*The Routledge Historical Atlas of Presidential Elections* Yanek

Mieczkowski,2020-12-29 Now in its second edition, *The Routledge Historical Atlas of Presidential Elections* covers each race for the presidency with brisk, lively narratives up to the election of 2016. Filled with more than 100 full-color maps and illustrations, this updated volume is an indispensable resource for learning about the suspense-filled races to gain America's highest office. Distinguished presidential historian Yanek Mieczkowski captures intriguing details about candidates, issues, and campaigns, allowing readers to experience the drama of every contest. The colorful maps that put state-by-state results at readers' fingertips show geographic voting trends during the country's history. The presidency is America's greatest political prize, and this book describes how candidates have won it—including changes in electoral strategies and campaign practices over the years. This text offers a treasure trove of historical information, such as: The early tradition of the mute candidate The period where just one effective political party existed nationwide One race that witnessed an astounding 80 percent voter turnout A popular-vote victory of 39.9 percent that triggered secession The emergence of the front-porch campaign A third-party candidate who got more votes than the incumbent president The impact of radio, television, and the Internet on the election process This book is essential reading for students of American history and the U.S. presidency.

*This Noble Land* James A. Michener, 2014-04-15 In such modern classics as *Chesapeake*, *Centennial*, *Hawaii*, *Alaska*, and *Texas*, James A. Michener proved time and again that his understanding of and love for his country was unparalleled. *This Noble Land* is Michener's most personal statement about America, an examination of the issues that threaten to fragment and undermine the nation—racial conflict, the widening gulf between rich and poor, the decline of education, the inadequacies of our health care system—as well as a thought-provoking prescription for sustaining our “outstanding success.” Infused with the wisdom and passion of a lifetime, *This Noble Land* stands as a wake-up call for a troubled era. **BONUS:** This edition includes an excerpt from James A. Michener's *Hawaii*. Praise for *This Noble Land* “A book-length essay on the often worrying, often inspiring course of America in the nine decades of Michener's life.”—*The Washington Post* “Michener is more interested in fixing the problems than in fixing the blame.”—*The Dallas Morning News* “Michener's are the beach books that, unlike most other beach books, leave you smarter than you were when you started reading. Each delivers the product of all that research, doled out to the reader at just the right rate. You know right away who the bad guys are—the petty ones, the stingy ones. The heroes are generous and energetic and smart and, above all, unprejudiced. The real-life villains in *This Noble Land* are the people Michener perceives as ‘petty, mean and vengeful.’”—*St. Louis Post-Dispatch* “Stirring . . . an admirable effort to define what has made our country great and how to preserve what is best about it.”—*Kirkus Reviews*

*Firsen's America* James Vincent Kulis, 2015-01-23 I was tired of looking over my

shoulder and tired watching what I said. I was tired of running and hiding. It sounded dramatic---lure a sitting United States president to a small African country. Little did Firsen and I know, that would be just the start of it. Again, I hesitate to write down any of what Firsen and I did. That was, after all, how Goliath found us in the first place-my writings. But the rule of law has broken down and, if anyone is looking for criminals, they are looking for bigger ones than Firsen and me. I guess you need to check with General David Goliath, the richest and the strongest man on Earth. This was really his caper. We were just along for the ride. **The Bridge at Andau** James A. Michener, 2014-03-18 The Bridge at Andau is James A. Michener at his most gripping. His classic nonfiction account of a doomed uprising is as searing and unforgettable as any of his bestselling novels. For five brief, glorious days in the autumn of 1956, the Hungarian revolution gave its people a glimpse at a different kind of future—until, at four o’clock in the morning on a Sunday in November, the citizens of Budapest awoke to the shattering sound of Russian tanks ravaging their streets. The revolution was over. But freedom beckoned in the form of a small footbridge at Andau, on the Austrian border. By an accident of history it became, for a few harrowing weeks, one of the most important crossings in the world, as the soul of a nation fled across its unsteady planks. **BONUS:** This edition includes an excerpt from James A. Michener's Hawaii. Praise for The Bridge at Andau “Precise, vivid . . . immeasurably stirring.”—The Atlantic Monthly “Dramatic, chilling, enraging.”—San Francisco Chronicle “Superb.”—Kirkus Reviews “Highly recommended reading.”—Library Journal

**The House of Fragile Things** James McAuley, 2021-03-23 A powerful history of Jewish art collectors in France, and how an embrace of art and beauty was met with hatred and destruction In the dramatic years between 1870 and the end of World War II, a number of prominent French Jews—pillars of an embattled community—invested their fortunes in France’s cultural artifacts, sacrificed their sons to the country’s army, and were ultimately rewarded by seeing their collections plundered and their families deported to Nazi concentration camps. In this rich, evocative account, James McAuley explores the central role that art and material culture played in the assimilation and identity of French Jews in the fin-de-siècle. Weaving together narratives of various figures, some familiar from the works of Marcel Proust and the diaries of Jules and Edmond Goncourt—the Camondos, the Rothschilds, the Ephrussis, the Cahens d’Anvers—McAuley shows how Jewish art collectors contended with a powerful strain of anti-Semitism: they were often accused of “invading” France’s cultural patrimony. The collections these families left behind—many ultimately donated to the French state—were their response, tragic attempts to celebrate a nation that later betrayed them.

