John A. Miller

How the Bible Came to Be John W. Miller, 2004 A detailed study of the form and message of the Bible as a whole, along with carefully documented information on how, when, and why its diverse components were assembled.

World Literacy John W. Miller, Michael C. McKenna, 2016-01-29 International literacy assessments have provided ample data for ranking nations, charting growth, and casting blame. Summarizing the findings of these assessments, which afford a useful vantage from which to view world literacy as it evolves, this book examines literate behavior worldwide, in terms of both the ability of populations from a wide variety of nations to read and the practice of literate behavior in those nations. Drawing on The World's Most Literate Nations, author Jack Miller's internationally released study, emerging trends in world literacy and their relationships to political, economic, and social factors are explored. Literacy, and in particular the practice of literate behaviors, is used as a lens through which to view countries' economic development, gender equality, resource utilization, and ethnic discrimination. Above all, this book is about trajectories. It begins with historical contexts, described in terms of support for literate cultures. Based on a variety of data sources, these trends are traced to the present and then projected ahead. The literate futures of nations are discussed and how these relate to their economic and sociocultural development. This book is unique in providing a broader perspective on an

intractable problem, a vantage point that offers useful insights to inform policy, and in bringing together an array of relevant data sources not typically associated with literacy status.

Proverbs John W. Miller, 2004-11-16 The uniqueness of this commentary is its detailed, first-time uncovering of evidence that there were two editions of Proverbs, the first in the time of Solomon and the second in support of King Hezekiah's historic religious reforms. In this light heretofore puzzling features of the book's design, purpose, and message are clarified in this light and the book's relevance for its time and ours greatly enhanced.

The Cell John C. Miller, Michael Stone, Chris Mitchell, 2002-09-01 In *The Cell*, John Miller, an award-winning journalist and coanchor of ABC's 20/20, along with veteran reporter Michael Stone and Chris Mitchell, takes readers back more than 10 years to the birth of the terrorist cell that later metastasized into al Qaeda's New York operation. This remarkable book offers a firsthand account of what it is to be a police officer, an FBI agent or a reporter obsessed with a case few people will take seriously. It contains a first-person account of Miller's face-to-face meeting with bin Laden and provides the first full-length treatment to piece together what led up to the events of 9/11, ultimately delivering the disturbing answer to the question: Why, with all the information the intelligence community had, was no one able to stop the 9/11 attacks?

Biblical Faith and Fathering John W. Miller, 1989

Meet the Prophets John W. Miller, 1987 A

carefully organized, step-by-step introduction to the books of the biblical prophets, the men behind them, their message, and their relevance for today. +

Calling God "Father" John W. Miller, 1999 The abandonment of children by their fathers is symptomatic of the breakdown of the foundation of society, the socialization and civilization of the male. The antidote to this is the rediscovery of God as Father, as found in the authentic tradition of the Hebrew scriptures.

Dignity Chris Arnade, 2019-06-04 NATIONAL BESTSELLER A profound book.... It will break your heart but also leave you with hope. –J.D. Vance, author of *Hillbilly Elegy* [A] deeply empathetic book. –The Economist With stark photo essays and unforgettable true stories, Chris Arnade cuts through expert pontification on inequality, addiction, and poverty to allow those who have been left behind to define themselves on their own terms. After abandoning his Wall Street career, Chris Arnade decided to document poverty and addiction in the Bronx. He began interviewing, photographing, and becoming close friends with homeless addicts, and spent hours in drug dens and McDonald's. Then he started driving across America to see how the rest of the country compared. He found the same types of stories everywhere, across lines of race, ethnicity, religion, and geography. The people he got to know, from Alabama and California to Maine and Nevada, gave Arnade a new respect for the dignity and resilience of what he calls America's Back Row--those who lack the credentials and advantages of the so-called

meritocratic upper class. The strivers in the Front Row, with their advanced degrees and upward mobility, see the Back Row's values as worthless. They scorn anyone who stays in a dying town or city as foolish, and mock anyone who clings to religion or tradition as naïve. As Takesha, a woman in the Bronx, told Arnade, she wants to be seen she sees herself: a prostitute, a mother of six, and a child of God. This book is his attempt to help the rest of us truly see, hear, and respect millions of people who've been left behind.

