Seventh Grade vs. the Galaxy Joshua S. Levy, 2019-03-05 Percy Jackson meets Star Trek PSS 118 is just your typical school—except that it's a rickety old spaceship orbiting Ganymede, a moon of Jupiter. Jack's dad used to be the science teacher, until he got fired for tinkering with the ship. Now Jack just wants to get through the last day of school without anything else going wrong. But when the school is mysteriously attacked, Jack discovers that his dad has built humanity's first light-speed engine—and given Jack control of it. To save the ship, Jack catapults it hundreds of light-years away . . . and right into the clutches of the first aliens humans have ever seen. School hasn't just gotten out: it's gone clear across the galaxy. And now it's up to Jack and his friends to get everyone home. [T]his middle-grade action-adventure space opera is just plain fun.—Booklist A perfect bridge for readers looking for a Percy Jackson—esque work of science fiction.—School Library Journal

The Loudest Thing Joshua Levy, 2019 This book is a love letter. It is a love letter to family and the complex history of blood; to failed relationships and the magic left behind; to the dance of a happy marriage across the decades; to friendship; to travel; to coming home. Funny and unpredictable, honest and seductive--Joshua Levy uses poetry as a conduit for the exploration of love in its countless manifestations. He finds the silver lining in even the darkest subject matter with a sense of wonder that is refreshing and infectious. We journey with him as he visits the crooked streets of Lisbon, a kibbutz in Israel, the hollow of a guitar on a beach somewhere in Venezuela, and even an alien planet. But Levy is most fascinated with his hometown: these poems brim with affection for the city of Montreal and the things that keep him anchored here. In *The Loudest Thing* Levy adds his unique and vital voice to the grand chorus of Montreal Jewish writers such as Leonard Cohen, Mordecai Richler, Irving Layton, and A.M Klein, who came before him.

Eighth Grade vs. the Machines Joshua S. Levy, 2021-10-05 After the entire population of Earth's solar system is whisked away by alien technology, Jack and his classmates and teachers aboard the PSS 118 are the only humans left. It's up to them to find and rescue the rest of humanity—if they can avoid the aliens hunting them down, steer clear of a robot civil war, and figure out who among them might be a traitor. Hilarious, high-stakes, un-put-downable fun.—Jarrett Lerner, author of the EngiNerds series Another amazing trip across the galaxy with the students of PSS 118!—Monica Tesler, author of the Bounders series

Last Summer in Outer Space Joshua S. Levy, 2023-08-01 Jack's eighth-grade year aboard the PSS 118 is coming to an end. And the students and faculty of the best public schoolship in the galaxy (if it does say so itself) are on the verge of completing their mission. If all goes well, they'll soon foil the sinister alien plot that's put all of humanity in danger. But this is still middle school. So all does not go well. When the original plan backfires, it's up to Jack, Ari, and Becka to take on the evil Minister one more time and make the galaxy safer for everyone.

**Finn and Ezra's Bar Mitzvah Time Loop** Joshua S. Levy, 2024-05-14 Finn and Ezra's bar mitzvah weekend takes on a Groundhog Day twist in this hilarious and magical middle grade novel from Joshua S. Levy. Finn and Ezra don't have a lot in common—except, of course, that they're trapped in a bar mitzvah time loop, reliving their celebrations in the same New Jersey hotel over and over and over again. Not ideal, particularly when both kids were ready for their bar mitzvahs to end the moment they began. Ezra comes from a big family—four siblings, all seeming to get more attention than him, even on his bar mitzvah weekend. Finn is an only child who's tired of his parents' constant focus, even worse on his bar mitzvah weekend. They just want to get past it, just want to grow up. And now they're both stuck. Friday. Saturday. Sunday. No way out. Until Finn and Ezra meet and realize they're not alone. Teaming up, they try everything they can think of to break the loop. But nothing works, and after every reset, the boys' schemes become more desperate. As their frustrations build, the questions mount and real-life problems start to seep through the cracks. With all the time in the world, can Finn and Ezra ever figure out how to move forward?

