BattleTech: Blood Will Tell Jason Schmetzer, 2021-05-21
TIES THAT BIND... Danai Liao-Centrella is many things: Solaris gladiator; proud military commander; successful diplomat. All of those roles pale beneath perhaps the heaviest responsibility of anyone in the Capellan Confederation: to speak the truth to its ruler, Chancellor Daoshen Liao. He is the undeniable dictator of hundreds of worlds. Mighty armies move at his command. Billions of lives hang on his every decision. Against that, she must speak the truth. And the truth is, the war with House Davion must end. Because there is a greater danger looming: the Republic of the Sphere, hiding behind its impenetrable fortress. When that wall comes down, the Confederation must be ready. It cannot be distracted. Danai will pay whatever price necessary to make Daoshen see that. And that price will be heavy. It will force her to take on a role unlike any other: servant of the people. In the Confederation, the people are the heart of the state. When—not if—the wall falls, Danai and her regiment will be ready. They'll have to be ready, because behind the wall the Republic regiments are finally ready to come out of hiding. On worlds like Elgin, Hall, and Liberty, Republic forces are prepared: well-trained, and armed with weapons the Capellans have never seen. When BattleMechs clash, Danai will have to choose between serving the Chancellor or serving the people.

Prototype Jason Dean, 2023-02-16 A single breakthrough could change the world forever. Having just completed a complex recovery assignment, covert salvage specialist Korso is in no mood to take on another job so soon, but he has little choice when he's contacted by Cole Ashcroft, an ex-colleague who's calling in a debt. An official at the US Embassy in Bulgaria has approached Cole with a well-paying salvage job, but only if he can persuade Korso to plan the whole operation. A chemist for a pharmaceutical

company has secretly developed a revolutionary glaucoma pill, one with an unexpected side effect that could make it the discovery of the century. But the chemist has since been found dead, and the prototypes are missing... Aware that ownership of these pills could shift the balance of military power overnight, the embassy man offers to pay Korso handsomely to locate and recover them using any means necessary. But with a job this big Korso also knows he'll have to assemble a team to help him, and that brings its own set of problems. Because with potential profits in the billions, can he really trust anyone...? A full-throttle thriller that will keep you guessing to the very end, perfect for fans of Mark Greaney, Ben Coes and Adam Hamdy.

Knowing Korso is the only person who can help, Dog wants him to infiltrate Quezada's heavily-guarded private compound to recover the murder weapon - a Mayan jade dagger - hidden in a safe room somewhere on his property. Get the dagger to Interpol, and Dog goes free. Fail? And it will be the end of them both... A suave and sophisticated action thriller with a killer hook, perfect for fans of Lee Child, James Swallow and Adam Hamdy.
