*The Kingdom of Kush* László Török,2015-11-02 The individual character of Kingdom of Kush has often been overshadowed by the overwhelming cultural presence of its neighbour Egypt. This handbook in our series Handbuch der Orientalistik/Handbook of Oriental Studies for the first time presents a comprehensive survey of the rich textual, archaeological and art historical evidence for this Middle Nile Region Kingdom of Kush. Basing itself both on the evidence and scholarly literature, this work discusses the emergence of the native state of Kush (after the Pharaonic domination in the 11th century B.C.), the rule of the Kings of Kush in Egypt (c. 760-656) and the intellectual foundations and political history of the Kingdom in the Napatan (7th - 3rd centuries) and Meroitic (3rd century B.C. - 4th century A.D.) periods.

**The Kingdom of Kush** Derek A. Welsby,1996 An authoritative study of the thousand year empire of the Kushites, Egypt's Southern neighbours. Draws together all the information on this fascinating people and their history.

**Wretched Kush** Stuart Tyson Smith,2004-06-02 Professor Smith uses Nubia as a case study to explore the nature of ethnic identity. Recent research suggests that ethnic boundaries are permeable, and that ethnic identities are overlapping. This is particularly true when cultures come into direct contact, as with the Egyptian conquest of Nubia in the second millennium BC. By using the tools of anthropology, Smith examines the Ancient Egyptian construction of ethnic identities with its stark contrast between civilized Egyptians and barbaric foreigners - those who made up the 'Wretched Kush' of the title.

*The Kushnameh* Iranshah,2022-05-24 The first English translation of a strange and unusual Persian epic, this action-packed tale of an evil, monstrous king explores questions of nature and nurture and brings the global middle ages to life. The great Persian epic known as the Kushnameh follows the entangled lives of Kush the Tusked—a monstrous antihero with tusks and ears like an elephant, descended from the evil emperor Zahhak—and Abtin, the exiled grandson of the last true Persian emperor. Abandoned at birth in the forests of China and raised by Abtin, Kush grows into a powerful and devious warrior. Kush and his foes scheme and wage war across a global stage reaching from Spain and Africa to China and Korea. Between epic battles and magnificent feasts are disturbing, sometimes realistic portrayals of abuse and oppression and philosophical speculation about nature and nurture and the origins of civilization. A fantastical adventure story stretching across the known world and a literary classic of unparalleled richness, this important work of medieval Persian literature is a valuable source for understanding the history of racism and constructions of race and the flows of lore and legend from the Central Asian Silk Road and the Sahara to the sea routes of the Indian Ocean and the Mediterranean. The Kushnameh is a treasure trove of Islamic and pre-Islamic Persian cultural history and a striking contemporary document of the “global middle ages,” now available to English-speaking readers for the first time.

*Kingdom of Kush: The Civilization of Ancient Nubia* History Titans,2021-08-17 The Kingdom of Kush and the ancient Nubian civilization, in general, are important not only for their achievements but also for what these achievements represent in the abstract. The existence of such civilizations challenges many traditional, Eurocentric views of the world and its history. Of course, ancient Egypt is impressive enough on its own, but Nubia is even further south and further away from European influence and, in that sense, more African. Neighboring Ethiopia and numerous other locales in Africa were home to other civilizations that have seen their share of success too, so Nubia and its Kingdom of Kush are not alone in that sense. Overall, Africa is a fascinating place to study from the standpoint of scholars from all sorts of backgrounds and sciences. After all, Africa is where mankind originates, so its heritage is something that’s important for all of humanity to study.

Nubian Pharaohs and Meroitic Kings NECIA DESIREE HARKLESS,2006-08-30 NUBIAN PHARAOHS AND MEROITIC KINGS: THE KINGDOM OF KUSH Necia Desiree Harkless has completed her odyssey of 24 years initiated by a poem that emerged in the odd moments of early morning and her studies as a Donovan Scholar at the University of Kentucky with Dr. William Y. Adams, the leading Nubiologist of the world. The awesome result is her attempt to map the cultural, social, political history of Nubia as a single people as actors on the world stage as they act out their destinies in the cradle of civilization. The underlying purpose of her book is to reconstruct the collective efforts of the past and present Nubian campaigns and their collaborative scholarship so that the African American as well as all Americans can begin to understand the contributions of the civilization of Africa and Asia as a continuous historical entity. The history of the Kingdom of Kush begins with its earliest kingdom of Kerma in 2500 BC. It continues with the conquest of Egypt by the Nubian Pharaohs in 750 BC, reluctantly recognized as the Twenty-fifth Dynasty of Egyptian Pharaohs. They ruled as black pharaohs from their Kingdom at Napatan until they were forced one hundred years later to retreat to Napata by the Assyrians who assumed control of the Egyptians. It was at Meroe, the last empire of the Kush, that forty generations of Meroitic kings and queens continued the Kingdom of Kush reaching monumental and dynastic heights. Their symbiotic relationship with Egypt was over, allowing them to develop their own indigenous culture with a language and script of their own. Their architecture, arts , politics , material and spiritual culture in the minds of many scholars surpassed that of Egypt. Over two hundred pyramids have been investigated. It is an epic that will be long remembered. The dawn of Christianity in the Kingdom of Kush has been found in the treasure cove of the Frescoes of Faras.

