Cryptofinance: A New Currency For A New Economy Stephane Goutte, Khaled Guesmi, Samir Saadi, 2021-10-13 The rapid advancement in encryption and network computing gave birth to new tools and products that have influenced the local and global economy alike. One recent and notable example is the emergence of virtual currencies, also known as cryptocurrencies or digital currencies. Virtual currencies, such as Bitcoin, introduced a fundamental transformation that affected the way goods, services, and assets are exchanged. Virtual currencies are experiencing an increasing popularity in the financial markets and in portfolio management as can be classified as financial asset or commodities on a scale from pure medium of exchange advantages to pure store of value advantages. As a result of its distributed ledgers based on blockchain, cryptocurrencies offer some unique advantages to the economy, investors, and consumers, but also pose considerable risks to users and challenges for regulators when fitting the new technology into the old legal framework. Bitcoin for example may be useful in risk management and ideal for risk-averse investors in anticipation of negative shocks to the market. The core objective of this proposed book is to provide a comprehensive discussion on the important issues related to cryptocurrencies ranging from pricing, financial, legal to technological aspects.

Now, out of nowhere comes the shattering e-mail with the haunting message that will force Mariel to confront a past she has struggled to put behind her - and the only man she's ever loved. Before Mariel can contact the stranger who claims to be her daughter, the girl mysteriously vanishes. Tormented by parental fears, yet cast in an outsider's role, Mariel seeks out the one person who will understand her emotions - and her heartache. In different ways, both coax and provoke him to break his rules against being duped by a woman and committing professional suicide. He first encounters flaming haired -Raven Harlow, - like a sister to his best friend and team owner and a guest at her tropical beach house next door, sable haired -Blaine Winters.- It does not take long before Blaine is the first woman he lets inside his life, head, and heart. Then, a nightmare strikes... Could Blaine be the notorious and mysterious Winter Gaines, writer of career and life destroying exposes filled with lies, exaggerations, and sometimes a smidgen of the truth? Blaine has lied to him, beguiled him, and ensnared them in a wicked game that will soon demand a stiff and painful penalty. Drew seeks revenge using an unfamiliar playbook in an unfamiliar sport. He would almost bet all that she loves him and wants to tell him the truth. He must discover how much she will sacrifice to have or to annihilate him. Can he just admit defeat and let her

While seeking a feature writing career in NYC, Raven is given a test assignment to research and co-author a story. Too late, she learns the woman using her identity is out to seduce and destroy him. To strip away his privacy and secrets. To turn his adoring fans and the media against him. She can help tarnish the image of the Golden Lion, or she can risk all to save him. Either decision can cost her everything when they meet in a tropical paradise: Puerto Rico, an island that inspires love and romance, and passionate sex. Everything depends upon his reaction to the truth. She has been tricked and mislead and bullied, but will he understand and forgive her? Is she wrong to keep silent until she can find a way to protect him? To sate her needs until he despises her and casts her aside? Never had she imagined the target of Winter's project would strike up a romance with her. Or she would fall for the alleged playboy known as -Quick Release- on and off the football field. Had she surrendered her heart, soul, and body to a -Devil in Disguise, - as Winter had warned. And events suddenly seemed to be proving. Even so, could she eviscerate the -Heart- and -Pride- of the Arizona Mountain Lions' -Man with the Golden Arm?- Janelle Taylor, creator of fifty-five works in multi-genres, award winning -Legend- and -Pioneer- in the romance genre, NYTimes and USA Today Bestselling author, has written an unforgettable story about a man and a woman who must face the ultimate test of love, honesty, and courage.
