Fugitives Of Destiny: A Mystic Brats Novel Robert G. Culp,2019-12-04 After the rise of a deity... ..they fled to a magical kingdom. But can they ever return? Nara had spent thousands of years trapped inside her deranged mother's castle. After being enrolled at the Knight Academy, she thought she'd finally be free. She had everything - a mentor in magic, a loving boyfriend, and a group of friends she called family. But then it all fell to pieces. One of her friends was possessed by an ancient evil. The only way for the rest of them to stay alive was to return to her mother's kingdom. Nara never expected to return to Aria, let alone after switching bodies with her best friend. Nor did Nara ever think she would be reunited with her traitorous undead ex. To save the only true family she loves, Nara must play a game of life and death against an unknown foe. The Beast will claim its first victim. And a war is coming. You'll love this YA Urban Fantasy, because it has the perfect mix of adventure, thrills, and romance to keep you turning the pages. *Nara Kori* Julia Gorordo,2012-12-14 Nara truly has it all. Anything she wants, whenever she wants it, servants to wait on her all day everyday, people lining up to shake her hand and do her bidding. Then she meets the mysterious Zane, who begs her for help. He needs the power of a princess and the help of a friend to save his sister. Nara makes a choice and leaves her whole life behind to help her friends, expecting to return to life as a princess as soon as she can, but not wanting to, however a twist of fate and a mysterious town change everything, and nothing is what she ever expected it to be

**The Armoured Campaign in Normandy** Stephen Napier,2015-07-01 Beginning with the D-day landings, this is a brutally frank appraisal of the planned use and actual results of the deployment of armour by both German and Allied commanders in the major tank battles of the Normandy campaign including operations Epsom, Goodwood, Cobra and Totalize. The Armoured Campaign in Normandy is a critique of Montgomery's plans to seize territory and break out and describes how they failed in the face of German resistance. It details the poor planning and mistakes of British senior commanders and how the German Army's convoluted chain of command contributed to their own defeat; these were decisions taken which cost the lives of the tank crews of both sides ordered to carry them out. Official reports, war diaries, after action reports, letters, regimental histories, memoirs of generals and recollections of tank men are used to tell the inside story of the campaign from an armour point of view to give a different but detailed perspective of the Normandy campaign from the men who fought in it.

Fugitives Of Destiny Robert G Culp,2019-12-05 The Mystic Brats are back! After the spirit of Osiris possessed one of their own, Kirk Louis has brought Jason, Julie, and Nara to the other reality of Aria to protect them from being murdered by the very government that trained them. With all three of their souls bound to each other because of the mysterious Lunar Necklace, these teenagers must put their faith in each other now more than ever. But secrets surround every inch of their lives. Julie and Nara have switched bodies and are stuck assuming each other's duties. For Julie, that means dealing with Nara's deranged and abusive mother - the Queen of Aria! While Nara must confront painful inner demons from both her and Julie's past. And Jason is suffering from horrible visions of Osiris destroying the earth. Though, the only way to put an end to these threats is if the Mystic Brats make the ultimate sacrifice. But no matter what they do a new enemy from the depths of time and reality will rise.

**The Trinity: A Mystic Brats Novel** Robert G. Culp,2021-03-28 After Nara died... ..the Beast was freed. Will her friends survive his wrath? Julie lost her best friend, her mentor, and her body all in a day. Every time she looks in the mirror she sees Nara's face, and the deadly magic it hides. Her sociopathic father is serving the Beast, capturing her boyfriend's little brother to appease it. She and her friends must confront the sins of their families' horrific legacies to prevent a deadly reckoning. Though, Julie wouldn't have thought winning this war would prove to be nearly impossible. When the Beast revives his lover while searching for trinities of ancient magic, Julie and her friends must do whatever it takes to stop them. Or every realm in existence will be transformed into their hellish kingdom. Destiny, as well as love, can be a cruel journey. You'll love this YA Urban Fantasy, because it has the perfect mix of magic, adventure, and romance to keep you turning the pages. Get it now.

