**Voices of Crime** Luz E. Huertas, Bonnie Lucero, Gregory J. Swedberg, 2016-11-29 Crime exists in every society, revealing not only the way in which societies function but also exposing the standards that society holds about what is harmful and punishable. Criminalizing individuals and actions is not the exclusive domain of the state; it emerges from the collective consciousness—the judgments of individuals and groups who represent societal thinking and values. Studying how these individuals and groups construct, represent, perpetrate, and contest crime reveals how their message reinforces and also challenges historical and culturally specific notions of race, class, and gender. Voices of Crime examines these official and unofficial perceptions of deviancy, justice, and social control in modern Latin America. As a collection of essays exploring histories of crime and justice, the book focuses on both cultural and social history and the interactions among state institutions, the press, and a variety of elite and non-elite social groups. Arguing that crime in Latin America is best understood as a product of ongoing negotiation between “top-down” and “bottom up” ideas (not just as the exercise of power from the state), the authors seek to document and illustrate the everyday experiences of crime in particular settings, emphasizing underresearched historical actors such as criminals, victims, and police officers. The book examines how these social groups constructed,

contested, navigated, and negotiated notions of crime, criminality, and justice. This reorientation—in contrast to much of the existing historical literature that focuses on elite and state actors—prompts the authors to critically examine the very definition of crime and its perpetrators, suggesting that “not only the actions of the poor and racial others but also the state can be termed as criminal.”

The Consul's Wife Vera Buck,2002 INTRODUCTION These are the true-life adventures and experiences of Joseph and Vera Buck who lived and worked in Cuba from 1917 through 1922. Joseph F. Buck, my grandfather, was appointed to a Consular position in Cuba, March of 1917, after having served as the U.S. Consul to Bremerhaven, Germany for five years. This story begins as his pretty, young bride of three months, Vera Elizabeth Buck, my grandmother, joins him in Antilla, Cuba, January of 1919. They kept an excellent journal of all their experiences while they were in Cuba, and, at some point, Vera, I am sure with Josephs help, began converting their records into an historical narrative for posterity. She turned a rough, unfinished draft of her work over to the University of Michigan, Bentley Library, sometime in the 1960s. In a brilliant, far-sighted move, my grandmother stipulated that the copyrights remain in the family in regards to everything she donated to this library. I am her only grandchild and am therefore able to bring these valuable, historic accounts to light for the first time. Meanwhile, my grandfather, Joseph F. Buck, had died of tuberculosis, September 14th, 1942, three years before I was born. My mother died six months after I was born and

my grandmother, the author of this book, passed away in 1971 without ever telling me anything about it at all. The reason for this miscommunication was that I was raised 800 miles away from my grandmother and, unfortunately, not able to get to know her until she was in her seventies. I stumbled upon the rough draft of this book purely by the Grace of God while I was doing research on Joseph F. Buck, my grandfather, for a future book of his WWI experiences. All the places, dates, events, presidents, buildings, wildlife, boats, railroads, etc., have been researched and verified to the best of my ability and footnoted accordingly. The tales of Nico and Giva are both based upon factual history as supported by Joseph Bucks filed reports with the State Department, now on record in the National Archives, College Park, Maryland. Our family project that was started by my grandparents eighty five years ago (this being the year 2002) has now been completed! This has truly been a labor of love and I will advise anyone who is contemplating doing something like this to go ahead and give it a try, even though it can be pretty tough going at times. To complete a family project for your loved ones who died before they were able to finish it, has got to be one of the most rewarding things in life any one of us could ever hope to accomplish. Acknowledgments and gratitude must also be expressed to the White Pine Village, Ludington, Michigan for preserving my grandparents records documents and articles for all these years that my grandparents had donated to the Mason County Historical Society, and for all their kind, invaluable assistance and support. You will notice throughout the book that Joseph refers to Vera as Julie. Why? Because my grandparents were both very romantic, so during their long engagement necessitated by WWI, they had to make do with a whole lot of letter writing back and forth across the Atlantic

Ocean. They referred to each other as Romie and Julie (Romeo and Juliet) to help keep romance alive throughout this long ordeal. My grandfather cared so deeply for my grandmother that the pet name, Julie, stuck even after they were married in 1918. Vera certainly didnt mind as she felt the same way about him and their house was a house of love, indeed! I plan on publishing a series of some of those letters at a later date along with my grandfathers experiences from WWI as they are not only romantic masterpieces but quite historically relevant as well. Let us now return to a time long ago in a land that was much different than it is today. We travel to. . . The Pearl of the Antilles - Cuba, 1917-1922, and -- The Consul's Wife. Chris Edwards

Doing Business 2015 World Bank, 2014-10-24 Twelfth in a series of annual reports comparing business regulation in 189 economies, Doing Business 2015 measures regulations affecting 10 areas of everyday business activity: Starting a business Dealing with construction permits Getting electricity Registering property Getting credit Protecting minority investors Paying taxes Trading across borders Enforcing contracts Resolving insolvency Labor market regulations This year's report will present data for a second city for the 11 economies with more than 100 million inhabitants. These are Bangladesh, Brazil, China, India, Indonesia, Japan, Mexico, Nigeria, Pakistan, the Russian Federation, and the United States. Three of the 10 topics covered have been expanded, with further plans to expand on five additional indicators in next year's report. Additionally, the Doing Business rankings are now based on the distance to the frontier measure where each economy is evaluated based on how close their business regulations are to the best global practices. This provides a more precise view of each economy's performance and its improvement over time. The report updates all indicators as of June 1, 2014, ranks economies on their overall 'ease of doing business,' and analyzes reforms to business regulation identifying which economies are strengthening their business environment the most. Doing Business illustrates how reforms in business regulations are being used to analyze economic outcomes for domestic entrepreneurs and for the wider economy. It is a flagship product produced in partnership by the World Bank and IFC that garners worldwide attention on regulatory barriers to entrepreneurship. More than 60 economies have used the Doing Business indicators to shape reform agendas and monitor improvements on the ground. In addition, the Doing Business data has generated over 2,000 articles in peer-

reviewed academic journals since its inception.

The War of 1898 and U.S. Interventions, 1898-1934 Benjamin R. Cuban Counterpoints Mauricio Augusto Font, Alfonso W. Quiroz, 2005 While Fernando Ortiz's contribution to our understanding of Cuba and Latin America more generally has been widely recognized since the 1940s, recently there has been renewed interest in this scholar and activist who made lasting contributions to a staggering array of fields. This book is the first work in English to reassess Ortiz's vast intellectual universe. Essays in this volume analyze and celebrate his contribution to scholarship in Cuban history, the social sciences--notably anthropology--and law, religion and national identity, literature, and music. Presenting Ortiz's seminal thinking, including his profoundly influential concept of 'transculturation', Cuban Counterpoints explores the bold new perspectives that he brought to bear on Cuban society. Much of his most challenging and provocative thinking--which embraced simultaneity, conflict, inherent contradiction and hybridity--has remarkable relevance for current debates about Latin America's complex and evolving societies.
