The Anti Stupidity Book Duane L. Ostler,2016-04-26 Stupidity. What is it? Is it just something we see our neighbors and members of the opposite political party do? Or is it something more? Why does it seem to be so universal? Are there fundamentals of stupidity that can be recognized? These are the questions discussed in this book. It presents six fundamentals of stupidity that lead to the stupid choices that we see all around us. Included among these are the belief that there are no moral values, that God does not exist, and that it is acceptable to become addicted and to treat others badly and be proud. In the end we see that the only sure way to avoid the fundamentals of stupidity is through the saving power of Jesus Christ.