The War Of The Beast Trilogy Robert G. Culp,2021-04-05 When an ancient evil rises... ..six misfits must rally together. But has their destiny already been written? The Fourth of July Encyclopedia James R. Heintze,2015-05-07 This is the first comprehensive reference work on America's Independence Day. Bringing attention to persons, places, and events of historical significance, the book focuses on the Fourth of July as it has been commemorated over the span of more than two centuries, starting with the first celebrations: public readings of the Declaration of Independence that occurred within days of its signing. Biographical sketches feature presidents (and how each celebrated the Fourth) and other politicians, famous soldiers, educators, engineers, scientists, athletes, musicians, and literary figures. Other topics include parks, monuments and statues dedicated on the Fourth; famous speeches and the personalities behind their stories; and general subjects of interest including education, abolition, temperance, African Americans, Native Americans, wars, transportation and holiday catastrophes.

*Normandy* Olivier Wieviorka,2008 The Allied landings on the coast of Normandy have assumed legendary status. But overly romanticizing D-day, Wieviorka argues, losses sight of the full picture. Normandy offers a balanced, complete account that reveals the successes and weaknesses of the titanic enterprise.

**The Panzers of Prokhorovka** Ben Wheatley,2023-06-08 This ground-breaking new study of the battles of Kursk and Prokhorovka will transform our understanding of one of the most famous battles of the Second World War, widely mythologized as the largest tank battle in history. 'If ever there was a time for a sober, authoritative dissection of the myths the Soviets fashioned from the Eastern Front, it is now.' - Oliver Moody, Berlin Correspondent for The Times Today in Russia there are three official sacred battlefields: Kulikovo, where the Mongols were defeated in 1380; Borodino, where Russian troops slowed Napoleon's Grande Armée before Moscow in

1812; the third is Prokhorovka. This is widely described as the most critical tank battle of the Second World War, which saw the annihilation of Hitler's elite Panzer force in the largest armoured clash in history and left Hitler with no alternative but to halt Germany's offensive against the Kursk salient. Victory, on 12 July 1943, at Prokhorovka over Hitler's vaunted SS troops has traditionally been described as a turning point in the Second World War. The Panzers of Prokhorovka challenges this narrative. The battle was indeed an important Soviet victory, but a very different one to that described above. Based on ground-breaking archival research and supported by hitherto unpublished images of the battlefield, Ben Wheatley argues that German armoured losses were in fact negligible and a fresh approach is required to understand Prokhorovka. As we reach the 80th anniversary of the battles of Kursk and Prokhorovka in 2023, The Panzers of Prokhorovka tackles the many myths that have built up over the years, and presents a new analysis of this famous engagement.

**Uprising in East Germany, 1953** Christian F. Ostermann, 2001-01-06 This volume is the second in the series Cold War Documentary Readers, a project of the US National Security Archive and the Cold War International History Project. The volume is the first documented account of this early Cold War crisis from both sides of the Iron Curtain. Based on the recent unprecedented access to the once-closed archives of several member states of the Warsaw Pact, this collection of primary-source documents presents one of the most notorious events of post-war European history in a highly readable format. Previously unreleased Kremlin records, once highly classified American documents, materials from the Soviet Foreign Ministry, and transcripts of internal East German Communist Party Politburo meetings in the days leading to the uprising in the German Democratic Republic (GDR) are among the highlights of this sensational documentary. In this volume, as in the previous one in the series, each part is preceded by a detailed introductory essay to provide the necessary historical and political context. The individual documents are introduced by short headnotes summarizing the contents and orienting the reader. A chronology, glossary and bibliography offer further background information.

**Information Management** Linda D. Koontz, 2009-03 To preserve and provide access to all types of electronic records, the National Archives and Records Admin. (NARA) has been developing an Electronic Records Archive (ERA), including a base system for fed. records and a separate system for presidential records, known as the Executive Office of the President (EOP) system. As mandated by the Consolidated Appropriations Act, 2008, NARA must submit an expenditure plan to the Congress that satisfies 6 conditions. This report determines the extent to which NARA's FY 2008 expenditure plan satisfies the conditions and provides any other observations about the plan and the ERA acquisition. Includes recommendations. Charts and tables.

