**Interpreting Modernism in Korean Art** Kyunghye Pyun,Jung-Ah Woo,2021-09-30 This book examines the development of national emblems, photographic portraiture, oil painting, world expositions, modern spaces for art exhibitions, university programs of visual arts, and other agencies of modern art in Korea. With few books on modern art in Korea available in English, this book is an authoritative volume on the topic and provides a comparative perspective on Asian modernism including Japan, China, and India. In turn, these essays also shed a light on Asian reception of and response to the Orientalism and exoticism popular in Europe and North America in the early twentieth century. The book will be of interest to scholars working in art history, the history of Asia, Asian studies, colonialism, nationalism, and cultural identity.

**Flowers of Fire** Hawon Jung,2023-03-07 Invigorating debut . . . [a] full-throated rallying cry. —Publishers Weekly One of Ms. Magazine's most-anticipated feminist books of 2023 An eye-opening firsthand account of the ongoing and trailblazing feminist movement in South Korea—one that the world should be watching. Since the beginning of the #MeToo movement, tens of thousands of people in South Korea have taken to the street, and many more brave individuals took a stand, to end a decades-long abortion ban and bring down powerful men accused of sexual misconduct—including a popular presidential contender. South Korean feminists know that the revolution has been a long time coming, between battles against its own patriarchal society as well as challenging stereotypes of docile Asian women in the Western imagination. Now, author Hawon Jung will show the rest of the world that these women are no delicate flowers—they are trailblazing flames. Flowers of Fire takes the reader into the trenches of this fight for equality, following along as South Korean activists march on the streets, navigate public and private spaces where spycam porn crimes are rampant, and share tips and tricks with each other as they learn how to protect themselves from harassment and how to push authorities to act. Jung, the former Seoul correspondent for the AFP, draws on her on-the-ground reporting and interviews with many women who became activists and leaders, from the elite prosecutor who ignited the country's #MeToo movement to the young women who led the war against non-consensual photography. Their stories, though long overlooked in the West, mirror realities that women across the world are all too familiar with: threats of defamation lawsuits to silence victims of assault, tech-based sexual abuse, and criminal justice systems where victims' voices are often met with suspicion and abusers' downfalls are met with sympathy. These are the issues at the heart of their #MeToo movement, and South Korean women have fought against them vigorously—and with extraordinary success. In Flowers of Fire, Jung illuminates the strength and tenacity of these women, too often sidelined in global conversations about feminism and gender equality.

*Bong Joon Ho* Karen Han,2022-11-22 Brilliantly illustrated and designed by the London-based film magazine Little White Lies, Bong Joon Ho: Dissident Cinema examines the career of the South Korean writer/director, who has been making critically acclaimed feature films for more than two decades. First breaking out into the international scene with festival-favorite Barking Dogs Never Bite (2000), Bong then set his sights on the story of a real-life serial killer in 2003's Memories of Murder and once again won strong international critical attention. But it was 2006's The Host that proved to be a huge breakout moment both for Bong and the Korean film industry. The monster movie, set in Seoul, premiered at Cannes and became an instant hit—South Korea's widest release ever, setting new box office records and selling remake rights in the US to Universal. Bong's next feature, Mother (2009) also premiered at Cannes, once again earning critical acclaim and appearing on many “best-of” lists for 2009/2010. Bong's first English-language film, Snowpiercer (2013)—set on a postapocalyptic train where class divisions erupt into class warfare—followed on its heels, bringing his work outside of the South Korean and film festival markets and onto the stage of global commercial cinema. With 2017's Okja , Bong became even more of an internationally known name, with the New York Times' A. O. Scott calling the film “a miracle of imagination and technique.” Bong's next film, the 2019 black comedy/thriller Parasite, simultaneously scaled back—the film is mostly set in just two locations, with two Korean families taking center stage—and took his career to new heights, winning the Palme d'Or with a unanimous vote, as well as history-making Academy Awards for Best Picture, Best Director, Best Original Screenplay, and Best International Feature Film. Parasite's jarring shifts in tone—encompassing darkness, drama, slapstick, and black humor—and its critiques of late capitalism and American imperialism are in conversation with Bong's entire body of work, and this mid-career monograph will survey the entirety of that work, including his short films and music videos, to flesh out the stories behind the films with supporting analytical text and interviews with Bong's key collaborators. The book also explores Bong's rise in the cultural eye of the West, catching up readers with his career before his next masterpiece arrives.

