Women Filmmakers in Contemporary Hindi Cinema Aysha Iqbal Viswamohan,2023-01-28 This book is a comprehensive anthology comprising essays on women film directors, producers and screenwriters from Bollywood, or the popular Hindi film industry. It derives from the major theories of modernity, postmodern feminism, semiotics, cultural production, and gender performativity in globalized times. The collection transcends the traditional approaches of looking at films made by women filmmakers as 'feminist' cinema, and focuses on an extraordinary group of women filmmakers like Ashwini Iyer Tiwari, Bhavani Iyer, Farah Khan, Mira Nair Vijaya Mehta, and Zoya Akhtar. The volume will be of interest to academics and theorists of gender and Hindi cinema, as well as anybody interested in contemporary Hindi films

in their various manifestations.

BollySwar: 2001 - 2010 Param Arunachalam, BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 8 chronicles the Hindi film music of the decade between 2001 and 2010. This volume catalogues more than 1000 films and 8000 songs, involving more than 2000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade - music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films, more than 1500 in all. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its

music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

New Subjects and New Governance in India Ranabir

Samaddar,Suhit K. Sen,2014-03-14 This volume looks at the ways in which governance in the exercise of its strategies also acts as a process of production of subjects. It argues that governance is not a one-sided affair starting and ending with those who rule and govern, producing fiats, decrees, and diktats, but a productive process — one that produces subjects of governance who in turn respond to the process, and make the field of governance a contentious one. Against the backdrop of the first transition of democracy in India from its origin in a colonial polity to the first phase of its independent life after the promulgation of the Indian Constitution in 1950, this volume explores the second transition towards developmental democracy, examining the interrelations between globalisation, development and structures of governance. The volume suggests that while there is need to reflect on the governance of transition, it is important to question how democracy negotiates this transition.