A Gift of Freedom John Jos. Miller, 2022-03-22 In the 1970s, John M. Olin, one of the country's leading industrialists, decided to devote his fortune to saving American free enterprise. Over the next three decades, the John M. Olin Foundation funded the conservative movement as it emerged from the intellectual ghetto and occupied the halls of power. The foundation spent hundreds of millions of dollars fostering what its longtime president William E. Simon called the "counterintelligentsia" to offset liberal dominance of university faculties and the mainstream media and to make conservatism a significant cultural force. Among the counterintellectuals the foundation identified and supported at key stages of their careers were Charles Murray during his early work on welfare reform, Allan Bloom as he wrote *The Closing of the American Mind*, and Francis Fukuyama as he was developing his "End of History" thesis. Using exclusive access to the John M. Olin Foundation's leading personalities as well as its extensive

archives, John J. Miller tells the story of an intriguing man and his unique philanthropic vision. He gives fascinating insights into the foundation's role in helping the CIA fund anti-Communist organizations during the Cold War and its extensive help to Irving Kristol and others as they moved from left to right to found the neoconservative movement. He tells of the foundation's early and critical role in building institutions such as the Federalist Society and the Heritage Foundation, which served to transform conservative ideas into national policies. A Gift of Freedom shows how John M. Olin's "venture capital fund for the conservative movement" helped develop one of the leading forces in American politics and culture.

The Curse of Satan's Collar John W.

Miller, 2008-04-29 He was big . . . the biggest of the litter . . . big enough to wrestle bears, and he did, two, maybe more; but he killed many. When he woke up in that black inky night he couldn't see, thought he was blind, and had a massive hangover from his Daddy's Cherry Jump moonshine. A buzzard had died in his mouth and with it came rotten dog breath. A headache like someone had hit him with a pole axe made him feel like he was dead, dead as four-o'clock. And did he smell! Wow! His torn bib overalls were soaked in sour mash. Other than not knowing where he was, he still thought he was alright, and that too was a problem. Was there any hope or any salvation? Luckily, he had been weather hardened by war. He stood up and he tired to walk, but ran into something. It knocked him down. When he fell, he

heard something rattle. It was a trace chain attached to a leather dog collar around his neck. But in the inky dark he couldn't see his hand in front of him. He got up again and found the trace chain wrapped around a tree, and locked. Shocked, he screamed out, "Goddamn! I'm chained to a tree," then screamed louder, "They have chained me to a tree like a wild cur dog!" Now mad as hornet with his stinger busted, he felt around and found something else about the tree. This time he screamed even louder, "Son of a bitch! It's my goddamn tree! Who in the hell would chain me to my own tree?" He sat back down against the family tree stunned, and then realized; "It's got to be my . . . family. Chained me like a goddamn cur dog to a tree. But which one of them would have the nerve to do this . . . to ME?" Then he realized it could be only one person. He stood up and screamed, "Mama! Then he fell down again, pounded the ground, cried like his heart tore out. He got up off the ground, went into a wild-man's rage then fainted with exhaustion. Then he got sick, tried to walk, but threw up all over himself. And the chain snatched him back and down into his vomit; it was all over him like those bugs. He pounded the ground with his fist, wondering how in the world he had gotten here and where he was. Again and again, he got up. Each time he tried to walk in another direction, but the chain snatched him off his feet and back down on the ground and into his rotten vomit. It didn't matter what direction he walked. Finally exhausted, he couldn't get back on his feet. Still he kept asking himself, "Where in the hell am I, and who

in the hell put this collar on me?" All night he shouted and wallowed in his vomit like an itchy, old, fat hog taking a bath in new mud. He heard no one come in the dark, silent, black night. Thank God! His vomit smell finally ran the goddamn bugs off his body and away. AUTHOR REVIEWS Another one of the best of the best; has an eye for writing more good novels. Just Great! What can a person do when they read a story like this one? You have the knack for telling stories from the Blue Ridge Mountains. Just keep it up and I'll keep looking for another book. -Hyway94, Everywhere, USA- I like the back-story (flash back) that leads in. Very well written and has great flow about something I know nothing about. - Isle of Travey, Auckland 1172 New Zealand- Another highly written book, written in your unique style, and I loved the antics in this one. You are so gifted to have such a unique spelling ability. -rivkill111, USA- This is the very best chapter (#54) of your novel. Of course, I am so glad the villain got his come up-ins. Dredd reminded me of one of my ex-husbands. You've got a great book here. -Oatmeal (Camille Whitman), USA- You have a talent for realistic character, engaging dialogs

Jesus at Thirty John W. Miller, 1997 Through the centuries the portraits of Jesus have varied from age to age and place to place. John Miller shows that despite sparse information about Jesus' early life, enough data can be found to illustrate a profound psychological transition at age 30. The book explains tensions between Jesus and his family at the start of his ministry, emotional distancing between Jesus and Mary, and more.

The Bridge at Dong Ha John Grider

Miller, 2013-08-20 Tells how on Easter morning 1972, Marine Corps captain John Walter Ripley braved enemy fire to blow up a bridge at the Cua Viet River near Dong Ha, keeping thirty thousand enemy soldiers and two hundred tanks at bay.

