

Jon Cassidy

Mike Gayle

Dying on the Job Ronald D. Brown, 2013 Dying on the Job looks at the variety of reasons people take the lives of coworkers or themselves and offers explanations for their behavior. Some are pathological; others are simply stretched to limits they can't sustain. The author offers real stories throughout and ends with a consideration of trends, responses, and prevention strategies.

WhiteSpace: Season One Sean Platt, David Wright, 2013-12-12 From the authors of the bestselling series, Yesterday's Gone, comes the roller coaster ride of a sci-fi serial thriller, WhiteSpace: Season One. Hamilton Island looks like the perfect home. Maybe it would be, if it wasn't filled with tomorrow's nightmares... The Puget Sound bedroom community has it all -- beautiful homes with white picket fences, a thriving tech sector, and one of the best school systems in the state. But not everything is as it seems. People on the island go missing all the time. Its residents are being watched. And controlled. When a school shooting rocks the quiet community Jon Conway returns home to make peace with his past and care for the daughter he never knew he had. When his daughter goes missing, he follows a broken trail of family secrets and betrayal that may just end him. Cassidy Hughes has never been able to live in her twin sister's shadow. Now that her twin is dead, Cass must overcome an addiction to pills to care for her niece. But she starts to remember something that happened long ago — something that is still happening on Hamilton Island today. Milo Anderson was lucky to survive the school shooting. However, as he's about to learn, the shooting wasn't nearly as random as it seemed. And when someone reaches out claiming to know the truth, Milo is convinced he's being watched. He also wonders how much his best friend, Alex, knows so much about the shooting. □□□□ I loved reading White Space(season 1) also read Season 2. It's like Twilight Zone, Stepford Wives, and Invasion of the Body Snatchers all mixed into

these thrilling series. -- Kim Nev ☐☐☐☐ Whitespace is as good as it gets. An excellent premise delivered in tantalizing bits to keep you on the edge of your seat. I'm reading Season Two as I write this and I'm still as hooked as I was with the first season. Great characters, realistic settings, good pacing - plain and simple, I love it. -- Sky ☐☐☐☐ As with all of their books I've read so far, White Space is loaded with suspense, murder, mayhem and sometimes a light touch of humor to allow us to get our racing heart slowed down and prepare for the next thrill. You can't go wrong with these writers, no matter which book you read, and if your experience is anything like mine you will find, Nobody can read just one! -- Trudy Kimmy ☐☐☐☐ I am a Goner and I just love the way that David Wright and Sean Platt can keep you on the edge of your seat for every chapter in their books. White Space had that same style that I missed after finishing up all the seasons of Yesterday's Gone. Once I started White Space Season One, I had a hard time putting it down. I finished it in just a couple days but I hated to put it down to sleep at night or to go to work. -- Karen ☐☐☐☐ WhiteSpace has been on my radar for some time now and I'm so glad I finally took the plunge. I LOVE the serial format and Sean and Dave are definitely masters of the form. So sad it's not a thing anymore. I absolutely loved WhiteSpace, the entire story is amazing. The characters, the creepiness, the setting and world...so completely awesome, it's got it all. And the ending, holy crap the ending! God these guys are good. -- Adam Baileyb WhiteSpace is a character-driven, mysterious, creepy, paranoid, sci-fi thriller that reads like the literary version of a televised serial with the mysteries of LOST and the future paranoia of Black Mirror. Read the whole series today.

The Far Left in Australia since 1945 Jon Piccini,Evan Smith,Matthew Worley,2018-07-11 The far left in Australia had significant effects on post-war politics, culture and society. The Communist Party of Australia (CPA) ended World War II with some 20,000 members, and despite the harsh and

vitriolic Cold War climate of the 1950s, seeded or provided impetus for the re-emergence of other movements. Radicals subscribing to ideologies beyond the Soviet orbit – Maoists, Trotskyists, anarchists and others – also created parties and organisations and led movements. All of these different far left parties and movements changed and shifted during time, responding to one political crisis or another, but they remained steadfastly devoted to a better world. This collection, bringing together 14 chapters from leading and emerging figures in the Australian and international historical profession, for the first time charts some of these significant moments and interventions, revealing the Australian far left's often forgotten contribution to the nation's history.

Mexicans on Death Row Ricardo Ampudia, 2010-11-30 They stole 15 years of my life. A native of Monterrey, Mexico, Ricardo Aldape Guerra was sentenced to death in 1982 for the first-degree murder of a Houston Police Officer that took place three months earlier. He spent 15 years in a maximum security prison in Huntsville, Texas, before his death sentence was overturned and he was set free. Ricardo Ampudia, former Consul General of Mexico in Houston, Texas, explores the history and ethics of the death penalty in this fascinating look at its impact on Mexicans sentenced to death in the United States. A fervent opponent of capital punishment, Ampudia came to his beliefs because of his involvement in defending Aldape. The author offers a brief introduction about the death penalty, both in the U.S. and around the world, and notes that in 2001, 90% of all known executions occurred in China, Iran, Saudi Arabia, and the United States. Most of the countries that apply the death penalty have dictatorial regimes or repressive governments, with the U.S. being the notable exception. Subsequent chapters focus on the phenomenon of the death penalty in the U.S. and the work done by the Mexican government to protect its citizens abroad. The final chapters focus on the Ricardo Aldape Guerra case. In this section written by Scott Atlas, the attorney who handled his