*Tea With Kush* Kush Desai,2013-10-28 In our daily hectic lives, we often get caught up in the cycle of living a mundane life. We get a job, get a degree from college, etc. We fall into the trap of what society says we should do and what our society thinks should make us happy. But is society right? Should we be enslaved by what it perceives our purpose to be? What do we lose if we don't follow our true bliss?

**The Kingdom of Kush** Lydia Lukidis,2021-01-12 Like the Egyptians, the Kush built pyramids, used picture writing, and lived along the Nile River. **The Káfirs of the Hindu-Kush** Sir George Scott Robertson, 1896 Kafiristan, or The Land of the Infidels, was a region of eastern Afghanistan where the inhabitants had retained their traditional pagan culture and religion and rejected conversion to Islam. The Káfirs of the Hindu-Kush is a detailed ethnographic account of the Kafirs, written by George Scott Robertson (1852-1916), a British administrator in India. With the approval of the government of India, Robertson made a preliminary visit to Kafiristan in October 1889, and then lived among the Kafirs for almost a year, from October 1890 to September 1891. Robertson describes his journey from Chitral (in present-day Pakistan) to Kafiristan and the difficulties he encountered in traveling about the country and in gaining information about the Kafir culture and religion. The latter, he writes, is a somewhat low form of idolatry, with an admixture of ancestor-worship and some traces of fire-worship also. The gods and goddesses are numerous, and of varying degrees of importance or popularity. Robertson describes religious practices and ceremonies, the tribal and clan structure of Kafir society, the role of slavery, the different villages in the region, and everyday life and social customs, including dress, diet, festivals, sport, the role of women in society, and much else that he observed first-hand. The book is illustrated with drawings, and it concludes with a large fold-out topographical map, which shows the author's route in Kafiristan. In 1896 the ruler of Afghanistan, Amir 'Abd al-Rahman Khan (reigned 1880-1901), conquered the area and brought it under Afghan control. The Kafirs became Muslims and in 1906 the region was renamed Nuristan, meaning the Land of Light, a reference to the enlightenment brought by Islam.

**The Double Kingdom Under Taharqo** Jeremy W. Pope, 2014-01-13 The establishment of Kushite rule over Egypt during the eighth and seventh centuries BC resulted in a state of extraordinary geographic dimensions and ecological diversity, stretching from the tropics of Sudanese Nubia over 3,000 km to the Mediterranean. In The Double Kingdom under Taharqo, Jeremy Pope uses the copious documentary and archaeological evidence from Taharqo's reign to address a series of questions which have dogged study of the Twenty-Fifth Dynasty: how was it possible for one king to control all of that territory? To what extent were the Kushite pharaohs' strategies of governance influenced by the circumstances of their homeland versus the precedents of Egyptian and Libyan rule? And how did Kushite policies differ from those of their Saïte successors? Bringing to bear an impressive mastery of the sources and refreshingly open to anthropological and comparative approaches, Jeremy Pope's study is welcome in providing a close and careful analysis of varied sources, both historical and archaeological. David N. Edwards (University of Leicester) ...a seminal work pioneering a new historical approach to the Twenty-Fifth Dynasty. László Török (Hungarian Academy of Sciences)

**The Ambitious Pyramid of Kush** Justin Kuku, 2022-02-03 Tokia Kaunda miraculously survives the brutal torture of the Sudanese National Intelligence guards in the Ghost Houses. He flees to Egypt to seek refuge, but racism, violence, rejection, and becoming easy prey for the doctors who steal the human organs from the Sudanese refugees are what the streets of Egypt have to offer him. He thinks the struggle is over when he arrives in the United States of America, but things get worse. There are the language and cultural barriers. On top of that, the woman he loves and their unborn baby disappear and he is wrongfully convicted and sentenced to seven years in prison. Despite all that, Tokia always strives to reach his goal of becoming a prosecutor who brings war criminals to justice. The author paints a realistic picture inspired by his personal experience.

**Kush, the Jewel of Nubia** Miriam Ma'at-Ka-Re Monges, 1997 The great Chiekh Anta Diop gave African culture roots from which one can trace the branches. No African researcher since, however, has provided a comprehensive analysis connecting the ancient Nile Valley civilization with the African cultural universe. From the pyramids of Egypt to the great walls of Zimbabwe, Western scholars have attributed the achievements of these prodigious indigenous African civilizations to people culturally and geographically alien to Africa. In the case of the ancient Nubian empire of Kush, however, which occupied the southern part of Kemet (ancient Egypt) and all of present-day Sudan, one expects reasonable scholars to attribute this African culture to an African people. Sadly, however, the dogmatic, eurocentric Hegelian analysis of Africa is still alive and well in even the most current research on Nubia and Kush. It is up to African scholars to reconstruct Kushite history using an Afrocentric approach in order to shed light on this vital part of our African heritage. The present much-needed work traces Diop's great African cultural commonalities of matriarchy, totemism, divine kingship, and cosmogony to the very core of Kushite culture. This work represents the cutting edge of a new generation

of Afrocentric. scholarship whose mandate it is to provide a clearer picture of Africa's true nature and of its genuine contribution to World Civilization.
