**Menangkal Cyberporn** Dedik Kurniawan & Java Creativity,2017-10-02 Penyebaran konten pornografi melalui internet dan Android sudah semakin merajalela. Hingga kini, pemerintah dan juga ISP (Internet Service Provider) sudah berusaha keras untuk membasmi situs porno, namun hasilnya situs-situs porno tersebut masih terus tumbuh, tumbuh, dan tumbuh. Ibarat pepatah mengatakan, “Mati satu tumbuh seribu”. Dampak negatif cyberporn telah terbukti. Sangat mengkhawatirkan terutama bagi anak-anak dan remaja. Seks bebas, pemerkosaan, sodomi, lesbi, dan pelecehan seksual yang sering terjadi di negeri kita ini merupakan sebuah bukti nyata bentuk pelarian akibat seringnya mengonsumsi konten porno. Sebuah survei yang pernah dilakukan di Indonesia menunjukkan data bahwa 85% dari responden pelajar SD, SMP dan SMA pernah mengakses situs porno. Haruskah kita diam membisu dengan semua ini? Haruskah kita duduk manis dan menunggu pemerintah memerangi pornografi ini sendirian? TIDAK!! Ini harus kita perangi, kita harus membasmi pornografi agar keluarga dan semua orang yang kita sayangi bisa selamat dari serangan pornografi.

*Citizen Wealth* Wade Rathke,2009-07-13 America’s safety net is torn and tattered. Income inequality continues to grow—the gap between rich and poor has expanded fivefold in the last 25 years. For millions of working families achieving basic middle class comforts has begun to seem as distant a dream as winning the lottery. What is needed, and what veteran organizer and ACORN founder Wade Rathke provides in this hard-hitting new book, is a comprehensive grassroots strategy to create what he calls citizen wealth: an enduring foundation on which working people can build a future that extends beyond paying next month’s rent. Rathke shares breakthrough strategies that have enabled ACORN and other organizations help people secure the basics of citizen wealth—a house and a decent income—offering from-the-trenches advice on mounting successful living wage campaigns, battling unscrupulous and predatory lending practices, and developing new forms of worker organizations to protect wages and benefits. The anti-poverty programs still out there can provide critical support for citizen wealth-building efforts, but they’re woefully underutilized. Rathke shows how to cut through government indifference and bureaucratic obstacles to provide those in need with access to these vital resources. But community organizations can’t do it alone. Rathke describes ACORN partnerships with HSBC Bank and H & R Block that helped these businesses see building citizen wealth as a new market opportunity—a win for them and for the people they once exploited. And he looks at other examples of strange bedfellows in the fight for citizen wealth, including Citibank, once the target of massive protests by ACORN and now, working with them, a major investor in working class communities. “We need to create a national economic and political consensus that increasing family income, wealth and assets is not ‘welfare’ or an entitlement ‘give-away’” program but an investment in the public good and well-being.” Rathke writes. Based on forty years of hard-won experience, Wade Rathke offers a new blueprint for helping millions to achieve the American Dream.