defense, and Michael Mucchetti, both from the Vinson & Elkins law firm, it's revealed that the reopened investigation of the crime uncovered evidence that the jury never heard when Aldape was convicted. And in fact, a shocking pattern of police and prosecutorial intimidation, misconduct, and abuse came to light. Originally published in Mexico as *Mexicanos al grito de muerte*, this absorbing account of the history, use, and flaws of the death penalty is a must-read for anyone interested in the criminal justice system in the United States.

Dawn of a New Era Ronald Beach and Lee Pitts, 2012-08-01 The incumbent looking to return to his elected office is often considered the favorite, but President Jerald Mortensen seeking a second term appears to be losing ground to a political newcomer. Across the United States events occur showing the nation that President Mortensen's programs are failing. Not involved in the political scene the Broken Dreams Detective Agency becomes drawn in as it seems that a secretive organization called The Ten desires to force term limits on them also. Permanently! President and private citizens soon become allies in the fight to end the possible destruction of the country's political system.

Pamphlets on Conservation of Natural Resources ,1909

This is the ABC Ken Inglis, 2006 As the bells in the tower of Sydney's General Post Office chimed eight o'clock on the evening of Friday 1 July 1932, the peals were picked up by a microphone and carried to every State of the Federation. 'This is the Australian Broadcasting Commission,' said the announcer, Conrad Charlton. So begins K.S. Inglis's compelling history of the first fifty years of the ABC. In a sparkling tour de force Inglis shows us the ABC's triumphs and failures, its great medley of personalities and the effects it has had on Australian public life. Based on the Commission's own archives, on newspapers and journals, on a rich assortment of interviews and on

the author's own listening and viewing, this is a social history of the highest order.

From Frontiers to Football Matthew Brown, 2014-08-15 With Brazil hosting the FIFA World Cup this summer and the Olympic Games in 2016, all eyes are on Latin America. But what vision of these countries will we be given? Will our airwaves be full of cultural stereotypes about Latin Americans and inaccurate interpretations of the region's position in the world? In *From Frontiers to Football*, Matthew Brown provides a much-needed historical analysis to rebut misconceptions about Latin America's past while giving readers the tools with which to understand the region's complex present. Telling the story of Latin America's engagement with global empires from 1800 to today, *From Frontiers to Football* is as much a narrative of repeated cycles, continued dependency, and thwarted dreams as it is a tale of imperial designs overthrown, colonial armies defeated, and other successes that have inspired colonized peoples across the globe. Brown restores a cultural history to the continent, giving as much attention to pop singer Shakira and retired footballer Pelé as he does to coffee producers, copper miners, government policies, and covert imperialism. Latin America, Brown shows, is no longer a frontier or periphery, but rather is at the forefront of innovation and a global center for social, cultural, and economic activities. Clear and readable, *From Frontiers to Football* presents a compelling introduction to the history of Latin America's interactions with the world over the last two centuries.

Vampire Rising Scarsky, What happens when you wake up as a vampire? Ella was just an ordinary high school student until strange events caused an irrevocable change within her. Once a human, she's now a vampire with no one to guide her and a desperate thirst for blood. Worse yet, unknown assailants want her dead at all costs and a sinister plot threatens to destroy her world completely. Who turned her and for what purpose? In the dangerous and dark world of vampires,

Ella discovers strange new powers and meets a charming boy who has a fondness for pop culture references. Despite their differences, they soon learn they share more than meets the eye. Will Ella find the answer she seeks? If you enjoy Stephenie Meyer's Twilight saga and Vampire Diaries, you will enjoy the Vampire Regalia series.

Covering American Politics in the 21st Century [2 volumes] Lee Banville, 2016-12-12 This encyclopedia provides a real-world guide to American political journalism and news coverage in the 21st century, from the most influential media organizations and pundits to the controversies and practices shaping modern-day political journalism. Over the last 20 years, political campaigns and the media that cover them have been fundamentally altered by a mix of technology and money. This timely work surveys the legal, financial, and technological changes that have swept through the political process, putting those changes in context to help readers appreciate how they affect what the public learns—and doesn't learn—about the candidates and lawmakers at the local, state, and federal levels. The encyclopedia offers a critical examination of a broad range of topics organized in a narrative, A-to-Z format. Written by journalists and political experts, the two volumes cover the major issues, organizations, and trends affecting both politics and the coverage of political campaigns. Some 200 entries treat everything from news organizations, think tanks, and significant individuals to questions concerning money, advertising, and campaign tactics. Objective, unbiased, and comprehensive, the encyclopedia is an unequalled resource for anyone seeking to understand American political journalism and news coverage in the 21st century.