**Astride Two Worlds** Barton C. Hacker, 2016-05-03 By the middle of the nineteenth century, industrialization and military-technological innovation were beginning to alter drastically the character and conditions of warfare as it had been conducted for centuries. Occurring in the midst of these far-reaching changes, the American Civil War can justly be labeled both the last great preindustrial war and the first major war of the industrial age. Industrial capacity attained new levels of military significance as transportation improved, but in this, as in many other respects, the Civil War was distinctly transitional. Smoothbore artillery still dominated the battlefield, horse-drawn wagons and pack mules still carried the main logistic burden, seamstresses still outnumbered sewing-machine operators. *Astride Two Worlds* addresses the various causes and consequences of technological change for the course and outcome of the American Civil War.

**Hell in the Central Pacific 1944** Jon Diamond, 2020-08-30 Covers an early little known but hard fought Pacific War campaign using superb photographs in true Images of War series style. In September 1944, to prevent Japanese air interdiction against General MacArthur's planned invasion of the Southern Philippines, the Americans attacked Peleliu and Angaur in the Palau group of the Western Caroline Islands. Admiral Halsey, commanding the US Third Fleet, feared the heavily defended Palaus would be costly for his III Amphibious Corps comprising the 1st Marine Division and the 81st Infantry Division. While Angaur fell in four days, on Peleliu the Japanese resisted tenaciously using their underground fortifications on the Umurbrogel Ridge overlooking the airfield. It was only after over two months' bitter fighting that the Americans finally controlled the Island. Despite the heavy cost, the benefits of this hard fought and costly victory were doubtful. In the event, Mindanao and other Southern Philippine Islands were bypassed by MacArthur in favor of a direct assault on Leyte on 20 October. But, as the graphic images and well researched text bear witness, there is no denying the courage and determination shown by the attacking US forces.

**Knight School: A Mystic Brats Novel** Robert G. Culp, 2018-02-28 When he learned that magic was real... ..he began to trust the mysterious stranger. But was he ready for the Knight Academy? At 14-years old, Jason had three problems, his grandfather was missing, his mother was deathly ill, and he had a crush on a 16-year-old girl that was great with a sword. And there was more going on at the school than he saw. There are magical dangers hidden in the modern world. They must learn to fight the threats. What they didn't expect was the Soldier of Osiris. With the curse of an ancient relic hovering over the school, three friends must band together, but will they be able to find a solution in time? The clock ticks. You'll love this YA Urban Fantasy, because it has the perfect mix of adventure and romance to keep you turning the pages. Get it now.

**Rebuilding Germany** James C. Van Hook, 2004-05-10 The social market economy has served as a fundamental pillar of post-war Germany. Today, it is associated with the European welfare state. Initially, it meant the opposite. Rebuilding Germany examines the 1948 West German economic reforms that dismantled the Nazi command economy and ushered in the fabled 'European Miracle' of the 1950s. Van Hook evaluates the US role in German reconstruction, the problematic relationship of Chancellor Konrad Adenauer and his economics minister, Ludwig Erhard, the West German 'economic miracle', and the extent to which the social market economy represented a departure from the German past. In a nuanced and fresh account, Van Hook evaluates the American role in West German recovery and the debates about economic policy within West Germany, to show that Germans themselves had surprising room to shape their economic and industrial system.

**Rebel Cinderella** Adam Hochschild, 2020 Rose Pastor arrived in New York City in 1903, a Jewish refugee from Russia who had worked in cigar factories since the age of eleven. Two years later, she captured headlines across the globe when she married James Graham Phelps Stokes, scion of one of the legendary 400 families of New York high society. Together, this unusual couple joined the burgeoning Socialist Party and, over the next dozen years, moved among the liveliest group of activists and dreamers this country has ever seen. Their friends and houseguests included Emma Goldman, Big Bill Haywood, Eugene V. Debs, John Reed, Margaret Sanger, Jack London, and W.E.B. Du Bois. Rose stirred audiences to tears and led strikes of restaurant waiters and garment workers. She campaigned alongside the country's earliest feminists to publicly defy laws against distributing information about birth

control, earning her notoriety as one of the dangerous influences of the country from President Woodrow Wilson. But in a way no one foresaw, her too-short life would end in the same abject poverty with which it began.