**20th Century Korean Art** 한국현대미술, Yŏng-na Kim,2005 In recent years the increase in interest in Asian art has led to a number of books being published about Japanese and Chinese artists. However, the exciting Korean scene is still largely undocumented. Now Kim YoungNa reveals Korean modern and contemporary artists to the West. Twentieth-Century Korean Art provides a comprehensive, engaging survey that places emphasis on art historical narratives. It draws on primary sources and historical artefacts as well as on new interpretations of issues such as the identity of Korean art and the cultural ramifications of Japanese colonialism. Covering over one hundred years from the late 19th century through to the 1990s, the essays in this book examine how both external influences and wills-to-change within Korean society itself generated an artistic vitality against a shifting political, social, and cultural backdrop and how this necessarily involved East Asia at large and the West.

*Lives of Women: Historical Romance* Kim Hunggyu,2013-11-01 Works dealing with romantic love and women's lives were by no means rare in the epic literature of Korea up to the 16th century, but yadam (unofficial circulated narrative), which was in vogue beginning in the 17th century, saw diversification and expansion in characters and subject matter. In addition, yadam often approached affairs of the heart from the viewpoint of the conflict between social norms and individual desires rather than at the level of simple romanticized love. In spite of the various shortcomings of these stories, they are all good examples of the yadam genre, which generally encompasses episodic anecdotes of real-life events and well-developed works of fiction. About the Series: This collection of stories from the Joseon Dynasty portrays the lives of people who were deeply immersed in Confucianism and its venerated ethics. The books in the series provide a vibrant understanding of the Joseon period.

*Our Happy Time* Gong Ji-young,2014-07-01 Already a wildly popular bestseller in South Korea, this gripping and passionate debut novel is a death row love story of crime, punishment, and forgiveness—vividly told by the exquisitely talented Gong Ji-young. Yu-Jung, beautiful, wealthy, and bright, is lying in her hospital bed, recovering from her third suicide attempt, when she receives a life-changing visit. Her no-nonsense aunt, a nun, appears by her side and suggests Yu-Jung accompany her on a charitable visit to death row. At her lowest ebb, Yu-Jung is resistant. But something compels her to go to the prison. There she meets Yun-Soo, a convicted murderer who will soon be put to death. Though she is repulsed by his crimes, something about the depth of his suffering strikes a chord in her. Shaken by their encounter, she returns to visit him the next week. And the next... Through their weekly, hour-long meetings, Yu-Jung and Yun-Soo slowly reveal to each other

the dark secrets of their pasts and the hidden traumas that have shaped their lives. In doing so they form a deep, unbreakable bond, helping one another overcome their demons. But Yun-Soo's hands are always in cuffs, the prison officers are always in the background, and they can never lose sight of the fact that their happy time together is tragically brief. Gracefully poetic and ideal for fans of Kyung-Sook Shin's *Please Look After Mother*, *Our Happy Time* is a passionate and heartbreaking love story as well as an important, hard-hitting, and compassionate fable.