New Orleans Stories John Miller, Genevieve Morgan, 2004-06-10 Voodoo. Vampires. Jazz. There's no city quite like New Orleans, a city that whispers stories and where writers come to eavesdrop. New Orleans Stories collects the very best writing on the Big Easy by a stellar gallery of writers for whom the city has played host and muse -- from Walt Whitman and William Faulkner to Anne Rice, Truman Capote, Walker Percy, Tennessee Williams, and Zora Neale Hurston. With a striking new cover, this anthology captures the vibrancy -- and variety -- of New Orleans as it casts its most seductive spell.

Outgrowing the Ingrown Church C. John

Miller, 1986 This is a book for pacesetters -- church leaders who desire to help their churches break free of the things that turn them in on themselves. It is a masterly mix of biblical principle, objective analysis, and personal experience.

How Baseball Happened Thomas W.

Gilbert, 2020-09-15 The untold story of baseball's nineteenth-century origins: "a delightful look at a young nation creating a pastime that was love from the first crack of the bat" (Paul Dickson, The Wall Street Journal). You may have heard that Abner Doubleday or Alexander Cartwright invented baseball. Neither did. You may have been told that

a club called the Knickerbockers played the first baseball game in 1846. They didn't. Perhaps you've read that baseball's color line was first crossed by Jackie Robinson in 1947. Nope. Baseball's true founders don't have plaques in Cooperstown. They were hundreds of uncredited, ordinary people who played without gloves, facemasks, or performance incentives. Unlike today's pro athletes, they lived full lives outside of sports. They worked, built businesses, and fought against the South in the Civil War. In this myth-busting history, Thomas W. Gilbert reveals the true beginnings of baseball. Through newspaper accounts, diaries, and other accounts, he explains how it evolved through the mid-nineteenth century into a modern sport of championships, media coverage, and famous stars—all before the first professional league was formed in 1871. Winner of the Casey Award: Best Baseball Book of the Year

The Hospice Choice Marcia Lattanzi-Licht, John J. Mahoney, Galen W. Miller, 1998-03-18 Drawing on the expertise of The National Hospice Organization--the umbrella organization for the ever-increasing number of hospice programs nationwide--this definitive guidebook outlines the many different choices for care and help available to the terminally ill, their families, and their caretakers.

Becoming Laura Ingalls Wilder John E. Miller, 2006-01-31 Although generations of readers of the Little House books are familiar with Laura Ingalls Wilder's early life up through her first years of marriage to Almanzo Wilder, few know about her adult years. Going beyond previous

studies, *Becoming Laura Ingalls Wilder* focuses upon Wilder's years in Missouri from 1894 to 1957. Utilizing her unpublished autobiography, letters, newspaper stories, and other documentary evidence, John E. Miller fills the gaps in Wilder's autobiographical novels and describes her sixty-three years of living in Mansfield, Missouri. As a result, the process of personal development that culminated in Wilder's writing of the novels that secured her reputation as one of America's most popular children's authors becomes evident.

The Big Scrum John J. Miller, 2011-04-12 John J. Miller delivers the intriguing, never-before-told story of how Theodore Roosevelt saved American Football—a game that would become the nation's most popular sport. Miller's sweeping, novelistic retelling captures the violent, nearly lawless days of late 19th century football and the public outcry that would have ended the great game but for a crucial Presidential intervention. Teddy Roosevelt's championing of football led to the creation of the NCAA, the innovation of the forward pass, a vital collaboration between Walter Camp, Charles W. Eliot, John Heisman and others, and, ultimately, the creation of a new American pastime. Perfect for readers of Douglas Brinkley's *Wilderness Warrior*, Michael Lewis's *The Blind Side*, and Conn and Hal Iggulden's *The Dangerous Book for Boys*, Miller's *The Big Scrum* reclaims from the shadows of obscurity a remarkable story of one defining moment in our nation's history.

The American Voter Angus Campbell, University of Michigan. Survey Research Center, 1980-09-15 On voting behavior in the United States

Tropical Heat John A. Miller, 2003-02-17 When an army officer is found dead in the small Virginia town of Hopewell, the murder sets in motion a sequence of events that will forever change the life of Sheriff A.G. Farrell. A.G.'s investigation is hampered by a strangely hostile provost marshal from the murdered captain's base and by the captain's enigmatic widow, Theresa Fitzgerald, whose beauty, like the terrible heatwave that hangs heavily in the Southern summer air, leaves soldiers and civilians alike gasping for relief. When a thin thread ties together the otherwise unsuspecting deaths of four young women over the past four years, A.G. struggles to retain his sense of objectivity and propriety as sexual tension grows between Theresa and himself, while facing down the provost marshal whose rush to judgement will get the wrong man hung for murder.
