GUI Design Shan ben tu shu,2015 As technology has rapidly advanced, so too has the way we use and interact with it. Gone are the days of flat black backgrounds dotted with blocky green text; now, users expect a massive range of colors, layouts, and fonts to be used to entertain and assist them in their daily lives. GUI Design assembles the best of recent graphic user interface for a collection that provides practical encouragement for those new to the world as well as inspiration for experienced designers. The book gathers Twitters Vine video creation app for Windows phones, the vulgar-yetamusing Authentic Weather app, an application designed to help tourists follow the physical and ideological path of the Iron Curtain, and more to showcase programs that balance information flow with user experiences and highlight the creativity, inspiration, and expressive techniques used in their design. The projects within demonstrate the increasingly significant role of user interfaces in both design and our everyday lives in the modern world.

The Stagsblood Prince Gideon E. Wood,2021-02-07 Tel, handsome crown prince of Feigh, has negotiated an end to the war between his country and the strange queendom of Omela. He looks forward to an easy reign of wild parties and wilder men. The deities have other ideas, however, in this gay fantasy novel of transformation, redemption, and love. When his father dies suddenly, Tel is outmaneuvered by his brother, losing the throne. Tel's faith prohibits him from raising his sword and spilling blood, so he accepts the humiliation, working to temper his brother's baser impulses. But the new king's reign takes a dark turn, and his collaborators begin to round up undesirables, including those with a magic called the stagsblood. Tel must decide: Flee or fight? Running means abandoning his people to his brother's evil whims.

Standing his ground means the sin of total war. He has no army and only a few allies-and his magical secret.Caip, his closest friend and protector, brings military experience and blunt advice. Her right hand, Dar, is the picture of loyalty. Tough, battle-scarred Bin doesn't suffer fools gladly. And Vared, a mysterious singer-turned-diplomat from Omela, speaks the truth to Tel in ways no one else can.