*K-Drama School* Grace Jung, 2024-04-23 From the Emmy Award-winning *Squid Game* to streaming sensations like *The Glory* and *Crash Landing on You*, Korean television has emerged onto the global pop culture scene as compelling television—but what exactly makes these shows so irresistibly bingeable? And what can we learn about our societies and ourselves from watching them? From stand-up comedian and media studies PhD Grace Jung comes a rollicking deep dive into the cultural significance of Korean television. *K-Drama School* analyzes everything from common tropes like amnesia and slapping to conspicuous product placements of Subway sandwiches and coffee; to representations of disability, race and gender; to what Korea's war-torn history says about South Korea's media output and the stories being told on screen. With chapters organized by lessons, each one inquiring into a different theme of Korean television, *K-Drama School* offers a groundbreaking exploration into this singular form of entertainment, from an author who writes with humor and heart about shows that spur tears and laughter, keeping us glued to the TV while making fans of us all. Shows discussed include: *Squid Game*, *SKY Castle*, *Crash Course in Romance*, *Extraordinary Attorney Woo*, *My Mister*, *Something in the Rain*, *One Spring Night*, *DP*, *Guardian: The Lonely and Great God*, *Autumn in My Heart*, *Winter Sonata*, *Our Blues*, and more.

*Kim Jiyoung, Born 1982: A Novel* Cho Nam-Joo, 2020-04-14 A New York Times Editors Choice Selection A global sensation, Kim Jiyoung, Born 1982 “has become...a touchstone for a conversation around feminism and gender” (Sarah Shin, *Guardian*). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, *Kim Jiyoung, Born 1982* follows one woman's psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of Seoul, millennial “everywoman” Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls' outfits to male coworkers who installed hidden cameras in women's restrooms. But can her psychiatrist cure her, or even discover what truly ails her? “A social treatise as well as a work of art” (Alexandra Alter, *New York Times*), *Kim Jiyoung, Born 1982* heralds the arrival of international powerhouse Cho Nam-Joo.

**Without You, There Is No Us** Suki Kim, 2015-10-13 A haunting account of teaching English to the sons of North Korea's ruling class during the last six months of Kim Jong-il's reign Every day, three times a day, the students march in two straight lines, singing praises to Kim Jong-il and North Korea: Without you, there is no motherland. Without you, there is no us. It is a chilling scene, but gradually Suki Kim, too, learns the tune and, without noticing, begins to hum it. It is 2011, and all universities in North Korea have been shut down for an entire year, the students sent to construction fields—except for the 270 students at the all-male Pyongyang University of Science and Technology (PUST), a walled compound where portraits of Kim Il-sung and Kim Jong-il look on impassively from the walls of every room, and where Suki has gone undercover as a missionary and a teacher. Over the next six months, she will eat three meals a day with her young charges and struggle to teach them English, all under the watchful eye of the regime. Life at PUST is lonely and claustrophobic, especially for Suki, whose letters are read by censors and who must hide her notes and photographs not only from her minders but from her colleagues—evangelical Christian missionaries who don't know or choose to ignore that Suki doesn't share their faith. As the weeks pass, she is mystified by how easily her students lie, unnerved by their obedience to the regime. At the same time, they offer Suki tantalizing glimpses of their private selves—their boyish enthusiasm, their eagerness to please, the flashes of curiosity that have not yet been extinguished. She in turn begins to hint at the existence of a world beyond their own—at such exotic activities as surfing the Internet or traveling freely and, more dangerously, at electoral democracy and other ideas forbidden in a country where defectors risk torture and execution. But when Kim Jong-il dies, and the boys she has come to love appear devastated, she wonders whether the gulf between her world and theirs can ever be bridged. *Without You, There Is No Us* offers a moving and incalculably rare glimpse of life in the world's most unknowable country, and at the privileged young men she calls soldiers and slaves.

**Activists, Alliances, and Anti-U.S. Base Protests** Andrew Yeo, 2011-06-13 Anti-U.S. base protests, played out in parliaments and the streets of host nations, continue to arise in different parts of the world. In a novel approach, this book examines the impact of anti-base movements and the important role bilateral alliance relationships play in shaping movement outcomes. The author explains not only when and how anti-base movements matter, but also how host governments balance between domestic and international pressure on base-related issues. Drawing on interviews with activists, politicians, policy makers and U.S. base officials in the Philippines, Japan (Okinawa), Ecuador, Italy and South Korea, the author finds that the security and foreign policy ideas held by host government elites act as a political opportunity or barrier for anti-base movements, influencing their ability to challenge overseas U.S. basing policies.