Valuing Bureaucracy Paul R. Verkuil, 2017-05-15 In this book, Verkuil uses his inside perspective on government to examine the increasing impact of private contractors on governance. Outsourcing of government functions is on the rise and is of concern to scholars and practitioners, and the

reputation of the author will bring considerable attention to this book.

Whose ABC? Ken Inglis, 2006 Whose ABC? is Ken Inglis's long-awaited political and cultural history of one of Australia's best-loved institutions. Combining in-depth research, interviews with the key players and a gift for story-telling, it is social history of the highest order. Since 1983, the ABC has seen controversial managing directors - David Hill, Jonathan Shier - come and go. There have been fights over funding - eight cents a day - and charges of bias. There have been both programming triumphs - from Bananas in Pyjamas to Kath & Kim - and accusations of cowardice and dumbing down. Whose ABC? deals with all these events and more. It seeks out the truth of events and breaks new ground. The result is an unfailingly readable narrative that will be seen as a classic of Australian historical writing.

Dinner for Two Mike Gayle, 2004-06-04 Dave Harding's got a wonderful wife, a beautiful home, and a job he could do in his sleep... So no one is more surprised than Dave when he hears his own biological clock start ticking. Loudly. Unfortunately, his better half, Izzy, has no nine-month plan for fat ankles or a credit line at Baby Gap. With even worse timing, the music magazine Dave writes for folds. Desperate for work, he's forced to become an advice columnist for a teen magazine. But he's about to get a serious wake-up call. Wading through letter after letter of adolescent angst is the last thing Dave wants to do, especially since he could use some help dealing with his own. But one letter is about to make all his little problems disappear -- and replace them with one big one. The letter is from a teenage girl named Nicola. But she doesn't need advice about boys, or friends, or the latest fads. She's looking for her father, whom she's never met. She's looking for a man to call Dad. She's looking for Dave.

Official Congressional Directory United States. Congress, W. H. Michael, 2013

Thin-surfaced Pavements Donald N. Geoffroy, National Cooperative Highway Research Program, 1998 This synthesis report will be of interest to pavement design engineers in local, state, and federal transportation agencies. Pavement materials, construction, and maintenance engineers will also find it of interest. In addition, it will be of interest to local technology transfer centers and pavement research engineers. This synthesis describes the state of the practice for thin-surfaced pavement project selection and structural design. It does not establish preferential design criteria (e.g., mix design) nor does it systematically evaluate existing design methods. This report of the Transportation Research Board describes the conditions in which thin-surfaced pavements are considered appropriate, what thin-surfaced pavement types are considered appropriate for given conditions, and the decision criteria used in their selection. Information for the synthesis was collected by surveying state and local transportation agencies and by conducting a literature search, including foreign resources. Case studies and an extensive collection of survey data are presented.

Parliamentary Debates, Senate, Weekly Hansard Australia. Parliament. Senate, 1971

Yin-yang Alice Renouf, Mary Beth Ryan-Maher, 2012 China has become one of the largest study and teach-abroad, travel, and business destinations in the world. Yet few books offer a diversity of perspectives and locales for Westerners considering the leap. This unique collection of letters offers a rarely seen, intimate, and refreshingly honest view of living and working in China. Here, ordinary people--recent college graduates, teachers, professors, engineers, lawyers, computer whizzes, and parents--recount their experiences in venues ranging from classrooms to marketplaces to holy mountains. The writers are genuine participants in the daily life of their adopted country, and woven throughout their correspondence is the compelling theme of outsiders coping in a culture that is vastly foreign to them and the underlying love-hate struggle it engenders. We follow their initial

high; the shift to general discomfort and then to full-blown culture shock; and slowly, the return of a sense of balance, identity, and normalcy; and finally, the decision to return home or stay. Written in a down-to-earth, personal, often humorous, always authentic style, these tales of trials, successes, and failures offer invaluable insight into a country that remains endlessly fascinating.

Parliamentary Debates (Hansard). Australia. Parliament. House of Representatives, 1971

Kiss Yesterday Goodbye Cassidy Ryan, 2014-10-03 For their future, he must let go of his past. Aidan has a huge crush on Jon, but not only is Jon his boss, albeit temporarily, he is also recovering from a bad break-up. On his final day at Jon's publishing company, Aidan finds the courage to make his move. It results in what should be a solitary evening of mind-blowing sex before they go back to their own lives. But when a confrontation with his landlord leaves Aidan bruised, bleeding and homeless, Jon and his friends come to his aid. Jon is smitten by Aidan, and utterly terrified. His last relationship has left him with some pretty deep emotional scars and he has no wish to get back in the game. But the more time he spends with Aidan, the less time he wants to give to the past. However, Aidan has something in common with Jon's ex that could spoil any chance they have of making a life together.

Washington Information Directory 2016-2017 CQ Press, 2016-07-19 Washington Information Directory is this essential one-stop resource for information on U.S. governmental and nongovernmental agencies and organizations.
