Covered with Night: A Story of Murder and Indigenous Justice in Early America Nicole Eustace, 2021-04-27 WINNER • 2022 PULITZER PRIZE IN HISTORY Finalist • National Book Award for Nonfiction Best Books of the Year • TIME, Smithsonian, Boston Globe, Kirkus Reviews The Pulitzer Prize-winning history that transforms a single event in 1722 into an unparalleled portrait of early America. In the winter of 1722, on the eve of a major conference between the Five Nations of the Haudenosaunee (also known as the Iroquois) and Anglo-American colonists, a pair of colonial fur traders brutally assaulted a Seneca hunter

near Conestoga, Pennsylvania. Though virtually forgotten today, the crime ignited a contest between Native American forms of justice—rooted in community, forgiveness, and reparations—and the colonial ideology of harsh reprisal that called for the accused killers to be executed if found guilty. In *Covered with Night*, historian Nicole Eustace reconstructs the attack and its aftermath, introducing a group of unforgettable individuals—from the slain man’s resilient widow to an Indigenous diplomat known as “Captain Civility” to the scheming governor of Pennsylvania—as she narrates a remarkable series of criminal investigations and cross-cultural negotiations. Taking its title from a Haudenosaunee metaphor for mourning, *Covered with Night* ultimately urges us to consider Indigenous approaches to grief and condolence, rupture and repair, as we seek new avenues of justice in our own era.

Friends and Enemies in Penn's Woods Daniel Richter,2010-11-01 Two powerfully contradictory images dominate historical memory when we think of Native Americans and colonists in early Pennsylvania. To one side is William Penn&'s legendary treaty with the Lenape at Shackamaxon in 1682, enshrined in Edward Hicks&'s allegories of the &Peaceable Kingdom.& To the other is the Paxton Boys&' cold-blooded slaughter of twenty Conestoga men, women, and children in 1763. How relations between Pennsylvanians and their Native neighbors deteriorated, in only 80 years, from the idealism of Shackamaxon to the bloodthirstiness of Conestoga is the central theme of *Friends and Enemies in Penn&'s Woods*. William Pencak and Daniel Richter have assembled some of the most talented young historians working in the field today. Their approaches and subject matter vary greatly, but all concentrate less on the mundane details of how Euro- and Indian Pennsylvanians negotiated and fought than on how people constructed and reconstructed their cultures in dialogue with others. Taken together, the essays trace the collapse of whatever potential may have existed for a Pennsylvania shared by Indians and Europeans. What remained was a racialized

definition that left no room for Native people, except in reassuring memories of the justice of the Founder. Pennsylvania came to be a landscape utterly dominated by Euro-Americans, who managed to turn the region's history not only into a story solely about themselves but a morality tale about their best (William Penn) and worst (Paxton Boys) sides. The construction of Pennsylvania on Native ground was also the construction of a racial order for the new nation. *Friends and Enemies in Penn's Woods* will find a broad audience among scholars of early American history, Native American history, and race relations.