**The Most Expensive Mistress in Jefferson County** James A. Misko, 2016-10-17 What would you do to earn a \$10 million profit? Would you be willing to compromise your principles? Hawkins Neilson is about to find out in *The Most Expensive Mistress in Jefferson County*. The United States Forest Service, Fish and Wildlife Service, Bureau of Land Management, and other government agencies have signed a contract—along with 130 ranchers and farmers and the Nez Pearce Indian Nation—to exchange over \$400

million of property in the largest land deal in Idaho history. Hawk has drained his bank account and borrowed more money to close this transaction. Can he make it through the last week before closing? On the final day, the Indians demand an additional million dollars for one of their properties. Hawk Explodes. This could change his life forever.

Mad as Hell Dominic Sandbrook, 2012-02-14 "I'm mad as hell, and I'm not going to take it anymore!" The words of Howard Beale, the fictional anchorman in 1976's hit film *Network*, struck a chord with a generation of Americans. In this colourful new history, Dominic Sandbrook ranges seamlessly over the political, economic, and cultural high (and low) points of American life in the 1970s, exploring the roots of the fears, resentments, cravings, and disappointments we know so well today. From Richard Nixon and Ronald Reagan to Anita Bryant and Jerry Falwell, he shows how the 1970s saw the emergence of a new right-wing populism, setting the stage for the bitter partisanship and near-total cynicism of our modern political landscape.

**Detour/Derailed** James Siegel, 2007 Written by James Siegel, this omnibus edition contains two intense thrillers.

Deceit James Siegel, 2006 Tom Valle, a smalltown Californian journalist, is reporting on a car crash when he senses that something about the incident is not quite right - this is no ordinary accident. For starters, the autopsy reveals that the victim has been castrated. And although his driving licence pictures him as a 42-year-old white man, his charred bones are those of a black man. Valle's journalistic zeal kicks in, and he is unable to leave the case alone. Even as dark forces gather around him, Valle must pursue the case until he discovers what really happened - whatever the personal cost... A perfectly paced, pitch-

black thriller, DECEIT propels Siegel into the premier league, alongside Coben and Connelly.

*Jerzy Kosinski* James Park Sloan, 1996 National Book Award finalist James Park Sloan offers a definitive biography of literary giant Jerzy Kosinski, the strange, enigmatic author of *The Painted Bird* and *Steps*. Sloan, who knew Kosinski during the last 20 years of his life, reconciles the public figure with the troubled inner man who eventually took his own life.

*Ashes of Life and Other Stories from the Wasteland* James Lyle Whitmer, 2017-12-22 James Lyle Whitmer is a retired FBI Special Agent. He has been married to Vicki for 35 years and has two daughters, Jessica and Lindsey. He has a B.A. from Lewis University in Chemistry, an M.S. in Organic Chemistry from the University of Notre Dame, an M.S. in Criminal Justice from Saint Leo University and a J.D. from Chicago Kent College of Law. He is a licensed attorney in Illinois and practices in the areas of Criminal Law and DCFS Defense. **Measure for Measure** James Culver, 2018-08-04 *Measure for Measure* is the tale of two citizens of Lakeview (Christine and Radar) whose lives have taken them in vastly

different directions. Christine is an aspiring politician and the successful mayor of a fictitious upstate New York city. Radar is a former motorcycle gang member whose only desire in life is to make enough money to feed himself and a few of his bad habits. The novel follows Christine in her attempt to become the first female governor of the state and Radar on his quest to vindicate the murder of his brother. The plot becomes complicated by the fact that Christine is having a sexual relationship with a married man who, unbeknownst to her, just happens to be the murderer of Radar's brother. As the sole eye witness to the tragic murder, Radar knows the identity of the killer, but he has shared this knowledge with no one, quietly keeping it to himself for over twenty years. A new job offers him the unexpected opportunity to observe the murderer on a regular basis. By studying his patterns, Radar develops a plot to avenge his brother's death and to execute the plan in a way that will not connect him to the episode. The novel fully develops all the main characters including a naïve rookie FBI agent from Iowa (Stacey Kowalski), her religious African American veteran partner (Clarence Weatherspoon), Christine's brilliant but geeky campaign manager (Bob Johnson), the womanizing murderer (John Castellano) and his business partner/brother (Tony Castellano). Several incidental characters are also included to support the plot, subplots, and theme and to enhance the character development of the main characters. The novel is written in a style that lends itself to easy reading and to fully capture the interest of the reader throughout each chapter. It is composed in a manner that does not allow a major character link until the final chapter. While there are subtle hints throughout the novel, a very high percentage of the readers will not recognize the clues until they are enlightened by the final chapter. Measure for

Measure is a mainstream commercial novel that will appeal to a large and diverse audience. The novel has been completed, edited multiple times and finalized. Measure for Measure is 111,133 words in length. It also includes the first chapter of my next novel, The Reunion, which is an additional 3,017 words in length.
