H Latham and Heita Kawakatsu from the International Economic History Congresses looking at the development of the Asian Economy. The Lancashire Cotton Industry and Its Rivals Heita Kawakatsu,2018 The study based on his original research, undertaken in Oxford and subsequently in Japan, covers the important nexus established between Japan and the United Kingdom in the nineteenth century with the export of cotton textiles (of higher quality) from Britain to Asia. This historical link between key industries in our two countries is now happily mirrored in current scholarship, of which this is a prime example. It is no function of a brief preface to replicate the conclusions of detailed research but to emphansize the sider context of the research which lies behind the text of this book, which I am most happy to endorse. -- Jacket

Speak to Me Words Dean Rader,Janice Gould,2003-11 Although American Indian poetry is widely read and discussed, few resources have been available that focus on it critically. This book is the first collection of essays on the genre, bringing poetry out from under the shadow of fiction in the study of Native American literature. Highlighting various aspects of poetry written by American Indians since the 1960s, it is a wide-ranging collection that balances the insights of Natives and non-Natives, men and women, old and new voices.