Levy's hilarious and charming middle grade novel, a Jewish seventh grade boy is caught between the worlds of his divorced parents—with an orthodox mother and secular father, Jake must concoct a web of lies to go to a summer camp with his friends. Perfect for fans of Gordon Korman and Erin Entrada Kelly. A Sydney Taylor Honor Book! For TV-obsessed Jake Lightman, his parents' divorce is like his favorite show getting canceled: The worst. Now he's stuck between playing the role of "Yaakov" for his mother and "Jacob" for his father. On Jake's first day at a new school, Caleb and Tehilla barrel into his life. Suddenly, he has two friends who seem to like the real Jake. And when they invite him to Camp Gershoni for the summer, Jake knows he has to go—even if his parents won't let him. With help from Caleb and Tehilla, Jake concocts a web of lies to get to camp. But he struggles to keep up the ruse—and be a good friend at the same time. As the cost of lying grows, he must decide what's truly important or risk losing the people he cares about the most.

**The Agony of the Promised Land** Joshua Levy, 2004 The Agony of the Promised Land is an excellent introduction to the fascinating and complex history of Israel and Palestine. Starting with the story of Abraham, it guides the reader through each era of Israeli and Palestinian history in concise sections, written in a compelling and accessible style. Using a wide variety of sources, Joshua Levy demonstrates an excellent understanding of the historical and political problems from the early Biblical period to today and skillfully analyses the main obstacles for peace and suggests a beam of hope for the future. --Dr. Joanna Newman--Historian As in the case of Solomon, two peoples holding a tiny piece of land and each claiming it is theirs. But unlike Solomon's case, a land can be divided, which seems to be the only solution to the conflict; and yet the protagonists are as far as ever from reaching this obvious conclusion. Fanatic Jews want all the Biblical land, and fanatic Palestinians want 'all or nothing', and while on the Israeli camp some voices of reason and moderation can be heard, the Palestinians resorted to violence and terror, undermining their own cause. What are the chances of reconciliation under such circumstances? Is there any hope for peace?

**Seventh Grade Vs. the Galaxy** Joshua S. Levy, 2019-03-05 In 2299, seventh-grader Jack and his classmates find themselves in hostile alien territory after Jack accidentally launches their rickety public schoolship light years away from home.

*Seraphina* Rachel Hartman, 2012-07-10 A new vision of knights, dragons, and the fair maiden caught in between . . . Four decades of peace have done little to ease the mistrust between humans and dragons in the kingdom of Goredd. As the treaty's anniversary draws near, however, tensions are high. Seraphina has reason to fear both sides. An unusually gifted musician, she joins the court just as a member of the royal family is murdered. While a sinister plot to destroy the peace is uncovered, Seraphina struggles to protect the secret behind her musical gift, one so terrible that its discovery could mean her very life. Seraphina's tortuous journey to self-acceptance will make a magical, indelible impression on its readers.

**A Biographical Dictionary of Early American Jews** Joseph R. Rosenbloom, 2021-03-17 A remarkable reference for those interested in American

Jewish history, comprising approximately four thousand names and supplemental data. Here is a near complete list of persons identifiable as Jews in America by 1800, the result of a thorough search of manuscript materials and published literature for the names of Jews who lived in America (including Canada up to 1783) during the seventeenth and eighteenth centuries. No other study provides comparable information for such an ethnic group in this country. The result of a years-long effort that began as a rabbinical thesis for the Hebrew Union College Jewish Institute of Religion and was eventually expanded, it serves as an essential reference for historians and other researchers.

**The Man Who Saw Everything** Deborah Levy, 2019-10-15 Longlisted for the Booker Prize Named a Best Book of the Year By: The New York Times Book Review (Notable Books of the Year) \* The New York Public Library \* The Washington Post \* Time.com \* The New York Times Critics' (Parul Seghal's Top Books of the Year) \* St. Louis Post Dispatch \* Apple \* Publisher's Weekly An electrifying novel about beauty, envy, and carelessness from Deborah Levy, author of the Booker Prize finalists *Hot Milk* and *Swimming Home*. It is 1988 and Saul Adler, a narcissistic young historian, has been invited to Communist East Berlin to do research; in exchange, he must publish a favorable essay about the German Democratic Republic. As a gift for his translator's sister, a Beatles fanatic who will be his host, Saul's girlfriend will shoot a photograph of him standing in the crosswalk on Abbey Road, an homage to the famous album cover. As he waits for her to arrive, he is grazed by an oncoming car, which changes the trajectory of his life. *The Man Who Saw Everything* is about the difficulty of seeing ourselves and others clearly. It greets the specters that come back to haunt old and new love, previous and current incarnations of Europe, conscious and unconscious transgressions, and real and imagined betrayals, while investigating the cyclic nature of history and its reinvention by people in power. Here, Levy traverses the vast reaches of the human imagination while artfully blurring sexual and political binaries-feminine and masculine, East and West, past and present--to reveal the full spectrum of our world.
