Koos Bekker's Billions T.J. Strydom,2022-09-01 Koos Bekker has amassed one of the largest fortunes ever by a South African. Just how did he do it? Under Bekker, Naspers made several bad investments, a few mediocre ones, a few good ones ... and one that shot the lights out. A modest bet on Chinese technology startup Tencent changed Bekker's destiny. Was this genius, strategy or just plain old good luck? In Koos Bekker's Billions, T.J. Strydom delves into Bekker's life, career and business decisions. He identifies 15 winning strategies, each calculated and effective, that catapulted a Heidelberg boerseun into unfathomable wealth. This is a fascinating look into the life of a very private billionaire. T.J. Strydom is a business author and journalist. He has written and reported for Reuters, the Sunday Times, Financial Mail and Beeld. His unauthorised biography of Christo Wiese scaled the bestseller lists in both English and Afrikaans. Koos Bekker's Billions is his second non-fiction title

Across Boundaries Ton Vosloo,2018-09-05 Ton Vosloo's remarkable career in the media spanned nearly 60 years in South Africa's history. During this turbulent time, South Africa went through the transition from Afrikaner Nationalist rule to an ANC government. At the helm of the leading press group founded in 1913 to support nascent Afrikaner nationalism, Vosloo's story is not just one of newspapers and politics but also one of singular business and commercial success as the Naspers Group evolved from a print group to an electronic company with significant investments across the world. In 1983 Vosloo was appointed managing director of Naspers and set about vigorously transforming the group. On the ideological front, it was a fight to the death with the old Transvaal's predominantly right-wing Perskor Group for the soul of the Afrikaner. On the commercial front, Vosloo established the pay television network M-Net. In 1992, Vosloo became chairman of Naspers with Koos Bekker succeeding him as CEO. The story of Naspers' successes in investing in Chinese internet company Tencent and in establishing a footprint in 130 countries is a continuing one, but one begun under Vosloo's stewardship. In Across Boundaries, Vosloo gives his account of these momentous times with wry humour and a journalist's deft pen.

Into the Heart of Darkness Jacques Pauw,2017-12-06 Jacques Pauw has been an investigative journalist for more than three decades. Before the phenomenal success of The President's Keepers, he spent years tracking down apartheid death squads. Into the Heart of Darkness, first released in 1997, was the result of this work. Despite official denials and cover-ups, the rumours of apartheid's death squads have now been proved to be all too real. Hundreds of anti-apartheid activists were killed and thousands tortured by a group of bizarre assassins, the foot soldiers of apartheid's secret war. Jacques Pauw has been more closely involved with apartheid's killers than any other journalist. For more than seven years, he has hunted them down and become a witness to their secret and

forbidden world. Into the Heart of Darkness will take you on a journey into the minds and lives of the men who went out to kill and kill again. What caused these souls to become so dark and guided them to so much evil?

Health Performance of Housing Evert Hasselaar, 2006 Human health is a condition influenced by many aspects: genetic predisposition, food and water, lifestyle, age and the physical and social environment. Outdoor hazards penetrate the house and add to the indoor hazards. The physical housing conditions and also occupant behaviour create health hazards. In maintenance policy and renovation projects, the opportunities to reduce health risks and adapt houses to the health needs of households are not used to their full potential. Health criteria were until recently poorly integrated into sustainable building, and some technical innovations to save energy are associated with health related complaints. Good diagnosis of environmental problems is often a bottleneck for home owners and housing managers. Better insight into health performance qualities and a clear framework and common language can improve health performance.

Oor Grense Ton Vosloo, 2018-09-05 Ton Vosloo is een van die mees gerekende koerant- en sakemanne in Suid-Afrika. Gedurende sy loopbaan van sowat sestig jaar het Suid-Afrika op politieke front 'n drastiese ommekeer ondergaan: die Nasionale Party het plek gemaak vir 'n ANC-regering, wat gelei het tot transformasie op sosiale, ekonomiese en sakefront. In 1983 is Vosloo as die besturende direkteur van Naspers aangestel en het hy hom dit ten doel gestel om dié groep – wat in 1913 as mondstuk van die Nasionale Party gestig is – te vernuwe. Vosloo het die maatskappy deur diep, onstuimige waters gestuur: op ideologiese vlak was dit 'n geveg tot die dood toe met die regse Perskor-groep om die steun van Afrikaners te wen. Naspers moes ook op kommersiële vlak moderniseer. Dit het uiteindelik gelei het tot die stigting van M-Net, Suid-Afrika se eerste betaaltelevisiekanaal. In 1992 is Vosloo as voorsitter van Naspers aangestel en het Koos Bekker die pos as besturende direkteur aanvaar. Onder Bekker se leiding het Naspers belê in die Chinese internetmaatskappy Tencent, en vinnig ontwikkel tot 'n groep wat vandag finansiële belange regoor die wêreld het. Dit sou nie moontlik gewees het sonder die fondasie wat Vosloo in die vroeë tagtigs vir sodanige vernuwings gelê het nie. *Oor Grense* is Ton Vosloo se memoir oor sy lewe in die koerantwêreld in 'n tyd toe Naspers nog baklei het om die posisie as markleier, 'n tyd toe die koerante binne sy stal baie na aan die politici van die dag gestaan het. Met sy eiesoortige humorsin en styl as gesoute joernalis vertel Ton Vosloo die storie van Naspers en van sy uiteenlopende ervarings as koerantman en sakeleier.

The Super-Afrikaners Ivor Wilkins, Hans Strydom, 2012-08-28 The Super-Afrikaners, originally published in South Africa in 1978, scandalised a nation as it exposed the secret workings of a powerful Afrikaner organisation called the Broederbond. Out of print for over three decades, this new edition is available for a new generation and includes an introduction by Max du Preez. Formed in Johannesburg in 1918 by a group of young Afrikaners

disillusioned by their role as dispossessed people in their own country, the first triumph of this remarkable organisation was the fact that it was largely responsible for welding together dissident factions within Afrikanerdom and thereby ensuring the accession of the National Party to power in 1948. This highly organised clique of Super-Afrikaners, by sophisticated political intrigue, waged a remarkable campaign to harness political, social and economic forces in South Africa to its cause ... and succeeded. Political journalists Hans Strydom and Ivor Wilkins traced, at great personal risk, its development from its earliest days. The book includes the most comprehensive list of Broeders ever published.

In the Heart of the Whore Jacques Pauw,2017-12-11 The ongoing assassinations of anti-apartheid activists led to rumours that some kind of third force must be responsible. The South African government flatly denied any involvement. All investigations of the matter were met with stony silence. The first crack in the wall came with the publication by the Vrye Weekblad newspaper of the extraordinary story of Dirk Coetzee, former Security Branch Captain. His tale of murder, kidnapping, bombing and poisoning provided corroboration of the shocking confessions made by Almond Nofemela on death row. Slowly the dark secret started unravelling under the probing of determined journalists. *In the Heart of the Whore* introduces the reader to the secret underworld of the death squads. It explains when and why they were created, who ran them, what methods they employed, who the victims and perpetrators were. Jacques Pauw was more closely involved with the subject than any other person outside the police and armed forces. In this groundbreaking work he looks at the devastating effect of the secret war on the opponents of apartheid as well as the corrosive effects on the people who committed these crimes. T
