Wetworks Dave Stone,2015-08-12 AD 2117. There's something nasty up in Puerto Lumina on the moon, and across Earth people are dying; 3,600 carefully co-ordinated deaths a day, every day and twice on Sundays. It's been going on for months. Someone's laying the groundwork for a nightmare that will encompass the entire world. And they need Joe Dredd taken out of the picture. They need a killer. They need the best. She's the ultimate assassin: born into the horror of the Thai Territories breeding camps and trained with relentless brutality. Then they sliced into her head and streamlined her mind. She never stops until her designated target is excised. But now, for the first time, she has some ideas of her own.

Creating Synthetic Emotions through Technological and Robotic Advancements

Vallverdú, Jordi,2012-05-31 As humans interact more often and more intimately with computers, and as computational systems become an ever more important element of our society, playing roles in education, the production of culture and goods, and management, it is inevitable that we should seek to interact with these systems in ways that take advantage of our powerful emotional capabilities. *Creating Synthetic Emotions through Technological and Robotic Advancements* compiles progressive research in the emerging and groundbreaking fields of artificial emotions, affective computing, and sociable robotics that allow humans to begin the once impossible-seeming task of interacting with robots, systems, devices, and agents. This landmark volume brings together expert international researchers to expound upon these topics as synthetic emotions move toward becoming a daily reality.

The Philosophy of Julia Kristeva Sara G. Beardsworth,2020-08-18 The Philosophy of Julia Kristeva is the latest addition to the highly acclaimed series, The Library of Living Philosophers. The book epitomizes the objectives of this acclaimed series; it contains critical interpretation of one of the greatest philosophers of our time, and pursues more creative regional and world dialogue on philosophical questions. The format provides a detailed interaction between those who interpret and critique Kristeva's work and the seminal thinker herself, giving broad coverage, from diverse viewpoints, of all the major topics establishing her reputation. With questions directed to the philosopher while they are alive, the volumes in The Library of Living Philosophers have come to occupy a uniquely significant place in the realm of philosophy. The inclusion of Julia Kristeva constitutes a vital addition to an already robust list of thinkers. The Philosophy of Julia Kristeva exemplifies world-class intellectual work closely connected to the public sphere. Kristeva has been said to have "inherited the intellectual throne left vacant by Simone de Beauvoir," and has won many awards, including the Hannah Arendt Prize for Political Thought. Julia Kristeva's autobiography provides an excellent introduction to her work, situating it in relation to major political, intellectual,

and cultural movements of the time. Her upbringing in Soviet-dominated Bulgaria, her move to the French intellectual landscape of the 1960s, her visit to Mao's China, her response to the fall of the Berlin Wall, her participation in a papal summit on humanism, her appointment by President Chirac as President of the National Council on Disability, and her setting up of the Simone de Beauvoir prize, honoring women in active and creative fields, are all major moments of this fascinating life. The major part of the book is comprised of thirty-six essays by Kristeva's foremost interpreters and critics, together with her replies to the essays. These encounters cover an exceptionally wide range of theoretical and literary writing. The strong international and multidisciplinary focus includes authors from over ten countries, and spans the fields of philosophy, semiotics, literature, psychoanalysis, feminist thought, political theory, art, and religion. The comprehensive bibliography provides further access to Kristeva's writings and thought. The preparation of this volume, the thirty-sixth in the series, was supported by a major grant from the National Endowment for the Humanities.

City of Dredd John Caliber, 2011-06-01 CITY OF DREDD is an unofficial guide to all the official Mega-City One locations to have ever featured in the vast JUDGE DREDD mythology and will overload the 'thrill-receptors' of even the most hard-core 'Dreddhead'! In the year 2133AD, in the tumultuous decades after the GREAT ATOMIC WAR, the Earth's nations have been left devastated, falling into living nightmares where only the most brutal and phantasmagoric survive. The old world governments, fearful and corrupted, have been replaced by the JUDGES, an elite organisation part law-enforcer, part army, who rule with an iron fist. The Judges are more dangerous than the toughest criminal, alien invader or rampaging mutant horde, because only they have the LAW on their side! Among their number, one man with a resolve tougher than rockcrete has through the years of slaughter exemplified the very best and the worst that Mankind can offer. He is the ultimate law enforcer, the living legend that is JUDGE DREDD!

Whispering the Strategies of Language: An Mental Journey through **InfraDrive**

In a digitally-driven world wherever screens reign great and immediate transmission drowns out the subtleties of language, the profound techniques and emotional nuances hidden within words usually go unheard. However, nestled within the pages of **InfraDrive** a captivating literary prize blinking with raw feelings, lies a fantastic quest waiting to be undertaken. Published by a talented wordsmith, that enchanting opus encourages viewers on an introspective journey, lightly unraveling the veiled truths and profound affect resonating within the very material of each and every word. Within the psychological depths of this touching review, we can embark upon a heartfelt exploration of the book is key styles, dissect its captivating publishing type, and succumb to the strong resonance it evokes heavy within the recesses of readers hearts.
